WORKING UP THE INTEREST

Two Iowa Cities Negotiate for Displays to Advertise Their Localities.

URGING A CONVENTION OF SOIL TILLERS

Bureau of Agriculture Plans to Have a Great Meeting of Agriculturists at the Transmississippi Exposition.

Prof. W. F. Taylor, superintendent of the Bureau of Agriculture, Horticulture and Foresty of the exposition, is in correspondence with the principal officers of the leading societies of florists, agriculturists, etc., with a view of securing the 1898 meetings of these societies for Omaha. He has received encouraging letters from the president and secretary of the Society of American Flor ats, which meets in Providence, R. I., August 17, this year, promising their co op eration in the matter of having Omaha selected as the place for the next meeting.

The director of the agricultural experiment station of the Michigan State univer city, located at Lansing, has written to Prof Taylor suggesting that an effort be made by the latter to secure the 1898 meeting of the American Association of Agricultural Colleges, which meets in Minneapolis July 13 this year. The writer suggests that this meeting could be used as a nucleus for a congress of all persons interested in agricul tural education with a view to securing a uniform plan of instruction. Such a meeting has never been held, and Prof. Taylor mays that there is a strong feeling in favor eays that there is a strong feeling in favor of getting tegether on such a proposition and crystallizing educational methods all over the country. He will take the matter up at once and open correspondence with leading educators all over the country with a view of securing their co-operation.

The people in the vicinity of Creoton, ia., have been in communication with Prof. Taylor with a view of arranging to erect on the expection grounds a duplicate of the.

the exposition grounds a duplicate of the famous "Blue Grass palace," which has formed the center of attraction at Creston during the hervest celebrations. It is proposed to have within this structure an ex-hibit of the resources of the region about

Another suggestion which comes to Prof. Another suggestion which comes to Frof.
Taylor from Iowa is from the vicinity of
Glenwood. The people there have been holding a gigantic "Apple carnival" each fall
after the apples are ripe, and have attracted
the people from every direction. Prof. Taylor suggested to them the ties of not holding a garnival this coar and making in for ing a carnival this year and making up for it by holding a monster affair on the ex-position grounds next fall. This suggestion was received with great favor among the people of Glenwood and they at once en-tered into the spirit of it. It is proposed to set aside two days and allow the people of that section to ship in tons upon tons of their juscious fruit to be distributed on the

The Santa Fe Rallway company has opposed the exposition from the beginning, but there ar evidences that the opposition is disappearing. Prof. Taylor has been in communication with the land commissioner of that road with a view to having him make an exhibit of the resources of the southwestern country, through which that The commissioner appears to look with favor on the suggestion and Prof. Taylor believes that the Santa Fe will make a creditable display, representing the mouthern part of Colorado and New Mexico.

DELAY IN SECURING WATER SUPPLY Contractor Continues to Have Trouble

The artesian well contractor is still fishin. for his drill which is stuck at the bottom o a hole, over 700 feet in depth. The delay caused by this accident is becoming very annoying, as the exposition authorities are waiting the result of the experiment of boring a well before making definite arrange regarding a water supply.

nt the Artesian Well.

If the well gives a good flow, others will be put down and the lagoons supplied in this way, but if it is a failure, arrange ments will have to be made with the wate company for all the water that will be needed. If the latter course becomes necessary, a large amount of pipe will have to be laid to supply the several buildings and this can best be done before the erection of these buildings is commenced. Moreover, if water is to be obtained from the water company it may be necessary to carry of extended negotiations for favorable terms Several interviews with the management of the water company were held before the wel was suggested and the terms or which the company proposed to supply the exposition with water were not regarded by the executive committee as especially liberal

FINDS THAT BIDS ARE TOO HIGH Committee Rejects Propositions to

Erect Administration Arch. The executive committee of the exposition held a special meeting yesterday to take action on the bids for building the Administration arch. After discussing them in detail the committee decided that all of the bids were too high, and they were rejected, the Department of Buildings and Grounds being directed to readvertise for five days for new bids. These will be re-ceived until 10:30 a. m. Wednesday of next week and will be acted upon by the committee at noon of the same day at its meet

ing at the Commercial club. Armour Gives Five Thousand. P. A. Valentine, confidential agent for P. D. Armour, announced before leaving for Chicago last evening that Armour & Co. would subscribe \$5,000 to the Transmissis-

sippi Exposition. Notes of the Exposition.

In accordance with the action of the executivo committee, taken some time Chelrman Lindsey has appointed the lowing committee to attend the annual seson of the grand lodge of Elks at Minneap lis next month and work for the interests of Omaha in locating the next session: Edgar H. Scott, W. N. Babcock, George W. Shields, George P. Cronk and E. P. Mullen.

Applications for space for exhibits continue come into exposition headquarters in every were the Western Electrical company of Chi-

A CENTENARIAN.

