## CONFEREES WORK QUIETLY

Sim, Carson and Wright Busy on the New Motor Charter.

**WILLING TO AVOID PUBLIC ASSISTANCE**

## CARRY ON THEIR DISCUSSIONS IN THE Mayor's Private Office and Hope to Reach a Satisfactory Agreement.

The committee appointed at the special meeting of the city council on Monday afternoon, consisting of Mayor Carson, Councilmen Sim and George F. Wright, as a conference committee to adjust the differences between the citizens, the city council and the motor company, that appear to stand in the way of the passage of the new motor company charter, held a lengthy session yesterday afternoon in the office of the mayor. The conference was not strictly *entre nous*, but whenever an inquisitive reporter called he was entertained in the front office of the mayor's apartment, most pleasantly by that gentleman, and could only hear the hum of earnest conversation in the adjoining room, which filtered through the tightly-closed door and shut transom.

It is the intention of the committee to arbitrate all differences and arrive at a conclusion by mutual concessions, and fix up a charter that will be acceptable to the people and at least bearable by the company. It is believed that these discussions can be better carried on without the presence of the public ear, and the differences adjusted equally satisfactory and much more promptly than if every suggestion and argument were retailed to the public. It is believed that very substantial progress was made yesterday, and that a special meeting in a few days will be called within a few days to ratify or reject the compromise effected.

## ESTIMATE ON ANNUAL TAX LEVY.

**Finance Committee of the Council**

The finance committee of the city council held a meeting yesterday and agreed upon the tax levy for the coming year. City Treasurer Gorham and Finance Clerk True furnished the committee with the statistical information required and the estimates necessary to meet the obligations of 1898. It was determined that the total city levy for 1898 might be found to be such as to justify a still further reduction in the annual levy, but this hope was blighted when the members of the committee met with the figures from the assessors' returns showing a great reduction in the total of the assessment for 1898. In making the levy it had been assumed that the city and county levies for the last two or three, making a steady decrease in the amount collected for city taxes. Last year the city and county levies were 27 1/2 mills, and when the committee discovered yesterday that it would be necessary to increase this levy by the addition of 2 mill more, they were disappointed. A little figuring, however, showed that notwithstanding this apparent increase, there would be an actual reduction of the total amount of taxes to be collected from the property owners approximating about \$18,000. Then the committee felt a good deal better, and the reluctance to present its report to the council vanished. The levy agreed upon follows, the table showing the old and the new levy:

1897	1898
General fund.....	100 10 10
Bonded debt.....	100 10 10
Interest on paving and grading.....	25 50 25
Interest on water works.....	20 00 20 00
Library.....	10 00 10 00
Park.....	10 00 10 00
Water.....	10 00 10 00
Funded debt.....	20 00 20 00
Judgment.....	00 00 00 00
Broadway.....	00 00 00 00
Total.....	255 10 255 10

There has been no great change in the levy of the city, and while the tax levy is 2 mill higher than last year the fact is that the city and county levies are an amount of over \$54,000 more paid, and this year there will be a further reduction of the total amount of taxes to be collected from the property owners approximating about \$18,000. Then the committee felt a good deal better, and the reluctance to present its report to the council vanished. The levy agreed upon follows, the table showing the old and the new levy:

**"OLD PAT," THE FIRE HORSE, DIES.**

**Veterans of the Department Succumb to Old Age and Infirmary.**

"Old Pat" the veteran fire horse, was found dead in his stall yesterday morning. Death came to him in the night so softly and gently that none of the friends of the horse knew of his presence. He simply laid down in his stall and went to sleep. Death was of course, due to old age, and an examination yesterday revealed the fact that he was greatly weakened by the extraordinary length attained by his front teeth, which prevented the back part of his jaws from touching by nearly as much as the old horse has been in the department for about twenty years, and he was 10 years old when he was purchased. He had a most enviable record in the department. From the first he had an intelligent conception of his duties and he performed them faithfully and faithfully. During the time the department was equipped with the horse cars, his record showed that he had gotten his cart first to the fires more frequently than any other horse in the department. He had not a single runaway charged to his account, and for ten years of his time he took care of his cart after the fires were reached without any accident or incident. The members of the department. He was never tired, and no amount of excitement could cause him to leave the fire until the hose was reeled and the lever on the seat. The cart he pulled for so many years was no common affair. It was made by the manufacturers for exhibition at the Paris international exposition and won the gold medal for the best of metal about it was either gold, silver or nickel plated. And the old horse was just by the side of the members of the department. But when the four wheeled carriages came into use the old cart was relegated to the rear, and with the old horse drawn in the rear, it was used for the sewer gang for the last five or six years. Pat led an active life until the last six months of his existence, when he was laid out and permitted to enjoy all of the comforts of life, with none of its cares and hardships. He was buried yesterday in a respectable grave.

## He Is Opposed to Lake Manawa.

A remarkable petition was filed in the office of the clerk of the district court yesterday. It was an application for an injunction to prevent any further improvement or development of their property by the people who have expended thousands of dollars to convert Lake Manawa into a great summer resort. The injunction is asked for by a farmer named Malone, who owns a small tract of land on the north shore of the lake. He is asked to ask against the Lake Manawa Railway company, Colonel Reed and the capitalists who have a fortune invested in the lake front property, the Council Bluffs Rowing association, with \$10,000 invested in buildings and improvements, and a number of other parties who have expended thousands of dollars to convert Lake Manawa into a great summer resort. ## ABOLISHES THE CUT OFF JAIL.

**City Council Decides There Is No Need For One on the Island.**

The city council at its regular session last evening for the purpose of receiving the report of the finance committee and fixing the tax levy for 1898. The levy as reported by the committee was approved and ordered to be certified up to the county treasurer.

