ROUND ROBIN TOURNAMENT GAMES. Remaining Contests in the First Round to Be Decided Tonight.

A solid start will be made in the round robin tennis tournament of the Omaha Tennis club this evening. The committee unnounces play to begin at 5 o'clock promptly and promises to keep the courts ecupied until the light begins to fade. Four matches are down for decision tonight, one match in the first round of five games hav-ing already been lost and won. The games tonight are:

C. S. Cuillingham against S. C. Caldwell. Frank Haskell against Ezra Millard. Fred Lake against H. Haskell. W. D. Bancker against S. Gillespie. So far as paper form counts for anything the first named in each has the best chance of victory, though in the case of the two last named contests, especially, there is no reason to suppose that the results are foregone conclusions. Cullingham during the interstate tournament showed more steadiness in the courts than he has for a couple of years, and although he does not exce of years, and although he does not excel now as he once did in the singles game, it is certainly more than probable that he will come out victor against Sam Caldwell unless the latter man shows much greater skill than he has exhibited heretofore. Yet the match will be an interesting one, and may furnish a surrole.

ray furnish a surprise. Frank Haskell's match will be interesting as furnishing an indication as to whether his summer vacation away from the tennis summer vacation away from the tennis courts will be any handleap to him in this tournament. On paper he is the most likely winner of the event and his first contest will be watched with eazerness as an index of his form. Millard will probably be able to make things lively for his antagonist.

The Haskell-Lake contest is perhaps the most uncertain of the quartet, as there is resulty no clew to the relative standing of the two men. Haskell is a member of the Shriner club who took part in the interstate tournament, but has otherwise not been prominently identified with public exhibitions of the game. Lake has had good practice at Harvard, but was somewhat of a disappointment in the recent tournament here. s furnishing an indication as to whether

Bancker and Gillesple are both members of Bancker and Gillespie are both members of the Thistle club and each of them has at times scored victories from the other. The fifth game in this round was the one in which Ed Morsman won after two hard-fought sets from W. H. Williams. The Shriner champion probably played the better net game of the two, but he fell down on his base line strokes and on his killing of lobs. His placing was especially accurate, and although at this early stage of the tour, nament, he occupies the place at the bottom. and although at this early stage of the tour, nament he occupies the place at the bottom of the list it is likely that several others will climb in under him before the close. Mors-man put up a steady game throughout, and won by the hardest kind of hard work. Here is the standing of the ten men up to date:

RACES ON CHARTER OAK TRACK.

Without a Decision. HARTFORD, Conn., Sept. 1.-Seven heats were trotted by the 2:30 horses at Charter reached. After capturing the second and third heats Georgianna looked like a sure winner. On account of a break in the next heat she dropped to last place, and two breaks in the fifth caused her to be shut out. Noonday was doing the steadlest work in that class, although she got only one heat. There are many who look for her to win tomorrows fifthe finishes in this race were close, and the horses who remain in appear to have an even chance, judging from their present form. Oakland Baron was really never semonsly bothered in the 2:14. Valence, who was expected to set the pace, never taking the lead in the whole three miles. The pacing race was well contested. Bright Regent taking one heat, when Guinette broke and fear! Onward making three hard fights for first place. She drove the winner so hard in the last heat that Bright Regent after losing ground on a break was shut out. Marlon Mills paced the mile today without driver or sulky in 2:104. Simmaries:

If Samson's digestion had been out of order, and his blood impure, there would probably have been a different story to tell bout the lion. there are business problems to struggle with and business difficulties to overcome, that are calculated to test their strength and endurance fully as much, if not more, than the lion did Samson's. A man to be successful must be in good physical condition. This is as true of the man who works with his mind as of the man who works with his muscles. The man whose brain is poisoned with im-

the man whose brain is poisoned with im-pure blood will suffer from headaches and be listless and lacking in energy, unfit for business, unfit for pleasure. Dr Pierce's Golden Medical Discovery stimulates the digestive organs, invigorates the liver, soothes and strengthens the nerves and fills the arteries with the rich, red, pure blood of health. It restores waning energies. It builds up strength. It makes sound, healthy flesh. It should be taken by every man or woman who is weak, sick, run-down, emaciated, bloodless, nerveless, miserable. Druggists sell it.

Miss Julia Ellis, of Paith, McLeau Co. Rv., writes: "After suffering for a long white with a lingering disease, I was advised to try bactor Pierce's Pavottie Prescription and 'Golden Medical Discovery' I look four bottles of the 'Prescription' and three of the 'Discovery' and found relief. Life is now no longer a burden to me. I weigh one hundred and twenty pounds. A year ago I weighed as pounds. It has been sometime since I discontinued the medicine. I shall praise it wherever I go. I feel better than ever before. My health wes very much impaired, and I feel that I owe a great deal to your wonderful medicine. I truly believe it saved my life. I thank you for the advice which you so kindly gave me while taking your medicine." Miss Julia Ellis, of Paith, McLean Co., Ry.