An English Physician Thinks Every

Benjamin Richardson, the distinguished English physician and writer, says that seven out of every ten sound and reasonable people ought to live to be 110 reasonable people ought to live to be 110 agos that might result from the unsafe con-years old, and would do so if they "took dition of the building. It was adopted by a care of themselves."

The fact that there have been centenarians and that some are still living in every country of civilization, is proof that at Eighth and Davenport streets, which the the human machine is capable of lasting city engineer reported in a dangerous condias long as Sir Benjamin says it ought to

A scientist who has studied the question He attributed this to the poisonous alkaloids in the berry and at once turned his attention to the discovery of a beverage that would taste the same as coffee, but be tempt to raise money to purchase rifles and a food instead of a stimulant. He was so far they have been fairly successfu. The a food instead of a stimulant. He was successful in preparing a number of grains which produce a heverage that has the rich seal brown color of Mocha, and the taste of Java coffee. This new drink has all the food properties of the grains and rebuilds the lost gray matter in the nerve centers. Preventing Paresis and nervous prostration. A number of the best physicians in the country have made experiments with this new coffee, which is called Postum Cereal Food Coffee, and are now not only using it. of Java coffee. This new drink has all the food properties of the grains and rebuilds the lost gray matter in the nerve centers, preventing Paresis and nervous prostration.

A number of the best physicians in the country have made experiments with this new coffee, which is called Postum Cereal Food Coffee, and are now not only using it in their own families, but in the cure of patients by the use of Postum in the place of coffee.

cago for 200 square feet for electrical apparatus; the St. Joseph (Mo.) Pump and Manu-facturing company for 2,500 feet; the Philips Sanitary Grate company for 200 feet, and the Cutter-Hammer Manufacturing company for

space for an electrical exhibit. The Department of Publicity is preparing a comprehensive folder, showing full de-talls regarding the exposition up to date which will be issued within a short time This folder will contain prospective views of the main biuldings of the exposition and will be the first publication showing views of these buildings made from the actual plans of the architects, all former views

having been purely imaginary. Baron Freysleben, vice consul for Austro-Hungary, located at Chicago, has writen to the Department of Publicity for information regarding the exposition. He writes that the government which he represents has notified him that it has learned through the newspapers of that country that a large ex-position is to be held in Omaha and has instructed him to make a full investigation into the plan and scope, magnitude, etc., of the affair and report at once.

IGNORE THE TARIFF SHEETS

North and South Lines Attempt to Secure Some Summer Travel.

RATES CUT TO ST. PAUL AND MINNEAPOLIS

Railroads Make Chenn Rates to the North, that Passenger Travel May Be furned in that Direction.

There will be a cut of \$2.45 in the railroad tariffs of all the lines leading from Omaha property that he owns.

The plan recommended by the committee, and which has been suggested before, is to to the Twin Cities call for a rate of \$11.05, but the tariff sheets will be ignored, and a rate of \$5.50 will be offered on June 28, 29 and 30 and on July 1 and 2. The Burlingpatron of the soda fountain at Kubn's Drug ton and the Northwestern announced the Store, Fifteenth and Douglas. cut yesterday. Neither the Rock Island nor the Milwaukee roads have yet received ad-

vices of the cut, but expect to. Endeavor committee as the OFFICIAL see the roads belonging to the association ROUTE for the Y. P. S. C. E. convention.

San Francisco, July 7-12.

Special excursion train, consisting of Pullman Pullace Sleepers, Pullman Tourist Sleepers, Chair Cars, will leave Omaha Wedness. ers, Chair Cars, will leave Omaha Wednes-day, June 30, at 3:30 p. m. - Kansas City it was necessary that no higher For Sleeping Car reservations and full information regarding this excursion call at Hence the rate of \$8.50 from here to St. Paul that will be applied next week.

Although the Chicago Great Western is ut of the association and association lines overlook no opportunity to denounce it for its free-lance policy, passenger men in Omaha generally conceed that the Great Western is justified in putting in the cut rate to St. Paul next week. The reason for the cut is that there will be then in effect such extremely low rates to San Francisco, Salt Lake City, Denver, Colorado Springs and Pueblo that travel is bound to be attracted westward unless something is done by the orth and south lines. It is argued that in the case of an undecided passenger, who learns that it will cost him \$15 to go to St. Paul and only \$9 to go to a Colorado point, the chances are greatly in favor of his going westward. Therefore the cut has been made in northbound rates in the hope of equal-lzing next week's travel.

