

# \$500,000 TEARING DOWN and MOVING SALE AT BIG STORE

The price cutting knife has been used unspairingly on every piece of merchandise in the Big Store. Before moving into our large new addition, now nearing completion, the west wall of the main store will have to be town down. All the muslins, white goods, flannels, wash goods, muslins, skirts, capes, shirt waists, millinery, furniture, music and stored goods without reserve, will have to be sold before the wall comes down. Every department will be overhauled, improved, enlarged and changed,

## The Moving and Storing of Merchandise Aggregating over One Half a Million Dollars Would Result on Many Thousand Dollars Worth of Loss and Expense.

We prefer to have our customers do the moving and will pay them well by cutting the prices from one-half to one-tenth regular values. America has not witnessed such gigantic bargain giving in years. We are determined to open the new store without a dollar's worth of old stock. The inrush of tremendous fall orders will soon begin. Room must be had at any sacrifice. Economical buyers never had such an opportunity as now.

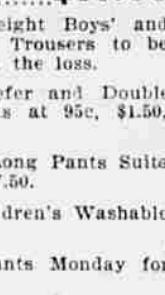

## This Week's Sterling Bargains at Hayden Brothers Will Never Be Equalled
