Second Day at Lincoln Sees Some Windy Sport and Bad Spills, LINCOLN, Sept. 3.–(Special.)—The League ism. confinement ; robs of American Wheelmen state circuit bleycle races were held at the M street park this

afternoon under the auspices of the Capital

City Cycling club. A bad wind was blowing all the afternoon and on account of the bose dirt the track was very slow. The attendance was small, not many caring to face the dust in order to see the races, and the meet was not a success financially. The races were all very exciting, specially the professional events. In the mile open the following riders lined up at the start: Cummings, Boyum, McCall, Eberhart, Himstreet and McBride. Cyclone Barnett was put in to pace the race. At the crack of the pistol Cummings shot out in the lead for the pacemaker, who was slow in getting away, and the field went around him. On the next lap, however, Barnett went to the front and lined out a good pace. At the three-quarters, Boyum led Cummings fand McBride followed with the bunch at their heels. On the back stretch McCall started a jump and gained the side of the leaders. Cummings jumped on the last turn and gained the lead into the stretch, which he kept to the tape, with McCall a close second and McBride third. In the two-mile pro-fessional handleap there were ten starters. The field bunched on the first mile and im-mediately began to play for position, first one going to the front and then another. Boyum, the Minneapolis flyer, started a three-eighths mile sprint, but "Farmer" Cummings was tied to his rear with Pixley on the last quarter and looked like a winner, but going down the back stretch Cummings made one of his famous jumps and easily gained the lead. Entering the last turn Pixley came through on the pole and led into the stretch by a length. Here Cum-mings front tire exploded and he went down, carying Melerstein with him. Pixley intshed first; Eberhart of Salina, Kan, sec-ond, and Sager of Denver third. Johnnie "Botgum" Conover, the little Kansas City wonder, had an easy thing in all of the amateur events save one which was won by the pacemaker in a runaway.
