

SENATE WILL HAVE TO WORK

Some Important Business to Be Brought Forward This Week.

ARBITRATION TREATY VOTE WEDNESDAY

Sanitary Civil Bill, Which Has Been Held Back for Senator Allison, Will Also Be Put on Passage.

WASHINGTON, May 2.—The senate will resume business in earnest Monday, and the week bids fair to be one of important results. According to agreement a vote will be taken on the arbitration treaty on Wednesday. It is also quite probable that the committee vacancies will be filled. Senator Morgan will probably call up his Cuban resolution during the week. The sundry civil appropriation bill may be passed and Senator Hoar has given notice that he will move to have the committee on rules discharged from the further consideration of his amendments to the rules for the limitation of debate.

There is great uncertainty as to the fate of the treaty, and it now looks as if the senate would not accede to it unless the committee report is favorable. There are a few unaccounted votes which will decide the result. A canvass made yesterday shows forty votes certain for the treaty and twenty-five certain against it. Twenty-nine votes in opposition are sufficient to defeat, but the opposition does not know just where these four votes can be found. There will be considerable sparring over the treaty before the vote is taken, but a protracted debate is not expected.

The consideration of the sundry civil bill has been postponed until Senator Allison, who has charge of it in the senate, could be present. If Senator Hoar fulfills his promise to bring up the question of amendment to the rules of the senate, the treaty will be considered by the democrats. Those of them who favor the changes proposed will not assent to them on the eve of the tariff fight.

The new senator from Kentucky, W. J. Debo, will probably be sworn in tomorrow. The house program contemplates an adjournment for three days. Should the conference committee on the Indian appropriation bill report it will be considered. A suggestion to take action on the bankruptcy bill passed by the house is being thought over and may reach some definite shape before the close of the week.

STATEMENTS AS TO THE CURRENCY.

Outings of Gold and Silver and National Bank Circulation.

WASHINGTON, May 2.—The report of the director of the mint shows that during the month of April the total coinage at the United States mints was \$10,458,000. Of this amount \$8,800,400 was in gold, \$1,525,000 in silver and \$14,880 in minor coins. Of the silver coinage \$1,400,000 was in standard dollars.

The monthly statement of the comptroller of the currency shows that on April 30, the total circulation of national bank notes was \$232,892,244, a gain for the year of \$20,700,800 and a loss for the month of \$1,000,000.

The circulation based on United States bonds was \$208,768,549, a gain for the year of \$2,305,310, and a loss for the month of \$599,133.

The circulation secured by lawful money was \$24,023,695, an increase for the year of \$1,258,500 and an increase for the month of \$2,500. The amount of United States treasury bonds on deposit to secure circulating notes was \$232,745,300, and to secure public deposits \$15,212,900.

TARIFF BILL NOT YET COMPLETE.

Full Committee Will Not Meet Today as Intended.

WASHINGTON, May 2.—The tariff bill as amended will not be given to the full committee tomorrow. No meeting of the committee as originally intended will be held. The reason given for this is the absence of Senator Platt of Connecticut, a member of the subcommittee on tariff. Some questions have arisen in the past few days concerning the bill, and it was necessary to consult the Connecticut senator and he has found it impossible to reach the city until tomorrow too late for the meeting which probably will be held Tuesday. The republican members will, in the meantime, continue their efforts to have the democrats fix a time for reporting the bill. The latter in reply have declared that they will enter upon no agreement on this point until they can see the bill and have an opportunity to examine it. The republican subcommittee spent the entire day working on the bill.

TWO NEW GUNBOATS IN SERVICE.

Cruiser Columbia Goes to the Reserve and Other Boats Take Its Place.

WASHINGTON, May 2.—The first regular mail service arranged for an entire year in Alaska has been contracted for by the post-office department, the service being from June 1 to October 31, 1897. The contract calls for one round trip a month, beginning July 1, 1897. William F. Salter of this city is the contractor, the contract price being \$100,000.

New National Bank Authorized.

WASHINGTON, May 2.—Authority has been granted for the organization of the Nazareth National bank of Nazareth, Pa., capital, \$50,000.

FUNDS FOR MINING SURVEYS.

Legislature Furnished Money to the State School of Mines.

RAPID CITY, S. D., May 2.—To the Editor of The Bee: With reference to the article in your issue of April 28 headed "No Funds for Survey Work," South Dakota Falls in to Provide an Adequate Appropriation." The School of Mines has a word to say. You are, to a large extent, misinformed in this matter. As a matter of fact the state legislature did make a very reasonable appropriation for geological survey work, although the appropriation was not for the use of the state geologist, Mr. Todd, but for the use of the State School of Mines. The appropriation for the mining and geological survey of the State School of Mines was \$1,000, that for the state geological survey was \$250. The summer work of the State School of Mines, as commenced two summers ago, consists in the exploration each summer of a certain mining district in the Black Hills, its mapping and a report upon its geology and mining resources. In other words, the work of the School of Mines is eminently practical and useful in its aim, and makes no attempt to embrace purely transcendental. The work seems to have been well received in the Black Hills and to have been of great benefit to the mining industry of the state, which has been the result of the late legislature, which appropriated \$1,000 for the continuation of the work—a sum which, in view of the comparative infancy of these surveys, is abundantly satisfactory to the school.