While the council was discussing the financial affairs of the city, the question of abolishing the cut off jail on the island was brought up. The council decided that there was no need for such a jail, and that the existing jail on the island was sufficient for the purpose. The council also decided that the cut off jail should be abolished, and that the existing jail on the island should be used for the purpose.

## NEW YORK, Aug. 24.—The disastrous situation by eleven-hour operators were demonstrated in the wheat market today.

Falling to secure the necessary amount of bull notes these related operators punctured the bull bubble and the price fell with a crash to a point over 8 cents a bushel under the top notch for the year. At the outset, although signs of a collapse were manifest in the uncertain wavering of prices and freedom of offerings, the bull leaders endeavored to arrest the threatened decline by pointing out the comparative stability of Liverpool quotations and the frosty weather conditions in the northwest. For a time these influences had some effect, but the market was unmistakably tumbled and soon broke through all restraints, reaching the lowest figure in the early afternoon, when December, after having opened at \$1.00 1/2, sold at 95 3/4 cents. Foreign buyers deserted the market, but were chiefly conspicuous as sellers, led by the continent. A feature of the trading was the comparative heaviness of December, which declined 1/2 cent in the afternoon. September at one time during the day, French cables were particularly weak, closing at 20 1/2 cents, and the Corn Millers' association has advanced the price of flour 1 shilling per sack, making 11 shillings advance in five weeks.

**Eighty-Cent Wheat at Kansas.**

WAUSAU, Neb., Aug. 24.—(Special.)—Wheat brought 80 cents per bushel at this place Saturday. All classes are feeling the effects of better prices for farming products, and a general air of prosperity pervades this portion of Nebraska.

**DAVIS HEIRS READY TO SETTLE.**

**Estate Has Divided Away While They Were Litigating.**

BUTTE, Mont., Aug. 24.—The long fight over the estate of Andrew J. Davis is practically settled. A petition was filed in the district court dropping the contest to the alleged forged will, and agreeing to the distribution.

Mr. Davis died in 1890, his estate was valued at \$5,000,000. Of this Andrew J. Davis, Jr., a nephew of the dead millionaire, was given stock of the First National bank, which he valued at \$2,000,000, by an alleged deceased bequest. The stock of the Butte and Boston Mining company, valued then at \$2,000,000, has since been sold to the reorganization committee of that company for \$180,000. An inventory filed with the petition gives the amount of cash in the addressee's hands as \$272,000, real estate \$200,000; notes, \$110,000; property in the hands of the auxiliary administrator in Boston, \$450,000—total, \$1,732,000. The debts of the estate are \$150,000, and the balance of the administration, \$1,182,000; bequest in will, \$4,000,000—total \$5,232,000. The balance of \$1,672,000 is ready for distribution now. The will is not allowed, and the estate is being right away. In the agreement dropping the contest all the blood relatives of the dead millionaire are taken care of, but Diana Davis, the widow of Andrew J. Davis, is the former is barred by the statute of limitation, never having been a party to the contest. Erwin Davis is the executor of the estate. The agreement divides the estate into eleven hundredths; Henry A. Root, Sarah Maria Cunnings, Mary L. Dunbar, Charles H. Ladd, Ellen S. Corne and John Root, each to receive one hundredth, jointly get 250 eleven-hundredths; Harriet S. Sheffield, the sister, and H. A. Davis, the nephew, jointly 40 eleven-hundredths; Eliza Rowland, sister of Calvin P. Davis, and her children, jointly 100 eleven-hundredths each, and Eliza Smith, niece, 250 eleven-hundredths. The balance, 31 eleven-hundredths, goes to the trustee under agreement for A. J. Davis, Jr., and Charles H. Palmer, for purpose not recited, but supposed to be for future distribution. It is thought that Erwin Davis will make a fight. He already claims one-half of the bank stock awarded to young Andrew Davis.

## AMERICANS HOLD THE ISLAND.

Pacific Phosphate Company Raise the Flag Over Clipperton.

SAN FRANCISCO, Aug. 24.—It is learned from Paul J. Henning, an employe of the Pacific Phosphate company, that the American flag is flying on Clipperton island. He has been living on the island with two other men, and they successfully resisted the attempt of Captain Melville of the ship Kinkora to hoist the British flag there three months ago. The Kinkora was wrecked and the three Americans held as wreckage nearly 1,000,000 feet of lumber, which was washed ashore. H. M. S. Comus visited the island, but did not disturb the stars and stripes nor enter a claim for the valuable lumber.

## Bay Water Works Cheap.

MILWAUKEE, Aug. 24.—The entire plant of the Ontario Water company has been sold by Deputy United States Marshal Frank W. Cutler for \$500. The sale was in pursuance of a decree in the United States court in favor of the National Foundry and Pipe works, Limited. The property was sold to satisfy a claim of \$25,000 for pipe and other material for the construction of the plant. The property was bid in by the plaintiffs in the suit, the National Foundry and Pipe works. The property is said to be worth more than \$100,000.

## Releasing Chattel Mortgages.

GREAT BEND, Kan., Aug. 24.—The county recorder has reported the release of over \$500,000 in chattel and real estate mortgages since August 1, and half of the crop has not yet been thrashed. It is predicted that the harvest will be a bumper one, and will look back on the largest ever raised in the history of the county. The property is said to be worth more than \$100,000.

## Wailea Will Stay in the House.

SHERMAN, Tex., Aug. 24.—Hon. J. W. Bailey, congressman from the Fifth district, authorizes the announcement that he will not be a candidate for re-election to the senate at the next election. He has been advised to again stand for re-election to the senate by the county. He believes he will, if the congress is democratic, be the next speaker.
