Governor and Warden Looking Around to See Where They Can Do Better Before Taking Any Decisive Action.

LINCOLN, June 12 .- (Special.) - Governor Holcomb today, speaking of the condition of advantageous to the state, and negotiations Theresa J. Peper, Christine Reutschler and Lillian Y. Thompson. are in progress with a view of making better contracts or setting the prisoners at work on the state's account. The cooperage department, in which the larger number of the prisoners are employed, is under a contract that can be canceled at will, and a new and better contract will be made as soon as pos-The ten men employed in the foundry sible. have been transferred to other work, and the contract for making stoves in this department has been canceled, as it was proving unprofitable to the state. The new law passed by the last legislature allows the warden. with the approval of the governor and the Board of Public Lands and Buildings, to enter into new contracts, or to establish depart-ments or factories to be operated by the state in place of the contract system. The governor said that the warden has been doing great deal of correspondence, with a view f making advantageous changes on a line with the new law, but that with the ex-ception of the stove department the opera-tions are still under the old contracts.

URGES TANNER TO SIGN.

News having reached the state house that the governor of Illinois was hesitating about signing the \$45,000 appropriation made to enable the Sucker state to make an exhibit at the Transmississippi Exposition, Governor Holcomb today sent Governor Tanner a telegram as follows:

gram as follows: LINCOLN, June 12.—Governor J. R. Tan-ner, Springfield, III: I trust you will not consider me obtrusive in venturing to ex-press an earnest hope that you may find it compatible with your sense of public duty to approve the bill providing for rep-resentation by your state for the Trans-mississippi Exposition at Omaha, which I am advised you have under consideration. Our peeple are working with might and main to make the project a success. Ne-braska is linked as closely to Illinois, so-cially and commercially, as any other state. Our state is peopled largely by sons and daughters of Illinois, and we look to your metropolis and other cities as natural trade centers for commercial intercourse. Participation in the exposition would more firmly cement these ties and be of mutual benefit to both. The expenditure I am sure would be quite small when compared with the substantial benefits gained. SILAS A. HOLCOMB, Governor. DR, CHASE SUES FOR FEES.
