EASY JOBS AND GOOD WAGES

Good Thing at Public Expense.

Portion of the Pay for Experts Is Taken from the Money Set Apart to Proscente the Delinquent State Officials.

LINCOLN. July 6 - (Special)-1: reconst last as long as the \$10,000 appropriated by the legistature lasts. It also appears that the committee and the experts resilize fully that they have a soft snap and are anxious that none of the appropriation shall be wasted and of the committee, has been at work on the years would be gone over. In this way, they explained, the work would go backward over the books by periods of four years as long. as the appropriation lasted. Under this planthe work on the treasurer's books was begun and up to June 3 Expert Helbig had drawn from the appropriation for this work. while Export Taylor had drawn \$180 for sing Har work on the books in the auditor's of-fice. But since June 3 there seems to have been a change in the plan. The committee is desirous to show that during the most of the month of June those two experts were engaged exclusively on the Bartley case, as-mirting in proving the defalcations and the intention is to pay them out of the fund appropriated to aid in the prosecution of state officials. Bills have been drawn on this fund. which certify that Mr. Heibig is cutilled to \$205 and Mr. Taylor \$141.50. This is in addition to the witness fees paid those gentle-men during the Bartley trial. The committee reasoned that if this \$346.50 was paid out of the presecution fund there would be a maying of exactly that much to the investi-gating fund, which at the rate of \$5 a day all around would prolong the job of the committee and its four helpers almost eight days However, before the warrants were drawn the auditor objected to having the money drawn from the prosecution fund. In his opinion it ought to be drawn from the investigating fund, and pending a decision on this theory the bills are held up. WHAT THE COMMITTEEMEN DO.

During the time that the experts have been going through books in detail or hunting for estimony against Bartley, as the case may be, the work of the committee has been varied. Most of the time Chairman Mutz and Secretary Silver have been engaged of the books of the institutions at Beatrice and Omaha, and up to the end of June Mutz had drawn \$198.12 and Silver \$180. Senator Moran has remained in charge of the rooms of the committee, but whether in the capacity of an expert watenman or lamitor not known. It is certain that he has don no work on the books and that in reality much of his time has been spent in slumber on the rofa in the back room of the headquar-Mr. Moran has drawn \$180 for this Senator Beal has assisted Experi Jewell most of the time and has drawn \$197.50. Mr. Zimmerman, another member of the complities, acknowledged his inability to do expert work and would go through the books only when assisted by Fred Orchard, county treasurer examiner, who was from Mr. immerman's county. After Orchard had been ordered by the auditor to leave the books with the committee and attend to his own business Mr. Zimmerman also quit the \$110 he has drawn is said to have gone Wheeler of Farnas, the other member of the committee, has been at Wille be does not pretend to be an exspend more time at the state house as soon as his farming operations will admit.

FREMONT, Neb., July 6 .- (Special.)-The new school board held a pretty warm meet ing last evening and declared that Dr. Mar-W. Martin, was present with W. J. Court wright, his attorney, and filed a protest against Dr. Martin being scated, claiming that he had not taken the oath within the time. The doctor said he took the of office before G. W. D. Reynolds, notary public, on May I, which was errougly defiled by Hammond's friends, who insist that the eath was dated back to bring within the proper time. A motion that the board proceed to fill the vacancy was card. Several ballots were taken with the Howing result: Flammont, 3; Martin, 1 Brunner, democrat, was absent and Peter son, republican, the new member, yound for Martin. The board then adjourned. From present indications it looks very doubtful whether either Hammond or Dr. Martin would muster the necessary two-thirds (four otes) in order to secure the appointment Hammond says he was chosen three-year term and alleges fraud and ersame vote declared that a vacancy existed.

HARD TIME SORTING OUT THE BACGAGE

All in Bendiness for the Great Convention in the Immense Pavilion Votables Who Are Already Present.

SAN FRANCISCO, July 6 .- It is already evident that the Christian Endeavor convention which opens tomorrow will be the greatest in the history of the organization The attendance will more than exceed an ticipation, and the royal welcome extended was accidentally shot in the left arm and to the deterates insures the success and of breast. He was carried in an ambulance enthusiasm of the gathering. All day long o the agency hospital. The wounds were trains have been rolling in and have been met by the members of the reception comare painful, but not serious. But for this mirror, which of itself is a small army accident the sharp battle was a great success and trade of California is not as The latch string of California is out and the initials "C. E." are the open sesame to boundless hospitality.

Never before, not even by the Knights

Templar or Grand Army, whose national reunious were held here, have arrangement been so well made or the city so tastefull decorated as now. The whole auditorius above and below is boarded in and the rough timbers are covered with purple and gold. The floors are covered with burlage, underneath which is a padding of cotton wadding, so that the footsteps will be noiseless and the services will not be terrupted by persons moving about. Potterplants, palms, bamboos, cut flowers are reaths of rosco are everywhere and th California poppin, either fresh from the very turn. There are comfortable chairs for 8,500 people and two or three (housand may stand. Machinery hall is divided off nto compartments and in each are co uittees representing the different states. Thus, when the delegates from any state grive, they go immediately to the spaames in a book alphabetically arranged If the delegates are alert there can be no confusion. A strange Endeavorer finds the stand of the committee on reception; goes o one of those in charge, presents his or her card and is given a badge and one of the books on California that have been came with other committees, hotels or other accommodations. Those Who Heed the First Symptoms of Nervous Derangement.

Special from Mrs. Pinkham.

A dull, aching pain at the lower part of the back and a sensation of little rills of heat, or chills running down the spine, are symptoms of general womb derangement.

If these symptoms are not accompanied by leucorrheen, they are precursors of that weakness. It is worse ? than folly to neglect these symptoms. Any woman of common sense will

is in need of help, and that a good restorative medicine is a positive necessity. It must be a medicine with specific virtues. As a friend, a woman friend, let me advise the use of Lydia E Pinkham's Vegetable Compound.

If your case has progressed so that a troublesome discharge is already established, do not delay, take the Vegetable Compound at once, so as to tone up your whole nervous system; you can get it at any reliable drug store. You ought also to use a local application, or else the corrosive discharge will set up an inflammation and hardening of the parts. Mrs. Pinkham's Sanative Wash is put up in packets at 25 cents each. To relieve this painful condition this Sanative Wash is worth its weight in gold. Mrs. George W. Shepand, Watervliet,

N. Y., says: "I am glad to state that I am cared from the worst form of female weakness. I was troubled very much with lencorrhoea, bearing-down pains and backache. Before using Mrs. Pinkham's Remedies it seemed that I had no strength at all. I was in pain all over. I began to feel better after taking the first dose of Vegetable Compound. I have used five bottles, and I feel like a new woman. I know if other suffering women would only try it, it would help them."