That these School of Mines surveys serve an important purpose is evidenced by a recent correspondence with the United States geological survey, by which the matter was opened by an inquiry into the proposed survey of the Black Hills. The United States geological survey did not wish to duplicate it, and promise of aid. Still another useful end is served by these surveys, when they are made in connection with the school are enabled to obtain field practice in surveying, geology, mineralogy, etc. The entire neighboring siliceous area, which is the subject of the survey, is a very large tract of land, and a comprehensive report is almost ready for general distribution. Why the state legislature should have seen fit to act more liberally in this respect than toward the work of the state geologist is a matter which we need not discuss. The fact, however, remains that the legislature has not neglected the geological survey of the state, and that body should not be deprived of due credit. Yours, etc.

WEDNESDAY'S WEATHER.

Yesterday's Climate Heals the Friendship Between Them.

The weather man handed out something to the cheering boys and girls that he could be justly proud of when he dished forth the atmosphere that made yesterday a little foretaste of what a "biker's" heaven is like. Nebraska's weather prophet has a stock of climates on hand that is second to none in the world, and yesterday's was a little bit of the best. The boys and girls were all in for it, and they were all in for it. The boys and girls were all in for it, and they were all in for it. CHASED INTO SARPY COUNTY

Deputy Sheriffs Get After a Gang of Prize Fighters.

WOULDN'T LET 'EM MEET AT SOUTH OMAHA

George Malcomb and Bert Ford Finally Settled Their Affairs in One Round After Several Interruptions.

Deputy Sheriffs John Lewis and Tom Davis and Jailer Schand had a merry chase after a batch of prize fighters yesterday afternoon and finally succeeded in running them over the Sarpy county line, where they fought out their affair. The principals were George Malcomb of St. Louis and Bert Ford, an Omaha barber, and they were matched to a finish for the gate receipts. The fight was originally to have taken place at South Omaha, but the authorities here getting wind of the affair, Deputy Lewis and his aides were dispatched to gather them in, but the raid was tipped off by some of the gang before the officers had a chance to catch their net. From South Omaha the pug, with about 200 followers, adjourned to Plead's, but the officers kept right after them and they were compelled to cross the boundary over into the neighboring county. When the officers arrived at Plead's the men had the ring pitched and were about to commence business, but on being informed that they would be arrested they gathered up their paraphernalia and vanished. Deputy Lewis informed the party, however, that he had the names of all concerned and that if they pulled off the fight in Sarpy county and returned to Omaha they would be arrested and prosecuted to the full extent of the law.

ATTACKS WOMEN OF WEST

Hindoo Nearly Creates a Riot in a Public Hall in San Francisco.

IS INVITED TO ADDRESS THE CONGRESS

Subject on Program is "Religion as a Synonym of Education," but He Launches into a Tirade Against His Hearers.

SAN FRANCISCO, May 2.—A Hindoo calling himself the Brahmarishi Bobbahishku nearly created a riot at the meeting of the women's congress last night by denouncing the women of the west as savages and declaring that he had been insulted. The women's congress, a gathering of bright women from all over the state, has been in session here all week. The Brahmarishi Bobbahishku has been a picturesque figure at all of the meetings. Attired in a flowing gown of yellow silk and wearing a huge turban, his appearance was very striking. The women have made much of the man from India, who has posed as an example of humility and gentleness and last night he was invited to speak on the subject of "Religion as a Synonym of Education."

Instead he stepped forward and in unqualified language attacked the congress, its motives and the honesty of its members. He called the women of the west savages and declared that he had been insulted. He announced that he had been insulted, because he was avowed on Thursday evening his flowing silk robes had been pulled by the congress women. He was talking—pulled, he said, to insult him because he was telling the truth in opposition to the "horrible and foolish doctrine of hereditarianism."

Bobbahishku attacked women in general. He called them dishonest and said: "The women of the west are savages. Will you tell me what is the difference between the Indian who puts war feathers in his hair, and the woman who puts feathers and flowers in her hair?"

MISSIS A MILLION FEET OF LUMBER.

Sensation for Investigation at the Frankfort Penitentiary.

FRANKFORT, Ky., May 2.—The senate passed today a resolution providing for an investigation of the local penitentiary several weeks ago, will resume operations with a vim tomorrow. A big sensation, involving a number of prominent men, has been sprung at the prison today. This time it is a money and not a scandal affair in the name of the prison officials. It has been discovered by the grand jury that the prison is short 1,000,000 feet of lumber, worth \$17,000, and that the lumber has been used by the oldest residents in the county. The lumber was used for the construction of the prison. The lumber was used for the construction of the prison.

