NEBRASKA AT THE BIG EXPOSITION

Members of the Commission Ask Architects to Submit Plans for a Structure that Will Be a Credit to the State.

held the second Tuesday in August. This and honey. submitted by Craddock of Lincoln and Vose, including architects' fers, cost of superintendread for occupancy, but not including Men's 36.50 genuine seal tan bals at \$3.95.

Men's 56.50 genuine seal tan bals at \$3.95. furniture, lighting, etc.

The discussion of this matter occupied yesterday morning's session of the board. Chairman Neville and Commissioners Poynter and Whitford were in favor of deciding at once on a plan, that the preliminaries might be concluded before the next meeting of the board, and prompt action taken at the next meeting to commence the construction. Commissioner Dutton insisted that the commission bould proposed slowly and give the architects.

Men's \$6.00 Russia calf, needle toe bals, at \$3.50.

All Men's \$4.00 tans and wines, all styles, and wines in all styles to be cleared at \$1.95.

Ladies' \$5.00 tans and wines, all styles, now \$3.50.

Ladies' \$4.00 tans and wines, all styles, now \$3.50. mid proceed slowly and give the architects all over the state a chance to submit plans, if they desired to do so. He said it would \$1.95. the unfair to architects in other parts of \$5.00 the state to take action at this meeting bere an opportunity had been afforded them to make a proposition to the commission. This argument finally prevailed and a mo-tion was adopted providing that plans be re-

mmissioner Poynter was also adopted, providing that the limit for the cost of the buildings should be fixed at \$16,000. A general discussion followed as to what details should be given the architects as to what the commission would require in the way of a building. It was decided to leave the size and shape of the building to the architects, but it was stipulated that there must be provision for several offices of good size, ample tollet accommodations, an as-sembly room and such other accommodation will make the building a headquarters Nebraskans and afford accommodations for the people of other states. It was also agreed that the building must compare nost favorably with the elaborate architectural creations which will be erected on the grounds by the exposition management.

ceived by the commission at its next regular

## ACCEPTANCE OF KOUNTZE PARK Park Commissioners in Position to Assist the Exposition.

The acceptance by the city council of the deeds conveying Kountze park to the city completes the transaction by which the city gets another public park, and enables the Board of Park Commissioners to assist the exposition management in preparing the ground for the exposition. The new park, which will be known as Kountze park, contains eleven acres, not including the streets surrounding it, or Twentieth street, which passes through it from north to south. It forms the center of what will be the main court of the exposition and the Board of Park Commissioners will assist in beautify to the extent of the funds at its

posal. The board has set aside \$30,000, which it will use for this purpose.

Among the improvements which will be made by the Board of Park Commissioners. will be the bridges across the lagoon at Twentieth street, which will be permanent in their nature. It being the intention to retain the portion of the lagoon on the park tract as a permanent improvement. The artesian well on the grounds will also be taken in charge by the board as a means of supplying the lake with fresh water.

The Arch of States, which will form the ain entrance to the exposition, will be constructed across Twentieth street at the south side of Kountze park and this will be erected of permanent material by the Board of Park mmissioners. After the exposition is over manent entrance to the park and as a landmark which may be seen for miles. It will be constructed of either terra cotta or of gray sandstone, while the coat-of-a:ms of thhe states of the union will be in appropriate colors in the frieze, protected from the elements by superimposed arches. The Board of Park Commissioners will also assist the expasition management in making any other Improvements on this piece of ground, the only limitation being that the improvements shall be of a permanent nature.

## SELECTS TWO OTHER ARCHITECTS.

Executive Committee Accepts Declination of Cleves. The executive committee of the exposition held a meeting yesterday afternoon,

Manager Kirkendall reported that Charles Cleves, the architect appointed for the Dairy and Apiary buildings, had refused to accept the appointment. Cleves declined the appointment before it was tendered to him and then changed his mind and said he Afterwards he changed his mind again and refused to have any-thing to do with it. The committee then ointed another architect for each of the buildings in question. F. A. Henninger was be done by inexperienced men. Treasurer appointed to "do" the Dairy building and John McDonald will design the Apiary take nearer forty men to do the work, as one building. Both of these men are Omaha

edge of what is known in common parlance conclusion was reached after examining plans | GREAT CLEARANCE SALE OF SHOES. as the worst of it. There was no band and &

While neither the officers nor the privates at least. All our summer tan shoes of every are disposed to talk freely of the manner including architects fers, cost of superincend description, high and low cut, lace and button, in which the drill was conducted or to complain of the injustice of its regulations, which merit had a chance to win. They know that they were handigarded in a handled by the road in this state and Kanknow that they were handicapped in a manner that was entirely contrary to all precedents and rules of military competition and there is sufficient evidence to indicate that it was never intended that the Galves-

Captain Foye said yesterday that he did not want to assume the pisition of a critic after defeat, and it was only after considerable questioning that he was in-duced to talk at all in regard to the manner in which his company had been treated. He then merely stated the facts, leaving the conclusions to be drawn by others. PROGRAM NOT PRIVATE.

ton cup should return to Omaha.

