Governor Robert Smith of Montana was in the city an hour today. He is en route to Kentucky to visit relatives and stopped over and motion to quash in the case of the state bere to make a social call on Governor Holof Nebraska against Eugene Moore was held in Judge Hall's court today. The arguments occupied the entire day, and the judge has reserved the announcement of his decision placing of Canadian county, Oklahoma, north until Tuesday morning. The main point of the line, heretofore established. upon which the defense relies and upon which the argument was made today is that Moore, as auditor, had not a legal right to receive money from the insurance companies. It was contended that the state treasurer alone is the proper officer to receive all fees alone is the proper officer to receive all fees and receipt for the same, and that the only action which could lie against Mr. Moore was one in which one or more of the inzurance Lincoln; W. C. Kelly, Omaha: Captain R. companies who had paid fees for certificates O. Phillips, Lincolu; John T. Mailalieu, Kear-to Moore might appear as plaintiff. The rey; Hon, William F. Bechel, Omaha; Ed attorney general appeared for the state, while William Reed of Madison, Harry Brome of Omains and Judge Field of Lincoln con-

ducted the argument for Moore. PRINTING CONTRACTS AWARDED.

The State Printing board advertised for bids for printing the house and senate jour-nals, session laws and other supplies, under the provisions of the old law, ignoring the new law to govern the state printing vich was passed by the last legislature. The time was passed by the hast legislature. The time set for opening the bids, as set forth in the ndvertisement, was May 30. This being Sun-day the board of course took no action. Monday was a legal holiday, and the opening of bids was adjourned until Tuesday. On that date the board announced that all bids Christiansen, Fremont, that date the board announced that all blds were rejected, and that new ones would have to be made. It was decided, however, that a new advertisement for blds would not be required. In the meantime one or two of the bldders were allowed to see the blds already in. Today new blds from all the parties were opened, the contracts being captured by the State Journal company and Jacob North & Co. The Journal company prints 2,000 copies of the house journal for \$1 per page; 2,000 copies of the senate journal for \$1 per page; 2,000 and 5,000 copies of the sension laws for \$2.95

the house journal for \$1 per page; 2,000 copies of the senate journal for \$1 per page; 2,000 school laws at \$2,28% per page; 10,000 in-surance laws at \$2,28% per page; 10,000 corporation laws at 68% cents per page; 10,000 corporation laws at 68% cents per page; 200 building and loan association laws at 51 cents per page; 4,000 election laws at 51 per page. The largest items in the contracts let today are the house and senate jaurnals and the session laws. Two years ago Jacob North printed 2,000 copies of the senate journal at \$2.40 per page, 1,000 copies of the house journal at \$2.10 per page and the Omaha Printing com-pany took the contract of printing 5,000 copies of the session laws at 55.45 per page. The bids opened today were from the State Journal company, Jacob North & Co., Reca Printing company, and the Fremont Tribune. On the braska Newspaper Union, Lincoin Independ-ent, Woodruff & Dunlap, Lincoin Frinting company and the Fremont Tribune. On the bruske and senate journals the bid of the

company and the Fremont Tribune. On the house and senate journals the bid of the Lincoln Independent was just 1½ cents house.

nificant symptoms are forerunners of the most violent disease. There is not a more destructive disease than Cancer, and in a majority of cases it is first indicated by a very small pim-ple or sore, to which no attention is attracted, until it before long develops into the most alarming conditions.

Here is another case where the first symptoms of a most violent Cancer were too small to receive much notice until the disease had fully developed. Mrs. Laura E. Mims has resided at Smithville, Georgia, for years, and is well known throughout the adjoining country. In a recent letter she tells of a wonderful case.

