A gratitying piece of news to those interested in the Transmississippi Exposition was received yesterday-a telegram announcing that the senate of the Illinois legislature had increased the appropriation for an Illinois exhibit at the exposition from \$35,000, the amount carried by a bill which passed the house of representatives, to \$50,000. WORKING AT EXPOSITION GROUNDS.

Contractor Promises to Begin Grad-

ing This Morning. Van Court & Winn, the contractors for the grading of the lagoon on the Kountze tract, have been delayed in commencing grading operations, but expect to get started this morning. They have moved their grading outfit to the exposition grounds and their men are busy putting up the stables and other buildings which constitute a graders' camp. The grading machines and other material is on the ground. The ground has been staked for grading and the work is ready to move with a rush. The exposition ground is the mecca arge numbers of laboring men and for mechanics and the men who are at work are the center of the envious eyes of dozens of men who are waiting for a chance to go to work. The camp of the graders and the gaugs of men building fence form the centers of these groups. The grading contractor Bates against Stanley. Error from Doug-glas county. Affirmed. Opinions by Judge Norval and Commissioner Irvine. The appraised value of the property, and not its actual value proved on the trial, is made the criterion for determining whether a county court has jurisdiction to hear and determine an action of replevin, and where jurisdiction has attached, it continues to judgment, except such court cannot ren-der a judgment for a larger sum than \$1,000 exclusive of costs. Per Norval, J. Harrison concurring. and the foremen of the other gangs are be-sleged every morning by eager applicants for work. As yet but a small number of men are employed, as the nature of the work does not require a large force, but the time is close at band when the necessity for hasta will require the employment of large num-bers of men in all lines of work.

der a judgment for a larger sum than \$1,000 exclusive of costs. Per Norval, J. Harrison concurring. Cockrell against Wood. Error from Lan-caster county. Reversed and remanded Opinion by Commissioner Ryan. A verdict and judgment on a petition by which it was sought to recover the un-paid purchase price of personal property is not sustained by proof that while in fact such payment had actually been made, yet that, by false representations, the defend-ant had induced the plaintiff to pay the defendant an amount equal to the amount of such purchase price. Van Horn against State ex rel Allen. Er-ror from Dodge county. Reversed and dis-missed. Opinion by Judge Norval. When mandamus proceedings are Insti-tuted to redress a private wrong or en-force a private right, the party beneficially interested should be named as relator. 2 A mondamus will not issue to a county board to compel the construction of a drain dich under article 1, chapter ixxxix. Compiled Statutes, where the relator is not shown to be Interested in the Improve-ment, independent of that which he has in common with the public at large. Eddy against German Insurance company. Error from Lancaster county. Affirmed. Opinion by Commissioner Ragan. In order that a plaintiff in a suft against the insurance company may receover an attorney's fee as part of his costs it must The Konutze tract and the large tract lying to the north of it, includ-ing the old fair grounds and Oak Chatham addition, are half a mile in length from east to west. The tract lying east of Sherman avenue is about half a mile in length from north to south. Five miles of fence are re-quired to enclose the grounds and the task of walking over the whole is no small one. The old sheds which have disfigured the fair grounds for many years are being torn down. They will all be removed, including the grand stand, to make way for the palatial buildings in which will be housed the diversified exhibits of the exposition. This north tract will be devoted to the agricutural exhibits, the live stock and irrigation displays and a portion of the ground will be set apart for athletic sporta of all kinds. Here will be irrigated farms on a small scale, and the lovers of live stock will be afforded ample opportunity to gratify their taste. This portion of the ground extends as far north as Ames ivenue

DEMANDS OF PROPERTY OWNERS.

Plan to Secure Passes from Exposition Management.

