Done to Avoid Interference with LINCOLN, May 27 .- (Special.)-This morn-

ing County Attorney Munger received a dispatch from C. J. Smyth, attorney general, which said: "Please dismiss at once Bartley's cage, Wire when done." Before following the instructions contained in the telegram Mr. Munger called up the attorney general at Omaha by telephone and talked the matter over. Being informed that the district court at Omaha had overruled th motion of the defense to quash the informa-tion against Bartley and that it was expected a plea in abatement would be en-tered based on the allegation that a criminal charge covering the same offense has been filed in Lancaster county, the county attorney agreed that it was proper to dismiss the case here, in order that it could not stand in the way of the Douglas county case. The formal information was filed and the case was then dismissed without prejudice to future action. The motion made by the

county attorney was as follows: Now comes the county attorney, Thomas C. Munger, and on request of the honorable attorney general, C. J. Smyth, moves the court to enter a noile prosequi in the above case without prejudice to a new prosecution. The request of the attorney general is hereto attached.

The complaint dismissed today covers the embezzlement of various sums amounting to a total of \$530,000. Of this amount \$181,000 is covered in the case brought in Douglas

RUIZ INQUIRY IS STILL DELAYED. Doubtful if Any Individual Responsi-

billity Will Be Fixed. HAVANA (via Key West), May 27 .- The Ruiz committee of inquiry has not resumed its formal sessions, pending the translation of the proceedings, copies of which in summary, with the various declarations at tached, are already in the hands of Mr. Fishback and the official stenographers and are being transcribed under Mr. Calhoun's super-

Few, if any, new witnesses will be called. Taking the written record as the basis the opposing counsel, it is understood, will make their exceptions and raise any legal point they may have to note as they proceed. It is expected that the committee in its report will make clear that the treaty was violated, and that Ruiz came to his death in some violent manner while illegally held incommunicado, but it is doubtful if an individual responsibility can be fixed on any one. In fact, no attempt will probably b made to do this, owing to the difficulties in the way of obtaining any new testimony on this special point. The American mem-bers of the commission seem confident that the finding will be so fair as to morall back up Consul General Lee's report on the case and at the same time to fustify the claims of the widow of Dr. Ruiz for damages from Spain.

Rellef for destitute Americans is being distributed. Consul Brice of Matanzas and Consul Baker of Sagua have received money enough from General Lee to relieve immedi ate necessities as regards food, medicines and clothing. In this way some 700 are reached at once. In Havana similar steps are being taken by the consulate, and it is eafe to say that at least 1,000 persons, the greatest part of them naturalized Americans, have been benefited by the appropriation. Some of these will be sent to the United States. About 1,000 insurgents are concentrated have been for some days. It is reported that an expedition has landed nearby.

TO CONSULT ON CUBAN AFFAIRS Important Conference to Be Held to

Philadelphia Next Week. PHILADELPHIA, May 27 .- It is definitely settled that the most important conference vet held in America in connection with the Cuban cause will assemble in Philadelphia some time next week. General Palma will preside. With him will be Quesasa, the charge d' affaires. They are coming here said, to prepare plans that may mee with the entire approbation of the admin istration at Washington. It is said that as soon as John Sherman became secretary of state he sent for Quesada. That interview has had more to do with the coming conference than any one thing that has occurred in Cuban affairs since the inaugura. tion of the war two years ago. To some i seems to mean that the autonomy of Cuba demanded. To the extremists it an pears that independence and then alliance with the United States will be the result. Combined Attack of the Land and Naval Forces. HAVANA, May 27 .- It is officially announced that a Spanish force under General Godoy and Colonel Struch, consisting of the Reina, Veragua and Aragon battallons, acting in conjunction with the boats of the gunboat Armendariz, has inflicted severe loss upon the insurgents in the vicinity of the river Gayaguaieje, in Pinar del Rio. The Spaniards engaged the enemy at Sienras Animas, El Cuzco and Brujo, destroying a number of ships, capturing ten boats, a quantity or arms and s,000 cartridges. The insurgents left seventy-seven killed and are reported to have carried away the bodies of many more. The Spanish forces, it appears, lost five men killed and had twenty-seven

