

THE FIELD OF ELECTRICITY

Practical Development of Long Distance Transmission of Energy.

ELECTRICAL POWER ON STEAM RAILROADS

Sparrows as Electricians: Application of Electricity to Turbines, Rheostats and Diamond Making - Farm Telegraphs.

Notwithstanding the fact that several articles have appeared in print quite recently...

This is a subject of so much interest and importance to the public that such a positive statement would not be made were it not well founded by facts.

The electrical pressure on the conductors may naturally be taken as the highest ever attempted, and it will be required of course to a remunerative working pressure at the place of utilization.

This is the latest advance and a great step in the conveying of electrical energy for power purposes over long distances.

The trial is completed the record that twenty lines are operated upon an entirely different principle and on a safe comparison can be obtained therefrom.

SPARROWS AS ELECTRICIANS.

All the telephones were out of order, relative to Chicago, Illinois. When Mr. Smith...

At last, just as it was coming 6 o'clock, he reached a big building which was said to be a diamond mine.

Mr. Brown, who was in charge of the mine, was a man of about thirty years of age, and was dressed in a suit of dark clothing.

MAKING DIAMONDS.

Prof. Crookes has announced that within five years he will be producing diamonds in a laboratory.

ELECTRIC TUNTABLE.

Several large electrical manufacturers report a sudden demand for electric locomotives.

WHERE HUGE EMPIRES MEET

The British-Indian Empires Along the Roof of the World.

SCENE OF BRITAIN'S LATEST "LITTLE WAR"

Characteristics of the Tribesmen of the Hills: A Possible Rehearsal of the Lost Tribes of Israel.

The scene of Britain's latest "little war" is a suggestive one, both reminiscent and forbidding.

At the present time, the British Empire is in a position to make a possible rehearsal of the lost tribes of Israel.

THE FARMER AND GOOD ROADS.

Practical Systems Now at Work in New York and New Jersey.

With all the advances of thought in the direction of better highways, says the Michigan Farmer.

REVALS IN CHITRAL.

Chitral, India, is the one border state which touches the Russian frontier and also the Chinese.

THE FARM TELEPHONE.

A simple device for tapping current has been invented, which is very useful wherever the transmission of electric energy is required.

FARM TELEPHONES.

Twelve months ago there were comparatively few farm telephones in the country, but as the telephone line has been extended...

OLD-TIME SWEETNESS GOVE.

Molasses Now Made Into Rum and Brown Sugar Can't Be Bought.

STUCK ON HYMEN'S HALTERS

A Chicago Man's Extraordinary Talent in the Matrimonial Line.

AT LEAST SIX WIVES TO HIS CREDIT

Maintained Three Domestic Establishments on a Salary of Sixty Dollars a Month—A Remarkable Achievement.

One of the suburban pairs of Chicago suburbs at the present time is a man of considerable note.

The name of the matrimonial wonder is David E. Bates. He was born in Michigan thirty-eight years ago.

LIST OF WIVES.

These and the women whose claim to Bates as husband were presented to the public.

Mr. Bates formerly Mrs. Julia McCarthy; she was married to him in 1875.

HAPPY FAMILIES.

Bates has three families, a few children in England, and the same thing he expects to have every day.

HOW DID HE DO IT?

"How did you do it?" asked a detective of the greater after wearing half an hour with the problem.

HOW DID HE DO IT?

"I do not see how this man overcame the difficulties of matrimony in one of the largest cities of the world.

AS A LETTER WRITER.

When the late, respected Judge Henry of letters was found in the possession, barely of which were from women in various parts of Michigan.
