Hayden Bros are Now Pushing Down the Prices

112 PIANOS ON SALE AT LESS THAN WHOLESALE PRICES

Hayden Bros.' piano stock consists of nearly all the leading makes, including the Big 4—Chickering, Steinway, Knabe and Fischer; also about 21 other different makes, such as the Weber, McPhail, Mason & Hamlin, Lester, Smith & Barnes, Vose & Sons, Ivers & Pond, Emerson, Ludwig, Sterling, Schiller, Singer, Royal, Franklin and others.

Every piano in this fine selected stock, with the exception of two makes, will be placed on sale Monday morning, June 7th. Sale will continue until the stock is reduced. In order to purchase pianos at the lowest possible cost we contracted for large quantities, to be delivered and paid for within certain specified times. Our purchases are in excess of our requirements and we must unload. To do this quickly we will make such prices as will enable you to buy pianos of us during this sale at from \$50 to \$100 less than the factories will furnish them to agents. In this stock will also be found some pianos which have been taken in exchange or returned by piano renters. Many of these are as good as new and show scarcely any trace of wear. Upright pianos at \$65.00, \$90.00, \$100.00, \$110.00, \$125.00, \$155.00, up to the wholesale cost of the very best pianos the world produces. Never before—and probably never again—will such values be offered as we will give during this sale.
