The forerunner of a train of evils, which too often culminate fatally, is inactivity or ethargy of the kidneys. Not only is Bright's disease, diabetes, gravel, or some other dangerous integral disease of the organs themselves to be apprehended, but dropsical diffusions from the blood, rheumatism and gout, are all traceable to the non-removal from the blood by the kidneys of certain impurities. Hostetter's Stomach Bitters depurates the blood, renders the kidneys active and prevents their disease.
