SESSION OF SCHOOL BOARD

Special Meeting Puts in a Busy Afternoon Discussing Details.

TALK TELEPHONE AND KINDERGARTENS

Right of Way for a Line Across the Pierce Street Grounds is Granted_Changes in School Plans.

The Board of Education held a special meeting yesterday atternoon for the purpose of considering the application made by W. N. Johnson of the Long Distance Telephone company for permission to cross the grounds of the old Pierce street school. The school grounds occupy an entire block, and become the alley that runs between the streets is this alley and it was necessary to get the consent of the hoard before the school

grounds could be entered. The proposition had been submitted at a had been deferred until it was certain the telephone company would accept the ordi-nance granted by the city. The motter had reached a stage yesterday when the locating gauge must know to a certainty the course that was to be followed, and the special meeting was hastily called. Mr. Johnson was present and fully explained to the mem bers the necessities of the situation and told them that the locating gang had discovered that it would only be necessary to establish one pole on the grounds, and that his company would be willing to submit reasonable restriction the board might feet pole in the grounds upon the conditions that the company would move it whenever its ered his reason sufficiently to recognize his presence interfered with building or other improvements the board might make on the

Church next Sunday evening at 8 o'clock. The board put in the remainder of the About thirty children from the Christian afternoon discussing in an informal way the home will assist in the singing. Public kindergatten problem. There was absolute unanimity in favor of a general establishment of the system. The more the members have looked into it the more satisfied have they become that it is the only system of primary teaching, and some of them have gone so far as to express regrets that the system was not established many years ago At the start the question of cost was feared to be an obstacle, for there was no disposition on the part of any of the members to inrease the burden of the taxpayers by in reasing the heavy school expenses, but in estigation has established the fact that the system will reduce rather than increase the cost. The board will have this fall several new rooms to fit up. There are two in the Washington avenue building, four in the Twentieth avenue addition and two or three others in other buildings. To fit up these rooms with the furniture now in use will require the purchase of fifty desks for each om at a cost of nearly \$200 for the desks alone. The little red tables and chairs that are used for kindergarten purposes cost a large number of just such chairs and little tables that are required that were used for the little folks before the deeks were obained. With a little paint and scap an be made just as good as new and take

the place of new ones.

A number of the board members favor the establishment of four or six rooms instead of the experimental two at first proposed. The original plan was to employ two teachers. The proposal is now to employ three and let each teach the morning session in the room in one school building and in another during the afternoon. For instance, one teacher could take a room in the Bloomer building in the forenoon and gos to the Twentieth evenue in the afternoon, another could teach in the Pierce street building in the forenoon and in the Second avenue in the afternoon and the third could teach the half-day ses sion in the Washington avenue building and go to the Eighth street building for afternoon. The kindergarten system off contemplates half day sessions, and as each teacher could take care of fifty children in each room the three would be able to in-each room the three would be able to in-secure 300 publis during the day. The increst that he system has awakened has cated a strong anxiety among teachers to familiarize themselves with the work, and he board feels sure that there would be no lack of voluntary assistance in all of the coms at all of the sessions from teachers willing to work for the experience they will

WOULD INCREASE ATTENDANCE. The board feels satisfied that the establishment of the kindergarten system will in-crease the school attendance. Under the law child has arrived at school age when it is years old, but the majority of parents reuse to send them until they are 6 or 7 years

There are numerous applicants for the positions of kindergarten teachers. Among them are Miss Fannie Tibbets, Miss Allen Miss Frances Wright, Miss Grace Demming and Mrs. Lulu Haldman. Mrs. Hardman is the pioneer kindergarten worker in the city and has had great experience in the work She graduated at Ann Arbor and then took a two or three-year course in a kinde garten training school, and has gone east each year since to familiarize herself with all of the newest improvements in the system. The board will not take any definite action until the regular meeting in July or August, but it appears to be sure that the experiment will

e tried in more than two buildings. The board also discussed informally the repairs contemplated in the Bloomer building. The changes will be confined to the upper barnlike room which was formerly sed for high school purposes. Architects ave submitted plans for the proposed have submitted plans for the proposed changes and the board has them under consideration. The two long, some would the titions that have been strung through the center of the room will be taken out and center of the room will be taken out and the floor converted into four school rooms.