In order that a plaintiff in a suit against the insurance company may receiver an attorney's fee as part of his costs it must appear. That the judgment is based upon a policy or contract of insurance. The pol-icy must have been written upon real prop-crity and be a contract of indemnity against loss by fire, tornado or lightning and the loss must have occurred without criminal fault on the part of the insured or his as-signs. A slight difficulty has been encountered with the people living along the west side of Twentieth street, between the Kountze tract and Oak Chatham addition. A few of the people living along the west side of the igns. 2. When such a judgment is brought to street refused to consider any kind of a reasonable proposition from the exposition management for the use of their property 2. When such a Judgment is brought to this court on error and affirmed the dis-trict court on receiving and entering the mandate of this court has no authority to allow the insured an attorney fee for services rendered by his counsel in the case in this court or expesition purposes.

When Twentieth street was closed by ac-tion of the city authorities this action vacated the street between the lot lines on without the street between the lot lines on either side. The exposition management, however, not desiring to fence the people in, decided to place the fence along the curb line, thus giving the residents along the pedestrians. This

grounds at all times in order to reach Sher-man avenue. Up to date this very modest proposition has not been accepted. The exposition authorities offered to grade the alley back of these lots and arrange suitable exits for the residents, but they declared that their ultimatum had gone forth. For the present the matter is in statu quo.

WAS DULY SIGNED AND DELIVERED.

Charter Breakers at the Front with Another Canard.

The latest canard relative to the alleged contest of the legality of the new charter is to the effect that the charter was not signed until Tuesday, March 16. A statement that this was the case has been confidentially imparted by some of the individuals who are interested in breaking the charter and the rumor was industriously circulated on the streets yesterday.

t had we tried the issue we ched a contrary conclusion, defendant in an attachment move to discharge such at-the whole or any part of tached, notwithstanding the ad disposed of his interest y prior to its solzure. of fact in a proceeding to attachment is not whether defendant owns the prop-ner his grantee has an unim-or interest therein. As the charter provided that the election should occur on the sixth Tuesday after the bill became a law, the question whether it was signed on Monday or Tuesday becomes important. If it was not signed until Tues-day, as it is asserted, the election should t Bowen. Error from Affirmed. Opinion by 1235 of the Code of Civil Pro-at may, at any time before i reasonable notice to plain-issolve an attachment and the attached property does the defendant or is encumhave properly occurred yesterday and net a week ago.

As a matter of fact there is absolutely no ground for the contention. The charter was signed by the governor and the secre-tary of state Monday night, March 15, and the signed bill was duly deposited at the state house before midnight. The bill was signed at Governor Holcomb's residence about 11 o'clock Monday night. Secretary of State Porter was taken to the executive realdence in a carriage and his signature was affixed about the same time. The party was then driven to the state house and the approved bill was duly deposited in the office of the secretary of state a few minutes before midnight. Senator Howell paid the driver \$5 for this service and himself occupied a sent

on the box in order to see that the bill was pushed through in order that the election might be held April 20. PROBLEM FOR OFFICIALS TO SOLVE.

lature has provided the city is an embara marginal notes, read the rassing one to city officials. The city has no pile the index and as the rooms that are available and the construcrooms that are available, and the construction of a building at this time is considered out of the question. To rent a building that would accommodate the new court would be would accommodate the new could would be almost equally difficult, as the city has no funds for the purpose. The only fund that could be drawn on for this purpose is the general fund, and this is already overtaxed to take care of the bonded obligations that mature from month to month until a new issue of renewal bonds can be made. The two budges who were amounted by

The two judges who were appointed by be governor called on the mayer in regard to the matter the other day, but could not obtain much satisfaction. The matter has not been even informally considered by the ouncil, and it is not likely that it will be akon up by the present administration.

Fencing In the Washouts.

To prevent accidents the street gang has been hard at work since the rains fencing te the stomach, make pure ig nerves, in the only way a do it, and that is, from ome food well digested. It to be store a store a store and the store and the store quire nearly the entire balance the would reup the streets around the numerous washin the curbing, guttering and cleaning fund, and then another storm is likely to put the streets in as had condition as they were before. Commissioner Kaspar says that he will merely fence up the holes and leave them to be repaired from time to time as the men and funds are available.
