Failure to Obey Orders to Attend Drill in Preference to a Ball Game Causes Trouble in Nelson's Militin.

LINCOLN, Aug. 30 .- (Special.)-Mayor Fechet, acting adjutant general of the Nebraska National Guard, has just issued an order directing Brigadier-General C. J. Bills to proceed to Nelson, Neb., at an early date and investigate the trouble that has arisen in the company there. Several days ago Captain Ed M. Short of company H. First regiment, located at Nelson, issued orders for the regular drill exercises of the company. When the time for the drill arrived only a part of the company was present, several of the members being in attendance at a ball game that was then in progress. The captain sent a detachment after the men, but it returned without success. Captain Short then took a detachment and proceeded to the ball park to compel the truant privates to attend the drill. The reports say they refused to obey the orders and said they would come when they got ready, which was interpreted to mean that they would come when the ball game was finished. This angered the captain, and he charged bayonets on Corporal Porter, at the same time ordering him to go to the company headquarters. Porter started to go, at the same time throwing back his hand so as to receive a bad gash from the point of the captain's bayonet. The captain then seems to have lost control of himself and stabbed Porter twice in the hip with the bayonet, inflicting wounds about two inches

deep. The unfortunate occurrence has raised much discussion at Nelson, and it is said that there are many who are very indignant with Captain Short over what they call a most brutal act. Others uphold the cap-tain, and insist that he was entirely justified in purishing Porter for his disobedience of orders and threats of physical resistance. The occurrence has aroused some discussion and criticism in the ranks of the guard stationed in other parts of the state, and they also are divided as to the blame in the matter, some holding that in time of peace the captain had no right to use such extreme measures in enforcing his orders. Both men are of high standing as citizens at Nelson, Captain Short being the principal of the High school, while Corporal Porter is the son of a local minister.

GOSSIP FROM THE STATE HOUSE.

Land Commissioner Wolfe has just re turned from a trip through Garfield, Loup, Valley, Howard and Sherman counties, in each of which he held auctions of school land leases. The trip was a most success-ful one as he succeeded in leasing 15,400 acres and brought back a bonus amounting to \$991. In Valley county every acre offered was taken and only a section and a half remains in Howard county. Mr. Wolfe found the farmers of that section of the state very anxious to secure land, the resi-dent farmers being the highest bidders. There was a general feeling that farming in the counties named is a profitable industry and school lands which have here-tofore been idle were eagerly sought after. Articles of incorporation for the Gebo Land company were filed with the secretary of state today. The business of the com-pany is stated to be the buying, selling, improving and renting of lands the construc ion of buildings, factories and irrigation ditches. The capital stock of the company is \$100,000 and the principal office is to be at Omaha. The incorporators are Irvin H. Davis of Omaha, William C. Strohm Wyoming and Samuel W. Gebo of Montana.