In regard to the charge that the officers of other companies had been allowed to watch the drill of the Rifles on the first day of the contest, he said, "No one attempted to contradict the fact. Any one who wanted to see the drill was allowed to, and if that was not sufficient, a complete copy of the program was printed in one of the local papers the next morning. The advantage which this gave the other companies could only be appreciated by a man who was familiar with military drills."

In regard to the published allusion to a misinterpretation of the program, Cap ain oye said, "Nothing of the sort occurred. The judges continually interpolated movements which were not down on the program, and this gave the impression in the grant stand that the company was not drilling the program correctly. But the same policy was followed by the judges in the following drills and it had no effect on the result. "Notwithstanding the advantage which

was given the other companies it was the general opinion of military men who saw the drill that the Rifles put up by for the best drill seen during the contest. The Belknap Riffes, who were given first prize, were not regarded as even possible prize winners by those who had seen all the drills. The bet-ting was 20 to 1 against them, and when the decision of the judges was anounced it was roundly hissed by the prople the grand stand.

UNFAIRNESS OF JUDGES. "The action of the judges in regard to the discipline prizes was also surprising. It was conceded that the first prize would go to the Thurston Rifles, and the judges even told them that they had made the maximum per-centage in this respect. But they afterward awarded the prize to an artillery company and the Thurston Rifles were not even given

"In the individual drill the prize went to the Thurston Rifles, mainly because the first sergeant refused to stand the manifestly un; fair decisions of the judges. Sergeant Steb-bins of the Rifles was called out of line by the judges, but the Rifles made a vigorous protest, and as the judges were unable to in-

"In regard to the encampment, as a whole it was one of the largest that has yet been held. There were about 3,500 men in the camp including several companies of infantry, two troops of cavalry and an artiller company from the regular army. The Omaha boys were unable to enjoy any of the social attractions of the drill, as they were kept un der the most strict camp discipline. Drills and reviews occupied nearly the whole of every day, and they were unable to leave camp, except on an occasional individua leave of an hour or so."

It heals everything except a broken heart may be said of De Witt's Witch Hazel Salve Piles and rectal diseases, cuts, burns bruises, tetter, eczema and all skin trouble may be cured by it quickly and perma

## DOG CATCHER IS BADLY USED UP

Go After the Officer with Heavy Hickory Poles. A couple of dogcatchers and a couple of at Twenty-second and Pacific streets at 8 o'clock yesterday morning. The citizens won, the dog was rescued and one dogcatcher retired from the field the worse for the en-

counter.

Dogcatcher Herman Smith and his assist nt. Bob Albright, were passing the corner when they spied an untagged canine. They went after the brute, roped him and jerked him into their wagen. At the end of the proceedings the animal set up a wail of despair, and this brought its owners, members of the Lynch family, to the rescue Two brothers, Johnny Lynch and Humphrey Lynch, rushed out into the etreet. They ac cused the dogcatchers of going onto their premises to get the animal. The catchers denied this, and started to drive away, but one of the brothers grasped the bridle of the horse. Smith looked around for assist ance, saw none, and jumped from his seat to the ground. This was what the Lynch brothers wanted, and they promptly went to the rear of the wagon and opened the doo of the dog cage. Smith closed it. Then one of the men held the dogcatcher, while the other was sent for a gun. He returned with couple of stout hickory poles. One he gave o his companion. The other he kept.

After a little parley, Smith says that one of the Lynch brothers struck him on the head with a pole and felled him to the ground. The dog cage was opened and the Lynch dog was dragged out. Smith jumped up in time to close the door before any more dogs got away. He had not been on his feet many minutes, however, before he says he was struck by the other man with the other club and he went to the earth

again. 'Everybody is down on degcatchers. said Smith, "and no one would help us thaus. Ever flowing medicinal waters. Mag- But Bob Armstrong, the assistant, tried to nificent plunge baths. Cool, pine-laden, get help. People in the neighborhood would nificent plunge baths. Cool, pine-laden, get help. People in the neighborhood would crystal air, and above all the everlasting not allow him to use their telephones, bu he finally got to one a few blocks away. called the police station, and in response patrol wagon full of policemen responded. When they arrived, however, the conflict had ended and the Lynch brothers had disap peared. Smith a few minutes afterward ap peared at the police station and had his wounds sewed up. He swore out warrants for the arrest of teh Lynches on the charge of assault and battery.