HARVARD, Neb., May 27 .- (Special.)-

This city has been in a state of educational excitement during the past week on account of the closing exercises of the public schools. The work of the year was com-pleted on Friday last. On the evening of that day an entertainment was given by the grades, in which all grades below the High school participated. Although a severe storm raged during the early part of the evening, the house was packed with an interested and appreciative audience. On Sunday evening Chancellor MacLean delivered the address before the graduating class. The house was filled to overflowing. The chancellor was in his most happy mood and those who had the privilege of listening to him will not soon forget his earnest, masterful appeals for broader views of life and higher, better, to the class day exercises. Commencement exercises proper were held on Tuesday evening. A full hour before the time for opening the house was packed and many had to go away for want of room. The stage was beautifully decorated with flowers the class motto and draperles of lay ender and white, the class colors. The class consisted of nine members, two boys and seven girls. On Wednesday evening the banquet given by the Alumni association

closed the round of entertainments. CHADRON, Neb., May 27.—(Special.)—The '97 class of the Chadron High school, which will greduate on June 4, is composed of the following members: Guy Benham, Oscar Abe Swensen, Inez Houghton and Esther Mason. The commencement exerises, under the direction of the superintendent of the city schools, Prof. W. E. Fee, will be held in one of the opera houses on the night of the last day of school. WAHOO, Neb., May 27.—(Special.)—The junior class of the High school gave a reception and banquet to the graduating class of the High school at the residence of Thomas Killian in this city last evening. The graduates were conveyed to the house carriages provided by the juniors. The esidence was tastefully decorated. A number of excellent toasts were given and choice music was furnished. Tonight will occur the graduating exercises at the opera house and lovernor Holcomb will speak to the graduates. A list of the graduates is as follows: Elizabeth Carlisle, Anna A. Carlson, Emma R. The crime of which McConneil is convicted was perpetrated March 21, the fire being started in the rear end and on the second floor of a building on lower Court street. At the time McConneil was arrested he made a written confession, in which he admitted that he had started several fires in different parts of the city within a few months of the time of his arrest. Upon trial the defense tried to prove that the authorities terrorized him into making the confession. McConneil is only 18 years of ago

CLARKS, Neb., May 27.—(Special.)—A nice rain fell here last night, wetting the ground thoroughly. This section has been very fortunate so far this season. Heavy rains have come just about the time they were most needed and the outlook for the crops could not be better.

DAVID CITY, Neb., May 27,-(Special.)-This vicinity was visited by a heavy thunder storm last night. It rained from 10 until about 4 this morning. During that time a little over two inches of water fell. Sharp lightning played throughout the heavens and one bolt struck the residence of E. P. McCollom, shattering the chimney, tearing up the roof and shaking up things genthe class colors and potted plants and vines erally in the house. The inmates were were in profusion. nipped by the frost last week. SHELBY, Neb., May 27.—(Special.)—A heavy rain came down last night. Even after the recent rains the ground was covered with hard clods, which rendered it difficult for oats and corn to come up. the clods are gone and the crops have a fine prospect. Wheat, rye and barley have a fine prospect. Wheat, rye and barley have been growing nicely right along.

FREMONT, Neb., May 27.—(Special.)—
There was a light shower here this after-

noon, which laid the dust. The top of the ground is very dry and all crops would be benefited by rain. Small grain is doing well. The acreage is about the same as usual, except perhaps more wheat. The acreage of hemp will be smaller this year than last. The rains this spring spoiled about 200 acres of hemp for the company. The mill is now running night and day and will probably ake between two and three months longer to inish up the crop.

SHELTON, Neb., May 27 .- (Special.) -A nice rain of about one-half inch fell here between 1 and 2 o'clock this morning, which was much needed by small grain. Crops never were better at this time of year. FARNAM, Neb., May 27.—(Special.)—Copious rains at this season of the year are unprecedented in this locality and there has been none for a period of nearly five weeks Farmers are fearful that a drouth is in prespect. Corn planting is finished, practically, and the crop is growing well, hindered only by the somewhat cold nights Small grain is the only sufferer for lack of moisture and even that is not seriously affected. The meteorological record of the past ten or twelve years shows that from May 28 to June 3 an abundant rainfall has visited this locality. The earth three inches below the surface is moist and in perfect condition. Most close observers are sanguine of success for this year's crop effort.

He got into a quarrel with the proprietor of the club. A. W. Campbell, who threw him out into the street. He then began making accusations of an uncomplimentary charac-ter about Julius Langhorst, a real estate agent of this place. Mr. Langhorst en-countered the man in front of Vick Bros.' tore and after a few words Langhorst pushed him through one of the large glass win-dows of the store. A piece of the glass stuck in the man's throat, cutting him badly.

Mr. Langhorst pulled the glass out and the man was taken to the doctor's office and his wound dressed. There were no arrests. Ship Their Cattle to Chicago. A THE REST OF THE PARTY OF THE AMUSEMENTS.

