THE HAWAIIAN TREATY CONTAINS SIX ARTICLES, BUT NOT A SINGLE ONE FOR ANNEXATION: The prospects of two more big factories at South Omaha are additional straws pointing to the wind.

IT IS SAID THAT COIN CAN BE SEEN TO GROW THESE DAYS, IF ONE WILL ONLY SIT OUT IN THE SUN AND VERIFY THE FACT: The World-Herald admits the latest fake in which it has been detected.

BY PUTTING FORTH PROPER EFFORT DOUBTLESS THE NATIONAL CONVENTION OF HEIRS OF THE LATE MR. BARNATO CAN BE SECURED FOR OMAHA IN 1898: Spain is willing to pay the Ruiz claim, but does not want it insisted upon.

IT IS QUITE EVIDENT THE MEN WHO PEDDLE SURE-THING INSIDE TIPS ON CASES PENDING IN THE SUPREME COURT SOMETIMES GET THEIR TROLLEYS CROSSED: Iowa free silver democrats are still denouncing Grover Cleveland as an apostate.

THE HAWAIIAN ANNEXATION TREATY IS NOT A LONG DOCUMENT, BUT EFFECTS OF ITS RATIFICATION WOULD EXTEND THROUGH LONG RAMIFICATIONS OF INTERNATIONAL COMPLICATIONS: And still they come! Get the more national conventions we get for Omaha in 1898.

THE PROPOSED ESTABLISHMENT AT SOUTH OMAHA OF A FACTORY TO MAKE ANKOR PLATE PACKING OUT OF CORNSTALKS IS IN LINE WITH A POLICY OF UTILIZING HOME PRODUCTS WHICH SHOULD BE MORE GENERALLY ADOPTED: The lapse of seventeen months out of the twenty-four in which Weyler undertook to quell the Cuban uprising has tended to convince that chiefly that he outlined a job for himself bigger than he realized at the time.

THE STATE AUDITOR WAS SUPPOSED TO HAVE KEPT CHECK ON THE BOOKS AND ACCOUNTS OF THE STATE TREASURER DURING THE BARTLEY REGIME: What the people of Omaha want is adequate police protection.

SUPPOSE PRESIDENT MCKINLEY DOES WITHDRAW ALL HIS OBJECTIONS TO THE RECOGNITION BY CONGRESS OF THE HILLIGERENCY OF CUBA, THE HOUSE WILL NOT BE ABLE TO ACT WITHOUT THE ASSENT OF SPEAKER REED: All the ex-state officials charged with embezzlement seem to have gone into the nut business.

LET US HAVE THE CHARTER DECISION: The adjournment of the supreme court for the term without handing down its opinion in the Omaha charter case leaves the new charter in full force and operation.

IT REQUIRES A TWO-THIRDS MAJORITY OF THE UNITED STATES SENATE TO RATIFY A TREATY: The St. Louis Indians are asking permission to erect a monument over the fallen heroes who fought at Wounded Knee.

A DISCREDIT TO THE PROFESSION AND A PREY ON THE PUBLIC: A move in the right direction has been made by the senate of one of the New York prisons in excluding that class of so-called lawyers known as shysters.

TERRITORIAL AGGRANDIZEMENT.

It was to be expected that the proposed annexation of the Hawaiian Islands would revive the demand for territorial aggrandizement and if that scheme shall be consummated it is morally certain that the advocates of the acquisition of new territory will become aggressive and endeavor to give this policy a commanding place in the attention and perhaps in the party politics of the country.

How the proposed annexation has aroused the spirit of aggrandizement is illustrated in the declaration of a western senator who proudly proclaims that he is a jingoist. "The colonial policy of Great Britain," said this senator, "has made her the greatest nation on the earth, and I want to see my own country extend itself. If I had my way, we would annex Cuba and buy the island of St. Thomas, in the West Indies, and we would enlarge our domain to the fullest possible degree."

There is nothing more dangerous to the future peace and welfare of the republic than this desire for territorial aggrandizement. It is utterly hostile to American principles and policy. If it should be gratified what would be the consequences? We should have to deal with populations which know little or nothing of republican institutions and which are largely incapable of self-government.

We need for the present no territory beyond existing boundaries. To govern that we have wisely and to develop its vast resources is a task great enough to employ fully our highest statesmanship and to keep active the energy and enterprise of our people, as well as to foster and stimulate our pride in and love of country.

A SUGAR COMMISSION.

The proposal to appoint a commission of experts to investigate the most practical methods of producing raw sugar in the United States and also the process of sugar refining ought to be adopted, assuming that it would result in improving public knowledge in regard to this very important industry.

The adoption by the Real Estate exchange of the short form of deeds and mortgages is a step in the right direction which will commend itself to all who have waded through the mass of legal verbiage which expands the old-fashioned form, or have waited weeks for one of those interminable documents to be returned from the recorder's office.

