

HARVEST FOR THE LAWYERS

Citizens Plead Various Excuses Why They Should Not Serve as Jurors.

MAY TERM OF DISTRICT COURT CONVENES

Yesterday's Session Is Given Over Largely to the Arrangement of Parties Charged with the Commission of Crime.

Yesterday was the opening day of the May term of the district court of Douglas county and the court house presented a busy scene.

A number of prisoners who have been confined in the county jail awaiting trials for various offenses were assigned to answer to the complaints filed by the county attorney.

The two boys referred to were Fritz Swanson, aged about 15 years, and Frank Gorman, aged about 13, both of whom were charged with arson.

Charles Davis, one of the Davis gang of burglars and petty thieves, was charged with entering the barn of D. G. Doane in the night time and stealing harness and other articles.

Frank Spencer and Frank Kelpin were charged separately with stealing a Union Pacific freight car on the night of March 16 and stealing a box of butter and a box of drugs.

Stanley Day and Fritz Swanson were charged separately with breaking into a Union Pacific freight car on the night of March 16 and stealing a box of butter and a box of drugs.

Charles Hoene was arraigned on two charges, one being a charge of grand larceny in stealing a wagon belonging to William Worthington, and the other charge being horse stealing.

Harry Glover was charged with burglarizing the shop of A. M. Lester, March 22, and stealing a jug of whiskey and 1900 2-cent stamps.

William H. Malloy was charged with robbing John W. Maxey of \$1,115 April 2.

The old case in which the city has tried for years to get possession of the lot at the northeast corner of Ninth and Howard streets is about to be opened up again.

The contest over this lot has been in court for a number of years, a portion of the ground having been occupied for years by a couple of women who claimed possession by virtue of an alleged deed.

It is alleged that the defendants contracted to construct a creamery building for the plaintiffs and install suitable machinery, a bond being given to guarantee that the machinery would be capable of doing good work and making good butter and other creamery products.

It is alleged that the defendants contracted to construct a creamery building for the plaintiffs and install suitable machinery, a bond being given to guarantee that the machinery would be capable of doing good work and making good butter and other creamery products.

TENDERS HIS RESIGNATION

Used All His Private Fortune to Support the School.

DR. DOHERTY LETS GO AT BROWNELL HALL

Financial Condition of a School for Young Women Is Such that the Rector Is Compelled to Quit.

Dr. Robert Doherty, rector of Brownell hall, and who has since its inception been at the head of that institution, has resigned and will sever his connection with the school on June 20.

The resignation of Dr. Doherty comes at the culmination of a series of financial difficulties which have marked the conduct of Brownell hall since the era of business depression set in three or four years ago.

From an average annual attendance of 140 the number of young women attending the institution has become less and less each year until at present there are but fifty on the rolls.

The institution is maintained entirely from its own resources and the light attendance does not furnish the revenue necessary to meet the expenditures.

Not being able to meet the deficiency from his own resources any longer, Dr. Doherty, at the last meeting of the board of trustees, made a full settlement and tendered his resignation to take effect on June 20.

Whether the school will be maintained longer depends entirely upon the action of the trustees.

Present trustees are Bishop Worthington, Herman Kouritz, J. M. Woolworth, Chamberlain S. Chase, E. W. Doane, and J. P. Hawkins, the latter being a resident of Washington, D. C.

Brownell hall was established as a private school for young women. Although it has been nominally under the control of the Episcopal church since its foundation, it has always been conducted by Dr. Doherty, who assumed all financial obligations.

Dr. Doherty assumed all financial obligations, expenses and reimbursed himself from the receipts. When there has been a deficiency in the revenue he has made up the amount from his private resources.

In an interview with The Bee yesterday Dr. Doherty stated that he had given twenty-two years of his life and his private fortune to the school.

He had nothing to regret, however, and felt that the education of the young women of the west. Since his connection with the school he has built it up from a small wooden structure on Sixteenth street to the present magnificent buildings on South Tenth street.

The institution is elaborately equipped and furnished. The buildings modern in every particular and the physical condition of the property excellent.

