BARNEY BARNATO'S HALF-BROTHER.

Martin Houser Living in Custer County Puts in a Claim. BROKEN BOW, Neb., June 24 - (Special.) The sand hills of Custer county have produced an alleged relative of the unfortunate Barney Barnato, the South African diamond king who met a tragic death ten days ago by jumping overboard while en route to

this country from London in 1876, taking up his residence in New York City, where he found employment for several years as general utility man in the old Madison Square theater. Later he drifted to Milwaukee, Wis., and for nine years worked on shipping vessels plying the lakes. About seven years ago he came to Custer county, where he took up a homestead and suffered the hard-ships meldent to poverty and misfortune. ships incident to poverty and misfortune.
Mr. Houser alleges that his father
Stephen Houser, died when Martin was about America. Barney joined him in his busine when he was about 17 years of age, at whi early period he manifested those traits reckless daring that marked his later years. They remained together until the fall of 1876, when Martin salled for America, and Barney went to South Africa, with thought of mines, but hoping to profit mu in his peddling and jugglery, at which who very clever. Mr. Houser says that the Kaffir king's true name is Barnett issaes, and that his title Barney Barnato is taken from his mother's maiden name, Barnetti, Mr. Houser is satisfied that he can prove his title of relationship to the deceased speculator, as he has in his possection the original marriage certificate of Stepher Houser to Amelia Barnetti, his parents, and he has retained Atlorneys James Ledwick and N. T. Gadd of this city, to prosecute his interest in the estate of his half-brother. They will at once prepare the papers to maintain the rights of their client, and negotiations have been opened with a first negotiations have been opened with a fir of London barristers to prosecute the clai efore the queen's bench when the estate is called for adjustment

SIXTEEN SWEET GRADUATES.

Donne Gollege Commencement Exercises Are Concluded. CRETE, Neb., June 24.—(Special.)—Lasnight the anniversary exercises were contluued with addresses by Chancellor MacLenn and President Fuller. The chancelor spoke upon the subject, "How Much of the Classics Ought the College to Teach?" He predicted that the classics will always held their place since a knowledge of them is necessary to the understanding of literature, and litera-ture will always be studied, as it is the em-bediment of the mo ives and passions of peuples. The small college is better adapted to teach the classics than the sciences, since it takes millions of deliars to thoroughly equip

scientific institution.

President Fuller followed with an address pon "How Much of the Sciences Should the College Incorporate into its Courses?" He college Incorporate into its Courses. He admitted that the study of the classics we assential, even to a scientific education, and stated that of all the noted scientists of this country only three had not had some classical training. He maintained, nowever, that some science should be taught in every college, as classical students were less observant of the world about them than eclemitic students. The arometer of science and a supplied to the students.

The college graduated its largest class, six-teen in number, five young wamen and eleven boys. The church was sassily decorated with the college colora-orange black-and the class color-royal purble. order that the program might not be ex-emively long five of the young men wer
