When the delegates met at 4.30 p. m. by districts it developed that there was a strong feeling against some of McLenn's managers because of their attempt to dictate the state nominations, especially that of R. T. Hough for governor. After the pulse of the delegates had been felt in these preliminary meetings a conference was called for tonight between McLean's managers and other leadets. The McLean men carried all of the twenty-one congressional districts by inrge majorities for members of the state central multtee and for all the other committees, but many who co-operated with them at these meetings objected to the word being given out for any one of the dozen candidates for governor as against the other candidates who have spent months in their respective canvesses.
