FIND AN HEIR TO HERMIT POTTER.

Prof. Dana Will Receive a One-Hall Interest in the Estate.

BEATRICE, Neb., June 28.—(Special.)-Prof. W. H. Dana, who lectured before the Chautauqua Saturday, was agreeably surprised while here by the information furnished him by W. F. Button, an attorney from Trenton, Neb., that he had fallen heir to a fortune, being a nephew of the late Calvin Potter, who had lived the life of a hermit and who was found dead in bed on the morning of May 4 last at Humboldt, Neb. Mr. Dana is president of Dana's Musical In-stitute, is a nephew of Charles Dana, editor of the New York Sun, and a well-known lec-turer throughout the United States.

At the time of the death of Potter every effort to locate relatives was a failure. Tele grams were sent to every point in the sast where Potter was ever known to have re-sided, but all to no avail, and the unfortunate and peculiar man was buried without a friend to shed a tear. Immediately outside parties set to work to have an administrator ap-pointed for the drad man's estate. F. W. Button endeavored to see if the relatives could not be found. He filed a special appearance in the case questioning the juris-diction of the court over the subject matter under the statutes which provide that the widow or next of kin shall have the exclusive

The man who goes to find the North Pole must be strong, and brave, and healthy. His is a dangerous and healthtrying task. His nerve must be steady to keep his vessel from wreck. His blood must be pure and rich to withstand exposure and fatigue. These things are equally as important

to the man who stops at home and works, for death and disaster are not confined to the Arctic regions. Steady nerves, pure blood and healthy vigor are essential to health and success anywhere in the world. Thousands of men do not seem to realize this and go about half alive and miserable just for lack of a little of the proper medicine. Dr. Pierce's Golden Medical Discovery is designed to help them. It is a blood vitalizer—a nerve strengthener. It should be taken by every man or woman who is not exactly as well, and vigorous as he or she ought to be. It produces strong, sound, solid flesh - brings springiness back to the step-brightness to the eyes cheerful-ness to the mind. No medicine in the world ever had such a wonderful record

of success.
