EXTREME COLD IN THE GOLD REGION

Winter Sets In About September and Lasts Until April Daylight Only lasts Four Hours In Midwingter.

WASHINGTON, July 30 -- Under the directhe of Secretary of Agriculture Wilson, order that obsor is firswin. Citief Moore of the Weather bureau has made public a appreciate in regard to the climate. of Alsoho In this pretement Mr. Monty-

ust it is wholly obscured on a great days, the character of the winter a may be easily imagined

of the closed season of 1885-90 as-

and cold into that here bored has experienced in the United States for ry shart time, but bever has it cond do so very cold for so long a time. In interior of Alaska the winter sets in the as September, when snow storms be expected in the mountains and a Hendway during one of those storms possible, and the traveler who is overlay by one of them is indeed fortunate excapes with his life.

Changes of temperature from winter more mer may a own to the reset in-

to summer are rapid owing to the great in-crass in the length of the day. The mean of the day. Summer temperature in the interior doubtmiddle and lower Yukon valleys.

anza gold mine at Tultabengo is taking out There is a more hopeful feeling in the bushtions community as it is recalled that the findin a meerable tin-dollar bill country has never been more prosperous than during the past few years of declining value of silver. All the remarkable progress has been made under hard conditions. Large amounts of exchange have been bought dur-

To Mine Alaskan Gold.

TRENTON, N. J., July 30.-The United States Alaska Gold company, with an authorfred capital of \$1,800,000, was incorporated this afternoon by the filing of articles in the office of the secretary of state. The compary is formed for the purpose of mining good in the Klandyke fields. The incorpor-ators are: Ealph McKee of Tompkinsville; Henry P. Whitaker, Hotel Imperial, New Hanry P Whiteker, Hotel Imperial New York: Prederick J. Brandlyn: Harry F. Rossaet, Hotel Netherland, New York; Thomas F Daniels, Hotel Girard, New York, and James A. Atwater, New York. The cap-Ital stack paid in is \$1,200.

EDISON'S FIRST BIG CHECK.

It Was Good, but He Was Suspicious

Wigard Edison recently came over to New York from Mente park on business connected with some of his numerous enterprises, and while in town dined with a friend During the dinner hour the great electrician b came conversational and told in his quaint way the story of his first acquaintance with any large sum of muney, relates the Boston Transcript

It was to the early seventies, when he was a young man struggling along with his inventions, and had no capitalists to back him. In fact, he had no bank account and hardly knew what one was. Bank checks opportunity right now-in Omahause and he had as much idea of their value than in the Klondyke gold fields-

ent on the rold and stock indicator to unbeard of prices as \$98 \$110 -Western Union Telegraph company for \$118 \$127 \$148 \$163 and \$187 -\$40,000, and had come over to New York to fourteen different makes—fancy and get my money. I had heard of Wall street natural wood cases—on terms that and its buils and bears and has been told that the locality was full of sharks who would fleece a stranger quick. So I made up my mind that Wall street was an unde-strable place, and that if I ever had operation

"At the time General Lefterts was president of the Western Union, and I shall never forget my sensetions on the morning that went into the company's general offices to clear up the sale of my patent. I was im-mediately recognized by a clerk, who unbered the lum the pressure of the president, who, after a few preliminaries, handed me a check

I looked at it ourlously for a momen or two, and my manner must have conveyed to Lefferts the impression that I was very much pursled what to do with it. Of course I knew that I had sold the patent to the de five-cent Stoecker cigar—an' if Western Union company for \$40.000, but I you're gold ter stay ter home or couldn't exactly realize that the scrap of gold to Alaska you can't make a paper tendered was good for such an amount

Observing the perplexity, General Lefferts taid me that if I would go down to the flank of America in Wall arrest I could get the

our after carefully folding up the check, and went toward Wall street. So uncer-

of paper. I should have of America I besi-check willingly the Bank of America I besi-tated before entering, fearing still that comedning night be wrong At last, how-ever. I mustered up my courage and de-termined to try it. Emering the bank, I walked up tremblingly to a little hole in a high glass-topped desk through which I placed my check to the cashier.

"The latter after scrutining it closely,

TEMPERATURE OF ALASKA gave me the check back with a piercing chaire, and said surreshing which I could not understand, as I was then, as I am now, rather deat.

ever convinced that his check wasn't worth One of the Strange Experiences of an \$40,000, and I again thought, se I rushed out of the bank with it that any man who English Gyper. would give me \$1,000 would be welcome

"As quick as my legs could carry me I hurried back as the Western Union office and told the president that the check was no mod to me as I couldn't get any money General Lefferts langhed and seeming to understand my unsophisticated business methods, called a nierk and requested the latter to necompany me to the bank and identify me Arriving at the bank I again presented the croublesome bit of paper to the combine, and Lafert's cherk said. This man is Thomas A. Edison, to whose

How Many of Them Have Quietly Obtained Advice That Made Them Well.

Mr sister, if you find that in spite of following faithfully your family doetor's advice, you are not getting well, why do you not try another course? Many and many a woman has quietly written to Mrs. Pinkham, of Lynn, Mass., stating ber symptoms plainly and clearly, and taken her advice, which was promptly received. The follow-

ing letter is a confirmation of our claims: "I had been sick for six months: cme doctor told me I would have to go to a hospital before I would get well. I had female troubles

in their worst form, suffered untold aconies every month; my womb tipped back to my backbone, had bendache. hysteria, faulting spells, itching, lev-"My feet and hands were cold all

the time, my limbs were so weak that I could hardly walk around the house; was troubled with numb spells. I have taken four bottles of Lydin E. Pinicham's Vegetable Compound, one bottle of her Blood Parifier, one package of her Sanative Wash, and am entirely cured. I have not had one of those numb spells since. Can you wonder that I sing the praises of a medicine that has cured me of all these ills ""-Mus. Louisa Phace, 650 Belmont St., Brockton, Mass.

the house in which he passed the last year of his life and filed stands a short distance of Semuel L. Governeur, for time years post-master. The year following, July 4, 1831, 2- field ared 75 years.

Lights Turned Off. Trouble Begins and that two of his predemssors in the presithe Cake with the Ring Was Stolen.