## IN THE UNITED STATES COURT. Brought to Foreclose on Omaha Church.

The Northwestera Mutual Life Insurance company has brought suit in foreclosure about 1,300 miles west of Mexico and passing against the First Congregational church of Omaha. The petition is filed in the United States circuit court in this city. The orig inal amount of the indebtedness was \$30,000 upon which the sum of \$10,000 has been paid. The Union Trust company of New York has brought suit in the United States circuit court against the Kearney Canal and Water Supply company on the foreclesure of a mortgage for \$100,000, represented by 100 bands of the value of \$1,000 each. The peti-tion alleges that the defendant company is insolvent and unable to pay its debts. The plaintiff asks that a receiver be appointed for the property, peoding the suit, and that a temporary injunction be issued, restraining its officers and agents, from interfering with the mortgaged premises.

Boy Held as Incorrigible. Harry Gilliam, arrested Tuesday night for stealing 80 cents from the cash drawer of a store near Twentieth and Lake streets, was yesterday bound over to the district court in \$5.0 bonds on a charge of incor-rigibility. The parents of the boy appear indifferent and refuse to come to his as-

Gilliam has been arrested a number of times for thieving. Not many months ago he went into a coal office in the northern part of the city and while a youthful pai held the attention of the proprietor. Gilliam rifled the safe, securing about 130. He also committed a number of other thefts from stores on Sherman avenue and North Twenty-fourth street.

Different Size is Wiped Out.

CONCESSION MADE BY WESTERN ROADS

Charges on Live Stock to Be by the Pound Instead of by the Car, as Has Been the Custom.

### DON'T HAVE TO GO TO KLONDYKE. Omnha Men Strike it Rich in the

W. M. Glass, secretary of the Lee-Clarkwho had tumbled into the ownership of a adjoining building. Some of the stolen gold mine that promises to pan out into all kinds of yellow dust. Yesterday he received information that one of the Black Hills claims in which he has holdings has given unusual promise of richness. The men who are sharing this good fortune with him are residents of this vicinity and are A. B. Smith of the Burlington, George Rudio of Council Bluffs and J. C. Carson, one of the Black Hills traveling men for the Lee-Clark-Andreesen company.

The mining property is located in the

Dakota, about twenty-five miles from Deadwood and Rochford. full claims and two fractional ones, all adjoining. The claims are about 300 by 1,500 cet in size. The property has been examined by an ex-

pert, who has just sent a brief and prelimi-nary report to Mr. Glass. This report is irate citizens fought and bled over a canine highly satisfactory. It says that the find is at Twenty-second and Pacific streets at 8 the richest struck in the Black Hills in years. Moreover, the ore is free milling and the deposit lies at the grass roots. The ures indicating its value, however, are yet in the possession of Mr. Glass, who expects to be informed on this matter during the early part of next week when the expert's full report will be received. All the assays has far been made in the Black Hills, some of the specimens picked up will be sent to an assayer in this city with the re

Mr. Glass stated vesterday that he and Mr. Glass stated yesterday that he and the other owners of the mines intended to start operations at once. The probability is that a shaft will be sunk immediately after the expert's report is received. The owners

will operate the mines themselves. Hills. In all they possess about thirty, the majority of them being in the Ragged Top district. Some of these claims have shown signs of being rich, but the present cost of getting the gold out and to a smelter is too great to warrant work upon them. expected that they will prove valuable property in years to come. None of them, however, seem to be anywhere as rich as the one just reported on. The owners have had an expert in their employ for more than a year, prospecting their property.

### OLD SOL HIDES HIS FACE TODAY Solar Eclipse May Be Seen by the Omahans

Unless Nature should at the last minute resolve on a radical departure from the system which has always governed the universe, a partial eclipse of the sun will be visible in this latitude sometime between the hours of 7 and 11 o'clock this morning. While a solar eclipse is more frequent than a lunar eclipse, it cannot be seen from so large a portion of the earth's surface, and consequently is more seldom, seen in any particular locality. The last solar eclipse of any magnitude seen in this latitude was October 20, 1892, and the nomenon is, therefore, sufficiently unusual to entitle it to attention.

half of South America, the west coast of eastward through the center of Mexico and a the northern coast of Cuba, will see the most complete darkening of the sun, and bly last about three hours. The point at which the eclipse ceases to be discernible is approximately located at the parallel of 36 degrees north latitude.

