SUCH A MOVE LIKELY TO HELP GREECE

Col. Vassos Declares that Union Between Greece and Crete is an Actual Fact—Oligarchy to be Restored.

ATHENS, May 9.—The correspondent of the Associated press learns on the best of authority that Greece has made a written application to the powers to use their best efforts to reorganize her forces.

The Porte is inclined to support the powers, with a view to the facilitation of negotiations, but it declines to consent to an armistice on the ground that this would enable Greece to reorganize her forces.

A dispatch from Salonica home and it is probable that Osman Pasha has returned to Constantinople from Salonica. In view of both facts it may be assumed that nothing serious is expected, but the continuance of a state of war is regarded as the very best means of hastening the efforts of diplomacy.

Without doubt hope has been kindled in Turkey that the Ottoman government might annex Thessaly and restore the old frontier of 1831, but the sultan is not inclined to risk such a step.

A dispatch from Constantinople yesterday says that Crown Prince Constantine is still at Salonica, and that General Smolenski is still in the vicinity of Nesebar.

An Italian vessel arrived at Almyros. A dispatch says that the exodus of inhabitants from Demokos, Lania and the surrounding country continues.

The telegraph is working to Demokos and the latest dispatch from that point says that the Turks are half way between Pharsalia and Demokos.

In the course of an interview today Colonel Vassos said: "The union between Greece and Crete is now an actual fact."

ST. LOUIS, May 9.—The twenty-seventh annual festival of the North American Gymnastic union, or Turnbund, closed today after a most successful meeting of four days and prizes were awarded to the visitors.
