# MONEY FOR POSTAL UNION

Means to Provide for the Eutertainment Not Yet Supplied.

CONGRESS MAY MAKE THE PROVISION

Postmaster General Gary Goes Ahead Stendily with His Arrangements, Trusting to the Future for Needed Funds.

WASHINGTON, April 29 .- (Special Telegram.)-The World's Postal Union which meets in this city next week, and to which Mr. Rosewater has been nominated by Postmaster General Gary on behalf of the United States as one of the delegates, will bring together many of the leading representatives of postal referms throughout the world. An interesting fact in connection with this meeting, which will continue throughout the month of May, rests in the lack of funds to properly entertain the delegates. The general deficiency bill which passed congress last session, but which died in the president's hands, carried an appropriation of \$50,000 to defray the expenses of the congress. Owing to the tariff measure the senate appropriations committee has not been able to take up this measure, and there is great fear that it will not become a law for weeks yet, seriously interfering therefore with the or-derly conduct of the meeting of the union, which three years ago was held in Switzer-land. Postmaster General Gary, however is going ahead, in making all arrangements for the comfort of the delegates, feeling that congress will come to the relief of the de-

partment in good season.

Several protests, it is understood, have been filed with the Postoffice department against the appointment of A. J. Shumway as postmaster at Harrisburg, Neb. The allegation is nade that Shumway is a recent convert to rejublicanism.

Major T. S. Clarkson, commander-in-chief of the Grand Army of the Republic, had a meeting with the president this evening to arrange for the appearance of the chief executive at Buffalo in August, on occasion of the national encampment meeting. The president has premised Major Clarkson to be present if possible. Major Clarkson is en-thusiastic over the Grant parade Tuesday in New York, having marched at the head of 8,000 veterans and later reviewing the old boys in blue in his official capacity. He says the parade was the greatest this country had ever seen since the close of the war and, was a fitting tribute to the hero of Ap-

The republican committee has almost con pleted its assignments under the reorganization plan. In addition to the changes here-tofore announced, it has been decided that Senator Kyle shall hold his old place as chairman of the committee on education and Jabor, and that Senator Carter shall become chairman of the census committee to suc-ceed Senator Chandler, who goes to privileges

and elections. Under the new system the silver republicans will hold the balance of power on fourteen committees, and the populists on eleven All parties expect to be ready to have the reorganization consummated next week.