COMPANY OF THE PROPERTY OF THE Last evening at the Creighton theater Prof. George F. Gellenbeck's Banjo, Mandolin and Guitar orchestra gave a concert in the presence of a fairly large audience. Mr. Gel. lenbeck was assisted by members of A. O. Mueller's Zither orchestra, by little Madeline Davis and by Mr. Alfred A. Farland, who was advertised as the world's greatest banjoist. It is but just to Mr. Farland to say that upon his instrument he is an artist. This Mr. Farland proved last evening. The banjo is, in the hands of the average player, a colorless, soulless instrument, but Mr. Farland draws from it tones as tender and sweet as ever come from the mandolin or guitar. To be sure, he has a card up his sleeve in the form of an invention of his own, which consists of an appliance inside the head of the instrument that presses up on the feet of the bridge and neutralizes its pressure on the drum. This is managed by a sort of stop in the rim Charles Hollinger, who shot as the batts yesterday, was today fined \$5 and as he holds the instrument in playing it. IMPOSING CEREMONY AT ST. PETERS Great Cathedral Crowded to Its Utmost Capacity and Hluminated by Thousands

of Candles.

ROME, May 27 .- The canonization today of the Blessed Zaccaria, founder of the order of Barnabites and of the Blessed Fourier Matainitour, surnamed the "Apostle of Lorraine," was the most impressive ceremony witnessed at St. Peter's since the abolition of the temporal power of the popes, the only difference in this morning's ceremonial and that which occurred under the sovereignty of the pope's, being that the external gates of St. Peters' were closed and that tickets of admission to the cathedral had to be ob tained.

The huge basilica was thronged. Accord ing to estimates, 40,000 persons were present The approaches to the church were lined by Italian troops. Inside the building were the pontifical gendarmes and the Swiss pontifica guards. Young men belonging to the differ ent societies under the direction of the pon tifical chamberlains acted as ushers. From as early as 6 o'clock in the mornin

in toward the basilica, and by 8 o'clock St Peters was crowded. Its interior was aglow with the lights of thousands of caudles which a force of 300 lay brothers commenced light ing at the apse, where the pontifical throne, surmounted by an immense picture of the Holy Trinity, was surrounded by banners depicting the miracles wrought by the Blessed Zaccarla and the Blessed Fourier Soon after 8 o'clock the strains of "Av Maria" heralded the approach of the in augural procession from the Sistine chapel It was headed by representatives of the mendicant and monastic orders, and was typical of the entire ecclisatical orders from the students to the prelates, patriarche and cardinals culminating in the venerable figure of the supreme pontiff, Leo XIII, the Zodia Gestatoria, attended by the bearer of the traditional flabellum. His holiness wor the pontifical tiara; in his left hand he car ried a lighted candle, and with his right han he blessed the people while traversing the nave. The procession halted at the altar of the Blessed Sacramento to permit of the pope making adoration. Then after the pon tifical noble guard had presented arms, hi himself upon the throne, on the steps which were grouped twelve assistant arch bishops and bishops. The assembled dignitaries of the church made the customar, obeisance to the pontiff, the cardinals kissing his feet. This ceremony completed, the dignitaries of the church took their places I the stalls. The side seats of the apse were occupied by the princes and patricians of Rome, the knights of Malta and the members of the diplomatic corps.

DETAILS OF CEREMONY. The ceremony followed. It was divided into three parts, namely, the request of the pope to grant the canonization, the proclama-tion canonizing the blessed zaccaria and the blessed fourier, and the pontifical mass Cardinal Gatenaio Aloisis-Malto, perfect o the congregation of Sacred Rites the adv cate of the cause of canonizing, formally de of the blessed zaccaria and the blesses blessed fourier be inscribed on the roll of instantius and instantissimo.

After mass the procession returned to the vatican in the same order as it came, an subsequently the great gates of St. Peters were opened in order to permit the genera public to view the decorations.

HUNDRED MILLIONS FOR THE NAVY Committee of French Chamber Agre

to Lockroy's Proposal. PARIS, May 27.-The big naval scheme proposed last December to the budget commission by Eduardo Lockroy, formerly minister of marine, calling for the sum of 100,000,000 france over and above the regular expenses, has been endorsed by the naval committee of the Chamber. The carrying out of this scheme will mark a new parture in French naval affairs. M. Lockroy's criticism of the condition of the navy was received by the committee in secret syssion, but it is said he called attention t three weak points in the French navy requiring prompt attention. In the first place he is said to have pointed out that the boilers of the ships now in commission are defective and were constructed on a system hastily adopted in 1890 before they were thoroughly tested; in the second place that the condition of the battleships for coast place, that recent improvements in projectiles with extraordinarily high bursting charges have so revolutionized nava architecture that the present protective armor has become obsolete.