Old Man Killed on the Tracks. BOONE, Ia., July 9 .- (Special Telegram.)-O. T. Marshall, a wealthy and highly respected citizen, aged about 70, was killed at 6:30 this morning near this city by a pusher engine on the Northwestern road. Mr. Maxshall was very hard of hearing. He was walking home on the track after taking his cow to pasture and evidently did not hear the approaching engine. He was walking along-side the track. The engineer supposed he would step aside in time, but instead on reaching a cattle guard he stepped into the middle of the track to get by the cross fence ast in time to be struck by the engine. Mr Marshall was a ploneer railroad man here serving the Northwestern as agent for about twenty years up to about 1891. At an early day he was also trainmaster for the road, combining the two offices. He was a man of the strictest integrity and good business sa gacity and leaves a large fortune to his wife and one son. The coroner's jury exonerated the enginemen from any blame

Showers Cool the Atmosphere. CEDAR RAPIDS, Ia., July 9.—(Special Telegram.)-Relief from the intense heat of the past two days came late this afternoon, when copious showers fell at 4 o'clock. For two days and nights the thermometer has ranged from 80 to 110 in the shade. All business has been at a standstill and men working out doors have been compelled to quit work. W. H. Linter, an employe in the Burlington. Cedar Rapids & Northern shops, was prostrated by the heat this morning and is in a precarious condition. Charles Sparenberger, a young farmer living tear Norway, was overcome by the heat yesterday and died this morning at 3 o'clock.

Quarrels and Hangs Himself. CEDAR RAPIDS, Ia., July 9.—(Special Telegram.)-Tony Barworth, a German about 50 years of age, had a quarrel with his boarding house keeper today and went to the barn and securing a fish line hanged himself. He

was dead when found. PRIZE STORY OF ADVENTURE.

Five-Round Boxing Match. FREMONT, Neb., July 8.—(Special.)—Billy Dacey a San Francisco boxer, and Billy King, who claims to be the Nebraska cham

the most skill and science and it was a diffi-cult matter for King to land effectively. King held his wind better than Dacey and in a finish match would show up better. They also gave an illustration of the famous knock-out blow that Pitzsimmons finished up Corbett with in the big fight at Carson City.

TOLEDO A WINNER AT WHIST. Carries Off the Minneapolis Trophy for Pairs.
PUT-IN-DAY, O., July 9.-Toledo won the Minneapolls trophy for pairs this evening.

with Dayton second, nine tricks behind.

the Toledo Yachting association third, the balance fellowing in the order named: New Bedford, Buitimore, Junior of Philadelphia, American of Boston, Minneapells, Chicago Nashville, Cleveland, Breoklyn, Troy, Sault Ste. Marie and Sioux Falls. The three top teams are now in the Amer-lean Whist league. The preliminaries in the Hamilton trophy will finish tonight, with the Philadelphia Whist clab first with twelve Saturday morning.

Sunday Law Inconstitutional. CLEVELAND, O., July 9.-Judge Ong the common pleas court handed down lecision today declaring that the law und decision today declaring that the law under which members of the Cleveland base ball club were arrested for playing on Sanday is unconstitutional. President Robison at once announced that a game will be played on Sanday with Washington. If the weather is fine there will be an immension of the constitution of the constitution of the constitution will stand unless the city authorities carry the case to the circuit court and it is reversed. It has not yet been decided whether an appeal will be made.

Realization Stakes Today NEW YORK, July 8.—There is every propert of a fine day's racing at Sheepshe

bay tomorrow, for besides the first half the double event for 2-year-olds, the re-realization stakes for 2-year-olds at a mil-and five furlongs will be run off and the winner will get close upon \$20,000 for hi-victory. It looks as if the starters would be

Cycle Shares Take a Drop. in sevels prices announced by the Rudge Whitworth company, limited of London, has caured a general fall of cycle shares on the Stock exchange and almost a panic through-cut the trade.

A JOKE ON THE GOVERNOR.

Thought He Caught a Jay and Discovered an Expert. Ex-Governor Jackson of Iowa for many years was the Hawkeye secretary of state. and employed in his office quite a large clerical force. One afternoon a rather rusty ruralite wandered in, and Mr. Jackson immediately now in the newcomer opportunities for fun, says the Chicago Times-Herald.

caller.
"Certainly," replied Jackson. "There it is on the wall. Help yourself to it." Then, as the stranger slowly walked up to the telephone and began looking it over, Jackson passed the word among the clerks to watch the experiment of a jay in trying to use a telephone for the first time. The visitor looked the instrument over

instrument.

"For nine years 1 suffered with female weakness in its worst form. I was in bed nearly a year with congestion of the ovaries. I also suffered with falling of the womb, was very weak, tired all the time, had such headaches as to make me almost wild. Was also troubled with fewcorrhea, and was bloated so badly that some thought I had dropsy. I have taken several bottles of Lydia E. Pinkham's Vegetable Compound, and several of her Blood Purifier, and am completely cured. It is a wonder to all that I got well. I shall always owe Mrs. Pinkham a debt of gratitude for her kindness. I would advise all who suffer to take her medicine."- MRS. ANNIE Curus, Ticonderoga. N. Y