Directly, this is the result of a conference

innumerable conferences with stockmen. There was a meeting in Denver last week, which was attended by freight officials of

For several years many stockmen have been urging the railroads to equalize the freight charges on cattle shipped from west-ern points to South Omaha, Kansas City and other points on the Missouri river. The stock-men have been backed by the stock yard companies at these points. About a year ago an effort was made to institute the custom of charging by weight, but the effort did not then meet with success. One of the con-tentions of the stockmen has been that the varying size of freight cars has made charge by carload instead of by weight an unfair practice. Some of the stockmen have opposed the change, insisting that to charge by weight instead of by carload would mean an nereate in rates to them. The general cuty eleven could be seen in any part of upinion, however, appears to be that the thange will be for the best interests of all When payment is made for every 00 pounds of live stock shipped in from the west there can be no favors shown to the Don't wait till you have consumption, but hipper by giving him cars of greater prevent it by using One Minute Cough Cure, capacity than those another stockman re-

The four men who own this property are of this wners also of other claims in the Black at \$300.

According to the calculations of astrono mers, the eclipse will be visible from any part of the United States, in the West Indies, Mexico, Central America, the north Africa, and from a considerable portion of the Atlantic ocean. Observers who stand in that part of the sun which appears to be covered will decrease as the point of ob-servation is moved northward. In this latitude the eclipse will appear to cover about the lower half of the sun, and it will proba-The phenomenon is very different from a

iunar eclipse. The latter is visible from every point on the earth's surface from which the moon itself is distinguishable. It also presents the same appearance from whatever point the It is merely the shadow of the earth cast on the lunar surface, and like the shadow of a tree cast on the side of a building, it appears exactly the same from every point of view. But in the solar eclipse, the path of the moon crosses that of the sun, the shadow is caused by the passage of moon between the sun and the earth. sequently, the observer must be in the direct line of the two bodies to see the full effect

On or about October 1st we will occupy Gur New Building, Cor. Farnam and 15th.

is going to be the most unwelcome part of getting to the new store. Can't possibly prevent a loss of some kind Boxes will surely be crushed, sizes mixed, leather scratched and scuffed, and no end of work and botheration to get 'em transferred and straightened out again in the new department. How to avoid it? Have a "closing out sale," says one. Make believe you've reduced the prices says another. Buy a lot of cheap shoes for a hurrah and work 'em off in the excitement, says a third-but; no, thanks-neither of these is our way. Every shoe in our house is worth a hundred cents on the dollar at any time and people know we don't resort to the cheap tricks of cheap merchants to deceive them. Today we have taken more than a hundred pairs out of our three and three fity shelves where we have too many, and put them with the two-fifty shoes, of which we to'd you recently. The loss we will bear willingly as an offset to the undesirability of moving them. Back and tans and patent leathers. Small sizes mostly.

with the Law. Mary Cocotanza, whose age lies somewhere between 30 and 40 years, was bound over to the district court by Police Judge Gordon yesterday afternoon on the charge of adultery as a result of her toying with two masculine hearts. With the charmer was The owners also held one of the charmed, William Everett, 52 years of age, an old resident

of this city. The bonds of each were fixed Mary Coustanza was Mary somebody else until October of last year, when she mar-ried Pasquale Coustanza, an Italian and one of her fellow countrymen. Later she allowed herself to become enamored of Everett Everett swears that she represented hersel to be unmarried and it was because of this that he married her on June 6 of this year in Council Bluffs. Coustanza charged, how ver, that he was intimate with the woman before this illegal marriage.

Mrs. Coustanza has not yet reached the also charged her with bigamy. She will be tried on this this afternoon. OBNOXIOUS WEEDS MUST BE CUT

Advisory Board Issues a Notice to that Effect. The regular meeting of the advisory board yesterday was chiefly devoted to a tedious discussion of the weed nuisance and plans for getting rid of the obnoxious vegetation. Health Commissioner Spalding reported that a great many property had cut away the weeds on their prop-erty, but others had paid no attention to the matter. After some discussion the commissioner was instructed to publish a genera notice to property owners to cut their weeds and in cases in which the order was not obeyed within five days to proceed at once to do the work and have the cost assessed against the property.

The action of the Board of Fire and Police Commissioners in ordering the purchase of two horses, wagons and harness for the

use of the police department at a cos \$250 was approved. Short Measure in Berries. In making his rounds yesterday Inspector of Weights and Measures Long discovered of Weights and Measures Long discovered a style of berry box that heretofore has been unknown to this locality. The box is of the regulation size, but the bottom is set up fully an inch higher than in the standard box, reducing the holding capacity about one-third. As there is no ordinance on the size of berry boxes, the Inspector was unable to prosecute the dealer who was cheating his customers.

Looking Over Tennessee Conl Mines. KNOXVILLE, Tenn., Taylor, representing an English syndicate which has an option on most of the con which has an option on mast of the coa-mines in east Tennessee, arrived here to-day and is being shown over the property. The capitalists whom Mr. Taylor repre-sents include also some Boston men. The stock has already been taken and the bonds sold and it is expected that the deal will be closed in a few days.
