

CONDITIONS OMAHA'S TRADE

Preparing for a Large Fall Movement of Merchandise.

COUNTRY COLLECTIONS ARE ALL RIGHT

Retail Trade Slow, But Sales Show Considerable Gain Over Last Year. Jobbers and Manufacturers Doing Well.

The trade situation is steadily improving in all sections of the country and so far as can be learned from the reports of visiting traveling men the improvement is fully reciprocated at Omaha as at any other point. In fact many reports would seem to indicate that this section of the country is experiencing a more rapid recovery from the fall times than most other sections.

TALKING OF NEBRASKA

The buyer for a local jobbing house, just returned from a local jobbing house in the heavy jobbers and manufacturers in the heavy trade in Nebraska and other western states and that they were especially eager to hear an explanation of the heavy trade in the mortgage independence of this state.

OMAHA AND SOUTH OMAHA MEMBER TO KEEP AHEAD OF THE MARKET

W. H. Robertson, local manager of R. G. Dun & Co.'s Mercantile agency, speaking of the trade for the week says:

It would be anticipated to expect activity in business circles generally with the tropical season on in its most extreme conditions. However, in spite of the intense heat the southern and western sections are experiencing a growth and development which is almost phenomenal.
