ENOUGH ON HAND TO LAST TEN DAYS

Cause of the Strikers Strengthened in the Monongahela Valley.

IRONCLAD CONTRACTS ARE WIPE OUT

Labor Leaders Are Planning to Charge on West Virginia and Bring Out the Miners in that State.

PITTSBURG, Pa., July 12.—The miners' strike is causing the price of coal to still advance and today it was selling at \$1.50, an increase of 150 per cent since the commencement of the struggle. Many of the operators claim there is still plenty of coal on hand, but fast state why the price has increased more than 150 per cent since the suspension. Before the strike began coal was quoted at 10 cents; today the highest price paid was \$1.80. This was for the best quality and free on board.

The feature today in matters pertaining to the strike was the presence in the city of the joint arbitration board, which is endeavoring by every means possible to bring a peaceable conclusion to the strike. The board held informal sessions today and in the intervals interviewed quite a number of operators, the big majority of whom are in favor of arbitration provided all of the operators will abide by the decision rendered. One of the dissenters is W. P. DeArment, president of the New York and Cleveland coal company. He declares he has nothing to say to the strike; the strike is the result of machinations of politicians.

The miners made further advances today in extending out their strike. The operators of the district outside of DeArment's men, who still remain loyal to their employers, are being carried over to the strike. The association of the West Virginia miners would be closed down within two weeks. If the strike is not ended, the railroad men would be called on to bring work to a standstill in that state.

The operators claim the railroads will surely give in to the strike. The entire output of the West Virginia fields. It was stated this evening that a number of the river operators who have no facilities for loading their coal are being advised by the operators of the West Virginia fields. It is expected that the strike will be ended in a few days. The operators of the West Virginia fields are being advised by the operators of the West Virginia fields. It is expected that the strike will be ended in a few days.

IRONCLAD CONTRACTS GO.

Beyond the strengthening of the miners' lines along the rivers there was little change in the strike situation today. The ironclad contracts were not renewed. The operators of the West Virginia fields are being advised by the operators of the West Virginia fields. It is expected that the strike will be ended in a few days.

Everything in Readiness for the Detroit Convention Today.

LARGE ATTENDANCE ALREADY ASSURED

Informal Reception Occurs Attended by Many Persons.

SEVERAL CANDIDATES FOR PRESIDENT

Kentucky Combines with Nebraska to Secure the 1898 Convention for Omaha—Good Showing of Finances.

DETROIT, Mich., July 12.—All fears of light attendance at the convention of the National League of republican clubs were dispelled this evening by the arrival of big delegations from all directions. According to the registration there are already 1,000 delegates on hand, besides many other visitors. The only states which will not be represented are South Carolina, Florida, Washington, Oregon and New Mexico. All the other delegations had arrived tonight save those from New England, New York, Delaware, West Virginia, Alabama, Mississippi, Minnesota, Missouri and North Dakota.

The preliminary function of the convention took place in the Hotel Cadillac tonight in the way of a reception. The receiving party consisted of the president of the league, D. D. Woodmansee of Cincinnati, Governor Dingley, President E. N. Dingley of the Michigan League, Secretary M. K. Dowling of the National League and Colonel Henry M. Duffell, Colonel John Atkinson and James H. Stone of Detroit. The delegates passed and shook hands with the party to the accompaniment of stirring music by a big orchestra. The corridors were filled with a crush of good-humored politicians and the scene was decidedly merry.

The only drawback to the gathering apparently will be the absence of noted statesmen and prominent candidates who are whom are detained in Washington. The presence of Senator Hanna at least was contemplated and arrangements