Notwithstanding the cut by the Omaha-it. Paul and the Kansas City-St. Paul ines, it is resonably certain that the great bulk of next week's passenger traffic will be westbound. It is predicted by conservative passenger men that next week's movement will be the heaviest ever known between the Missouri river and the Pacific coast. One serious problem is already confronting the railroads that have contracts for numerous parties, namely: A lack of tourist sleepers. The demand for these sleepers, which, though rated as second-class, are well adapted for summer travel, is something unrecedented. As the rate in these sleepers only \$5 from here to the coast, the first lass Pullmans have been practically over-ooked, and all the roads are hustling for econd-class equipment. On the sleeper business the Pullman company has a veritable nonopoly on all business originating from his territory, as there are no Wagner linea unning from here to the coast. A number er, f solid Wagner trains will be seen in this he vicinity, however, coming from eastern lines that do not patronize the Pullman care. There will be five solid Wagner trains from he territory of the Boston & Albany pass brough here next week in addition to those from New York state. These will be small compared with the many Pullman trains that will also come from the east. As there will be no opportunity to use Wagner cars from here west, there is no possibility of a cut in sleeping-car rates.

Trains to Riverview Park. train service in Omaha. The Burlington will run special trains from its depot at Tenth and Mason streets to its station at River-view park on Monday, July 5. If this train service is found to be satisfactory and profit-able it will be employed on other occasions. Trains will leave the Omaha depot at 11 a. m., 1 p. m. and 2 p. m. Returning, they will leave Riverview park at 6 p. m., 7 p. m. and

University of Omnha.

The announcement of the University of Omnha, embracing Bellevue college, Omnha Omaha, embracing Bellevue co lege. Omaha Medical college and Omaha Dental college, has just appeared in a neat book of sixty pages. Information regarding all the courses offered, supplemented with views of the buildings, is given. The summary of stu-dents for the fiftenth year shows a total of 214, divided as follows: Be levue college, 77; Omaha Medical college, 80; Omaha Dental college, 48.

Every good article has its imitations. So has Postum. No responsible groorer should fry to sell you a substitute. Every package has the red seals, "It makes red blood."

Watch for the seals.

Terrible Accident—It is a terrible accident—It is a terrible accident to be burned or scalded; but the pain and agony and the frightful disfigurements and agony and the frightful disfigurements can be quickly overcome without leaving a sample of either Weadbury's watch for the seals.

NOT VIEWED WITH MUCH FAVOR. Park Commission Will Reject the

Cartiss Turner Proposition.
The committee on improvements of the Board of Park Commissioners will bring in an adverse report on the proposition of Curtiss Turner to donate portions of the terri tory between Farnage and Dodge streets and

Thirty-first and Thirty-second streets to the city for park purposes. The proposition is hedged about with comilitions that are not regarded as favorable to the city. The committee objects to the plan because the improvements which it requires the city to make will require a larger expenditure than is possible, and also because the terms of the proposition are not clear with regard the property that is to be exempted from taxation on account of future improvements There will be a cut of \$2.45 in the railroad it provides that none of Mr. Turner's proprates from here to St. Paul next week. The erty shall be taxed, but does not specify the

convert the entire ravine, extending from Bur: street southwest to the Hanscom park boulevard, into a park. The committee contends, however, that action in this direction should be postponed until the adjacent property owners manifest enough interest in the project to support it in the proper manvices of the cut, but expect to.

The Chicago Great Western, one of the western lines that is acting the part of a property included in this strip can never be free-lance in passenger rates, much to the worriment of the lines that belong to the Western Passenger association, is the line that has inaugurated the cut to St. Paul, should be condemned and the cost assessed and having set the pace, is quite content to see the roads belonging to the association which into line. The Chicago Great West add sufficiently to the value of the lots adjoining to more than compensate the owners for the cost of condemnation,

FROM FEDERAL COURT

Receiver Hayden Sues Lincoln German National Bank Stockholders. Kent K. Hayden, receiver of the German National bank at Lincoln, has brought suit in the United States court against Anna M. Hudelson, a stockholder in the bank, to recover the sum of \$1,100 on an assessment ordered against the stock of the bank by the comptroller of the currency. Mr. Hayden has also applied for an order to sell man Lebeck was declared elected. The re-certain notes, judgments and accounts of the sult of the count was to reduce Lobeck's mabank which be has been unable to collect jority from ninety to fifty-eight. Judg-and which are of doubtful value. Jority from ninety to fifty-eight. Judg-ment was entered in his favor, the costs in and which are of doubtful value.

John Flynn of Lyons was arraigned before Judge Munger yesterday, charged with selling liquor to Indians. He pleaded guilty and was fined \$10 and costs. Annie Ptaculk of this city pleaded guilty yesterday in the United States courts to using cancelled postage stamps. As the official count. Upon learning of this result woman knew very little of the English language and less about the laws of the country, sentance was suspended.

against Mercer to contest his right to reptry, sentance was suspended.

ABOUT READY TO MAKE LEVY Take

Total of Property Listed for Taxation Very Much Below Last Year.