She says: "A small pimple of a strawberry color appeared on my cheek ; it soon changed to purple, and began to grow rapidly, notwithstand-ing all efforts to check it, until it was the size of a partridge egg. My eye became terribly inflamed, and was so swollen, that for quite a while I could not see. The doctors said I had Can-

ser of the most malignant type, and after exhausting their efforts without doing me any good, they gave up the case as hopeless. When informed that my father had died from the same disease, they said I must die, as hereditary Cancer was incurable. I was terribly reduced in health, and felt as

if my life was wasting away. "At this crisis, I was advised by a friend to try S. S. S., and in a short while the Cancer seemed more inflamed than before. I was informed that was favorable, however, as the medicine acts by forcing out the poison through the pores of the skin. "Before long the Cancer began to discharge and continued to do so for three months; then it began to heal.

continued the medicine a while longer, until the Cancer disap-peared entirely, and I enjoyed better health than ever before. This has been several years ago and there has not been a sign of a return of the disease

Cancer is becoming alarmingly prevalent, and manifests itself such a variety of forms, that any sore or scab, it matters not how small, which does not readily heal up and disappear may well be regarded with

suspicion. The fact that S. S. S. (guaranteed purely vegetable) cures hereditary Canwhich is considered incurable, places it without an equal as a sure cure for all manner of real blood diseases, such as Scrofula, Eczema, Contagious Blood Poison, or any other form of bad blosd. FARNAM, Neb., June 5 .- (Special.)-Farmers have been expressing fears of drouth, but critical investigation reveals the fact that the dry earth is in no case more than two inches in depth, and that the roots of the small grain penetrate the moisture to a depth of four to six inches. It is only the late planted corn that is suffering at all and the slight showers of the past two days have benefited that to such an extent that barring the cool weather it is growing nicely. Fears of a drouth are so far unfounded. BLOOMINGTON, Neb., June 5.—(Special.) -On account of the cold and dry weather orn in many places has had to be replanted.

The arrangement of the premium list for the special prize competition to be held by the board before the exposition opens in order to get a high grade of work for exhibiting in the exposition, was taken up by the committee and occupied the time of the members all afternoon. The list will be made public as soon as it is completed and will be distributed with the circulars an-

nouncing the competition. FORMATION OF THE FIRST TROOP.

Transmississippi Troopers Push Along Their Organization.

The Transmississippi Troopers held their regular weekly meeting at the Commercial

club rooms last night. It was expected that a decision would be reached on the matter

coming to town. As they were driving that the samples would not arrive unti across a small culvert, near the Loup bridge, their team became frightened at some boys structed to receive and tabulate the bids when they are ready and report at the next meeting. There was an animated discussion over the

matter of organizing companies. It ap-peared that there were a large number of names on the rolls of men who were not present last night, and after considerable talk, it was decided that those present should enroll themselves in troop A and perfect the organization of that troop, leaving other troops to be organized later. In accordance

with the plan as originally adopted, each troop is to contain thirty-two men, besides

the officers. Those forming troop A were as follows: A. P. Johnston, D. C. Ayer, F. E. McGuekin, L. L. Thomas, L. H. Tate, S. J. Broderick, A. W. Nason, G. F. Bidwell, F. A. Brogan, William Stephenson, G. T. Norton, Otto Siemssen, Fred Terry, W. F. Brooks, M. M. Brown, W. B. Taylor, H. H. Itiner, J. A. Johnson, C. H. Klopp, J. H. Hussie, W. A. Mackey, B. Higby, W. W. As soon as the active work of ensuration work of construction commences upon the main buildings it will be necessary to have considerable force of office employes on the grounds, and the administration building will be used for this purpose

Notes of the Exposition.

T. P. Cartwright has been appointed honorary commissioner for the Shoe and Leather section of the exposition.

Superintendent of Construction Geraldine is absent from the city on business. Before going away he installed E. A. Felder as his substitute, and Mr. Felder is now in charge of the construction work. Mr. Felder has been connected with other expositions and was associated with Mr. Geraldine at the World's fair. He is now an applicant for a position in the admissions department. John J. Ridgway, representing John A. Mead & Co. of New York City, has been negotiating with the Department of Ex hibits for the installation of a plant for handling coal for feeding furnaces and afterward removing the resulting ashes. If the pending negotiations are closed, this firm will install its apparatus in the power plant of the expreition, where it will be in actual use.