SEAR STEAMER TOWED INTO PORT.

Tail Shaft Breaks, Propeller Is Lost and Sails Are Blown Away.

LEWIS, Del., May 2.—The German steamship Johanna of Philadelphia, with 150 tons of sugar, from Rosario for the Delaware Breakwater, arrived tonight in tow of the Austrian steamer Pandora, from Santos via Barbados, for New York. On April 21 the Johanna broke her tail shaft and lost her propeller. She lay for six days without making any headway. The sailing master, under sail she got all her sails in a north-easterly gale, then she lay entirely helpless until the 27th, when the Pandora arrived and took her in tow. The Johanna experienced very rough weather. The hawser broke three times, compelling the Pandora to lay by and await a favorable opportunity to make it fast. She succeeded finally in towing the disabled ship 600 miles to the breakwater, supplying her with provisions on the voyage.

STRIP AND WHIP MORMON ELDERS.

Montgomery Religious Partisans Punish Men of Another Faith.

MONTGOMERY, Ala., May 2.—One night last week some religious partisans in Montgomery county carried into the woods, stripped and severely whipped two Mormon elders. The elders subsequently appealed to Governor Johnson for protection, representing that they had been threatened with death if they remained in the state. The governor has granted them the guarantee of religious liberty and that the Mormons are entitled to it. Moreover, the elders in this state teach the bible and refrain from preaching polygamy. He said he was sure that an inspired writer should not lay them liable to persecution.

MARRIES HER A SECOND TIME.

Ex-Mayor Magowan Overcomes Possible Legal Objection.

TRENTON, N. J., May 2.—Ex-Mayor Frank Magowan, who made his appearance in Trenton last night with Mrs. Barnes and insisted her in the mansion adjoining the city hall, gave out a statement tonight that he and Mrs. Barnes were married a second time in December last in Camden. He said the marriage was performed by Justice of the Peace Evans. Mrs. Barnes' second husband, George Magowan, was a brother of W. P. Drury, state geologist under Governor Alcock.

Thought to Be Insane.

Mr. James Green, living at 1409 William street, called upon the family of Fred Lambert, 811 South Thirteenth street, yesterday afternoon and acted so queerly that her mind was supposed to be temporarily deranged. She was taken to the police station pending an examination by the insanity commission.

Big Day for Customs Receipts.

NEW YORK, May 2.—There was a big rush of importers yesterday to pay duties, and the receipts reached \$2,408,429, a record exceeded only on two days in the history of the customhouse. The "barren" day paid yesterday only on sugar and tobacco.

Old Man Murdered by His Son.

INDEPENDENCE, Kan., May 2.—The murder of an old man by his son is reported from Nowata, I. T., the victim being John Riley, 69 years of age, whose place, two miles east of Nowata, is widely known as "the old Riley farm." Jim and Lewis Riley, his sons, aged 22 and 20, came home drunk and were engaged in a desperate fight. When the father attempted to separate them Lewis drew a gun and fired two bullets into the old man's body, killing him instantly. Young Riley fled and is being hunted by a posse of citizens.

DRAINAGE DITCH MAY BE DUG.

Platte Bottom Property Owners Move in the Matter.

FREMONT, May 2.—(Special.)—Since the decision of the supreme court that the Board of Supervisors of this county was not compelled to put in a cut-off ditch west of Ames, is circulating a petition among the property owners of the Platte bottom, asking the proposition to construct a cut-off or other drainage ditch to be strongly agitated. The ditch already dug has east of them and much of the lands west. R. M. Allen, manager of the Standard Cattle company of Ames, is circulating a petition among the property owners of the Platte bottom, asking the proposition to construct a cut-off or other drainage ditch to be strongly agitated.

Very Pleasant May Party.

EKATER, Neb., May 2.—(Special.)—The largest and probably the most successful church social ever held in this town was the May day social by the Congregational folks, at the residence of Mr. and Mrs. W. H. Taylor, the great attraction being the grand queen, fairies and other attendants. Miss Anna Burkett was the queen, and made a most successful and interesting appearance. The celebration was held at the residence of Mr. and Mrs. W. H. Taylor, the great attraction being the grand queen, fairies and other attendants.

AMUSEMENTS.

Fare comedy always attracted an enthusiastic crowd in Omaha, and the opening of "A Railroad Ticket" at the Creighton yesterday demonstrated the fact. Louis Wreley and Marie Stuart present the piece and are assisted by a number of exceedingly clever specialty artists. A leading feature of the performance is the number of excellent vocalists. "A Railroad Ticket" is an exaggerated exhibition of the tricks of the railroad ticket brokers, and throughout the plot is only of the most successful and interesting nature. The appearance of the song and dance artists, a splendid quartet, clever character turns and a host of good things.

LOCAL BREVITIES.