ASSESSED VALUE OF PROPERTY IN COUNTY

Commissioners Undecided a to What to Do Concerning Question of Levying Tax to Pay Judgments.

The work of the Board of County Commissioners, eltting as a board of equalization to equalize the annual assessment of real and personal property in Douglas county for taxable property, will close today, the board having been in continuous session since June 15. The tax list will be closed, the footings made and the annual tax levy made before

the board adjourns this evening. Nothing definite can be learned about th total assessment of taxable property until the footings are made, but enough is known to warrant the assertion of members of the board that the total valuation of all taxable property, both real and personal, will fall about \$750,000 below the valuation of last

With this reduced valuation and the neces-

sity for making a levy for the payment of the Douglas addition judgments confronting them, the commissioners are perplexed to find a way out of the dilemma. The total levy is limited by law to 15 mills for county purposes. The levy for lest year was 14 mills and this did not include any levy for the payment of the poor farm judgments. The attorney representing a majority of these judgments has notified the board that if a levy sufficient to pay the judgments held by his clients is not made, he will commence mandamus proceedings to compel the board to make the necessary levy. He advises the board that the levy for paying a judgmen is not included in the statutory limitation of 15 mills, but may be made in any amount sufficient to pay such judgment. On the other hand, the attorneys for some of the other hand, the attorneys for some of the board railway companies have notified the board that if the statutory limit of 15 mills is ex ceeded, they will take the matter into court and endeavor to have the entire levy de-clared illegal. This course has been purclared illegal. sued by the Elkhorn road in several of the counties in the western part of the state and the supreme court has sustained the position of the railroad.

AMOUNT OF THE JUDGMENTS. The judgments against the county on acount of the Douglas addition complication amount to about \$65,000 with interest up to July 1, this year. To raise this amount would require a levy of about 3.5 mills. This does not include the multitude of claims

which have been compromised by the board, and the holders of these will be compelled to welt another year at least.

The levy for last year was divided among the several funds in this way: General fund, 9 mills: road, 2: bridge, 1; bond sinking fund, 1.7; soldiers' relief fund, 0.3; total, 14 mills. Some of the members have reconstructed omitting the bond einking fund

suggested omitting the bond cinking fund entirely, reducing the road fund to 1 mill and levying the full limit, thereby giving the judgment fund 3.7 mills. The commissioners took up the hearing of complaints yesterday and will continue this work until some time this afternoon. The footings will be made when this hearing is closed.

A complaint has been filed with the board

which charges that the property of the Omaha Water company is assessed too low and the hearing on this complaint is set for this morning. Last year the return made by the assessor fixed the valua-California \$22.50, June 29, 30. July 1, 2 nd 3.
Denver \$9.00, June 29, 30, July 1, 2 and 3.
Colorade Springs \$9.00, June 29, 30, July 1, 2 and 3.
2 and 3.
3 torn made by the assessing factor the valuation of the personal, \$100,810; realty, \$104,800; total, \$205,610. The board raised the valuation of the personal property on the completion of the personal property \$296,447. Pueblo \$9.00, June 29, 30, July 1, 2 and 3, thus increasing the total valuation to \$401, Salt Lake City \$16.50, June 29, 30, July 1, 250. The return made by the assessor this year listo the personal property at \$111,625 Ogden \$16.50, June 29, 30, July 1, 2 and 3, being slightly higher than the return made Milwaukee and return \$16.75, July 3, 4, last year, but the realty is returned at nd 5.
Minneapolis and return \$11.55, July 4 and \$209,080, an increase in the total valuation as compared with the assessor's return last Salt Lake City and return \$30.00, July 9, year of \$3,470. The complaint filed this year against this valuation is made by Ly-

man Richardson. No complaint has been filed against any other corporation. The returns made for these corporations are substantially the same as the valuations returned last year.

Things Cool-

White-

For 65 cents we well White Lineu Duck Pants. Nobody wears 'em

carriages

fosfate. Take an ice cream. Take a pair of white linen pants. Take anything that is cool without being uncomfortable, good without being expensive, and it doesn't take long for sweltering humanity to find out where it can be had at the right price. Two weeks ago we had five hundred linen crash suits of various kinds and today we haven't got one. We sold 'em at \$2.00 and \$2.50 a suit, while other stores were trying to get from \$3.50 to \$4.75. Result: we sold all of ours in four working days and we disappointed hundreds of peop'e who came to buy some more. We'll have another lot of 'em in a few days. They may be here tomorrow, or even today. In the meantime we are still selling those splendid navy blue cheviot coats at \$1.90, and those elegant vicuna featherweight coats and vests at \$2.25 and \$2.75. These are as big values as the crash suits at \$2.00 and if other stores ask you \$4 00 to \$5.00 for the same quality, don't get excited-take things cool.