When the school was founded a number of years ago Dr. Doherty furnished it from private resources and at an expense of \$15,000. He only tenders his resignation, he says, because he feels that he cannot bear the burden of financial responsibility.

It is proper to state that no other reason exists for Dr. Doherty's resignation. As an educational institution, Brownell hall has been a success. Since its inception it has graduated 1,000 young women, many of whom are equipped for educational work of the best grade.

His chemical laboratory, museums, music and art departments being especially complete. If the trustees will consent to assume the financing of the school Dr. Doherty will be willing to continue at its head.

THEY OBJECT TO JURISDICTION. Dr. Doherty's resignation was accepted by the board of trustees.

FIGURING ON ARTESIAN WELLS

Plan to Bore for Water at Exposition Grounds.

The Department of Public Buildings and Grounds of the exposition will sink an artesian well on the portion of the grounds to be used after the exposition as a public park.

It is anticipated that this well, with one or more additional wells to be sunk hereafter, will supply all the water required for the lakes and lawns of the exposition grounds.

This action was authorized at a special meeting of the executive committee held at the Commercial union yesterday.

Manager Kirkendall being instructed to enter into a contract for the sinking of one well at once.

It has been demonstrated beyond a reasonable doubt, by well just completed on the property of the Omaha Brewing association just south of the exposition grounds,

that there is an abundant supply of water in that portion of the city, and it is also shown that the water is of exceptional purity.

It is estimated that two or three of these wells, with the flow which can undoubtedly be secured, will supply the lakes and lawns with clear, sparkling water.

This water will also be of such a character that it will undoubtedly be sought after for drinking purposes.

The High school students will be allowed to use the old gymnasium May 21 for their field day exercises.

The Associated Cycling club will hold its annual meet on the old fair grounds, May 20.

The company will be devoted to increasing the fund for a cinder path to Florence.

The first application for space which has been received is from a woman who desires to make an exhibit of Rocky mountain flowers and wild grasses.

Colorado is making a fairly good showing in the exhibit, and the applications having been received from that state.

ADVERTISEMENTS AGAINST ANY CHANGE. Rathbun Thinks Railroad Tracks Should Stay Inside of the Grounds.

C. M. Rathbun, superintendent of the western division of the Missouri Pacific, is in the city. Speaking of the proposed removal of the Missouri Pacific tracks from the north part of the exposition grounds Mr. Rathbun states that he does not believe that the exposition management is serious in regard to the project.

He thinks the company will be devoted to increasing the fund for a cinder path to Florence.

SUDDEN DEATH OF TEAMSTER

Physician in Charge of the Case Attributes the Demise to Peritonitis.

SUSPICION THAT LEWIS DRANK POISON

Demise Follows Closely Upon His Drinking the Contents of a Bottle Found at the Old Boyd Theater Site.

Al Lewis, a colored man who resided on Fourth, between Center and Hickory streets, died last Saturday under circumstances which lead some of the people acquainted with the case to think that his demise may possibly have been the result of poisoning.

Lewis was a teamster in the gang that is being employed in clearing the debris from the old Boyd theater site at the corner of Fifteenth and Farnam streets.

Last Thursday the workmen engaged at the spot over which Jack Woods' saloon used to be unearthed a quantity of bottles containing wines and liquors.

As soon as the find was made known Foreman Case cautioned the workmen not to touch the liquid, as it was not known what the bottles contained.

As a further precaution, he removed the force from the place where the bottles were found.

Despite all this precaution, however, it is stated that Lewis opened one of the bottles and partook of the contents.

Shortly after Lewis drove off with a load of brick. He did not return with his team, and upon investigation, it was learned that he had been taken suddenly ill.

He was removed to his home and a physician was summoned. Despite all this precaution, however, Lewis died two days later.

THE PHYSICIAN IN CHARGE OF THE CASE did not know the circumstances at the Boyd theater site and therefore came to the conclusion that the man had died from peritonitis.

CONVENTION OF REAL ESTATE MEN. Representatives from Four States.