With their tenure of office assured, at least for several months to come, members of the Board of Fire and Police Commissioners must ask themselves whether they can longer delay that promised police reorganization and live up to the letter and spirit of the oath of office to which each has subscribed.

It is to be hoped the efforts of the Agricultural department to abate the discrimination practiced abroad against American meats and meat products will prove at least measurably successful.

ANNEXATION OF HAWAII.

Louisville Courier-Journal (dem.): Speaking of Hawaiian annexation, it is pertinent to remark that if Uncle Sam would attend to his own business he would have more business to attend to.

Chicago Chronicle (dem.): It is a great mistake for the present administration to take up and complete the business of the Harrison administration. And it is disappointing in view of what the president said against the passion for territorial aggrandizement in his inaugural address.

Minneapolis Times (dem.): On business grounds alone the proposed annexation commits itself to every clear-headed American. It would place the United States in permanent possession of a region which is capable of almost unlimited trade development.

Chicago Times-Herald (rep.): The people of this country will give a hearty welcome to the territory of Hawaii, and we hope to be a state of the union. It brings new wealth and power to us, and we in return give to it the blessings of free and stable government.

St. Louis Globe-Democrat (rep.): If we take distant Hawaii, why not near-by Cuba? It is a great deal better than any other country whose people would like to shift their troubles and responsibilities on our broad backs.

St. Paul Globe (dem.): For this we are to fight and shed the blood of the fathers, for this we are to invite entangling relations abroad; for this we are to start upon a policy of colonial aggrandizement that will be the undoing of the United States.

St. Paul Globe (dem.): We are about to plant our flag where it will be cordially received, but the people are saying which will be especially difficult to fulfill. The annexation of the islands, however, will be altogether without influence.

St. Louis Globe-Democrat (rep.): While it is true that annexation will impose responsibilities and bring complications which the present administration will be obliged to face, yet to a certain extent, already mentioned, these are forced upon us.

Chicago Tribune (rep.): Hawaii should be annexed because we need it. Its government is now American, but it cannot hold out against foreign aggression without our help.

IOWA PRESS COMMENT.

Cedar Rapids Times: Iowa has taken world prizes in butter, fruit and fat stock, and now it has beaten the rest of the world in bread making, and then to think the people were taken in a Boston fashionable assembly at that. Miss Ruth Kimball of Clarissa is the accomplished young woman who thus signally honored her state.

Davenport Democrat: The silver democrats of Des Moines county, of which Burlington is the capital, have adopted the plan originated by the State senate in 1895. In issuing their call for a county convention, they have based the representation of delegates on the vote received by Judge Rabb for governor in all Iowa.

Des Moines Leader: After being an active candidate for the governorship for some time, after calling his friends into conference, after making an earnest appeal to them to secure instructions from the Polk county convention, Judge Spurrier has discovered that the constitution of the state makes it impossible for the governor to be elected during his term, shall not be elected to any other office except that of judge of the supreme court.

Des Moines Leader: It is a pity that the constitutional prohibition has produced a good many laughs at the judge's expense. It is a somewhat remarkable thing, considering the determination of the law and supposedly learned as to its provisions, that he did not know he was ineligible.

OTHER LANDS THAN OURS.

Whatever else may be said about the Salisbury administration, there is no doubt that it has managed to augment considerably the loyalty and the good will of the colonies toward the mother country.

Canada, besides offering to Great Britain exceptional advantages by her new tariff, has recently passed a vote in her senate in favor of steps being taken to bring about closer political relations with England, and demonstrating that the Dominion government should take the initiative in the matter.

At the same time the Cape Parliament has passed an almost unanimous resolution for the arrangement of a convention by the Cape Colony to England's expenses in connection with the naval defense of the empire, and besides this the African-landed, which is composed in the main of men under British rule, has lately made public emphatic expressions of the loyalty of its members to the English crown.

When the vessels of the different naval powers are assembled to take part in the queen's jubilee it will be possible to obtain a fairly clear idea of the value of the various types of war ships and the progress that has been made in comparatively few years. It is only about thirty-seven years since the first armor plating was made in an English ironclad, and it was not until the iron war ship Warrior was built, that the old "wooden wall" ship Grampus, which was built in 1813, was sold.

An English judge sentencing a prisoner is credited by the "Law Notes" of London with the following remarks: "You are sentenced to a term of penal servitude for exceeding your natural life, and what is more, you are sentenced to be hanged at the gallows. You are sentenced to be hanged at the gallows, and what is more, you are sentenced to be hanged at the gallows."

It is the exceptional conduct of either widows or widowers when they become anxious to marry is to be regarded as delusion, and the law is not to be very leniently indulged. "The law is not to be very leniently indulged," said the court in a Tennessee case. But the court adds that "much of her conduct on the subject of marriage and her conduct in the love letters of one sister to another and boasting about her conquests and the like, was in very bad taste."
