KLONDIKE IS HOLDING OUT

Mines Continue to Yield Plenty of the Yellow Metal.

Returned Miners Tell of Its Wealth.

Set So Much Gold Has Been Taken Out This Summer, as the Wet Season Hampers the Work.

PORT TOWNSEND, Wash., Aug. 26.—The schooner J. M. Tolman, which left St. Michaels, at the mouth of the Yukon, July 28, was spoken last night off Hazy Rocks at 9:30 by the steamer Front, of Vigilant, which was in the straits waiting for the arrival of the Portland. The Tolman brings four passengers who have been in the Klondike and who left Dawson City July 17. The passengers are Charles H. Metcalf of Detroit, Mich.; B. E. Jones, Berkeley, Cal., an assayer for the Alaska Commercial company at Dawson, C. R. and E. H. Patrick, both of Berkeley, Cal. They left Dawson ten days after the Thorp party, who arrived at Seattle last week on the steamer George B. Starr from Dyea. They all tell stories of the richness of the Klondike, Bonanza and Eldorado creeks, but all say that very few clean-ups have been made since the early summer.

Were Sawing Last Year's.

Commissioner Wright yesterday held William Frost to the federal grand jury on the charge of passing and having in his possession counterfeit money.

Considerable additional information was obtained yesterday concerning the operation of the mines of counterfeiters of which the two major members, J. L. Foster of the distinct parties of them who came from South Omaha or some point south of there and crossed the ferry below Manana of the Klondike and came to a light house on the river, and claimed to be going through the country buying up farm produce.

All of the bogus coin that has been found came from the same set of moulds, and the plant has been located very close to Bellevue.

Mark Hanna Syndicate Said to Be Intending to Purchase.

OTTUMWA, Ia., Aug. 26.—(Special Telegram)—There are strong indications that a big combination, headed by Senator Mark Hanna, has its eyes on the immense coal fields of Iowa with the intention of either buying or getting control of the coal fields of the state and the mines of that country.

Call for National Irrigation Congress to Meet in Lincoln.

LOS ANGELES, Cal., Aug. 26.—The official call for the Sixth National Irrigation congress has been issued and contains the following:

More good news has come from the Klondike. The steamer City of Topeka, which was just arrived, left Juneau for the arrival there of the schooner, James Kay, which was on her way from Dawson to Dyea in twenty days.

PORT TOWNSEND, Wash., Aug. 26.—The schooner Fred Saunders arrived this morning at the mouth of the Klondike, situated at the extreme end of the Khyber pass and garriaged by 300 men of the Khyber Rifles, was attacked and burned by the Afridis on Tuesday.

Advertisement for Pearlline soap, featuring an illustration of a woman's face and text: 'This is the head of a Pearlline woman. There are others. And if the others don't look cheerful, it's no wonder. You've got to work hard, if you do your washing and cleaning with soap, and you've got to work a long time over it, and you're wearing things out with your rubbing. Pearlline makes the work easy and quick; saves rubbing. The wonder is that any woman who has to do soap's hard work can look pleasant, still, some of them do, in spite of it.'