A meeting of prominent real estate agents from Iowa, Indiana and Illinois, together with representative men from all parts of Nebraska, will be held at the Commercial club rooms on Wednesday and Thursday of this week.

The real estate men will be brought to Omaha by the B. & M. Railroad company.

The meeting being arranged by that company will be to continue the plan inaugurated last year of bringing the real estate men of Nebraska in closer touch with men in that business in middle states from which Nebraska draws the larger part of its new population each year.

SEWER AND WATER CONNECTIONS on South Sixteenth Street.

Secretary McClintock of the Board of Public Works is doing a land office business in sewer and water permits.

The prospective repaving of South Sixteenth street makes it advisable for property owners to put in their connections at once and the demand is so brisk that the secretary has his time entirely occupied making out the permits.

The permits are in blank, but the various details in each instance must be written in, and as the permits are issued in quadruplicate, this cannot be done in a minute.

In more prosperous times a permit clerk was employed especially for this class of work, but now the secretary of the board is compelled to do it in addition to his usual work.

Beocham's pills—No equal for constipation. Rock Island Route. City ticket and freight offices, 1323 Farnam street.

To the Memory of Charles H. Brown. When court opened in Judge Powell's room yesterday, several attorneys being present, C. A. Trautman suggested the death of Charles H. Brown, a member of the Douglas county bar, and moved the court to appoint a committee to prepare resolutions to be submitted to the board of directors of the Douglas county bar on Saturday of this week in memory of the deceased.

Mr. Baldwin made a few remarks suitable to the occasion, after which Judge Powell appointed the following members as the committee directing the committee to report to the court in court room No. 1 at 9 a. m., Saturday of this week: John D. Howe, chairman; M. Woolworth, Baldwin, B. E. B. Kennedy, J. O'Connor and George B. Lake.

Corn for India. OMAHA, May 3.—To the Editor of The Bee: A week ago, when Dr. Talmage was here, I pledged that the People's church would give 100 bushels of corn for India—the sum of \$20. I am now in hopes we can make it.

Not everyone can go South for March, but almost everybody can spend a dollar or two for Scott's Emulsion of Cod-liver Oil.

If you have got a lingering cough or are run down; are weak and exhausted by reason of the Grippe, ask your doctor if Scott's Emulsion isn't just what you need in the emergency.

The combined virtues of the Cod-liver Oil, the Hypophosphites and Glycerine as prepared in Scott's Emulsion will give you flesh and strength rapidly and help you back to health.

THE PURE MALT WHISKEY. All Druggists.

DRUNKENNESS. It can be driven without the knowledge of the patient in coffee, tea or articles of food, will effect a moderate and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck.

DR. MOGREW. SPECIALIST IN ALL PRIVATE DISEASES. Men Only.

At all times Safe and Satisfactory.

For Wheelmen

We carry a complete line of clothing for wheelmen—from cap to shoes—from hose to sweater.

We sell them cheaper than such goods are ever sold because we carry them more for accommodation than for profit.

The prices we ask hardly pay for the net cost of handling. But the wheeling season doesn't last all year and wheelmen dress up in the walking season—the season of shirts and gloves and dress-up suits and overcoats.

Therefore, if we sell you an outfit complete, or part of one, for half what you expected, you will know it's because we want you to remember us in the dressy season.

Shoes—\$1.25, \$2.00, \$2.50—Just a dollar a pair less than they ought to bring.

Hose—25c, 35c, 45c—no higher. Go somewhere else and pay \$1.00 for Hose no better.

Belts—20c, 25c, 35c, 50c, 65c—narrow, medium and wide—worth up to \$1.00.

Sweaters—Two kinds only—\$1.00 and \$1.10—black, blue or maroon—the usual \$1.50 quality.

Caps—Every style and color that is worn—50c up to 45c.

Pants—Good all wool Pants, \$1.00—best made Pants, \$2.00—English Corduroy \$1.75.

Suits—We sell an all wool Bicycle Suit for \$3.50—we will give you a better suit for \$4.00—between these two prices we save you \$1.00, \$2.00, \$2.50 on any suit you buy from us.
