Attendance: 7,000, NEW YORK, Sept. 4.—The New Yorks appeared to be in a trance after they made their first run this afternoon, and although the Browns tied the score later, it did not seem to waken them. In the ninth the St. Louis players got in a hit, and Seymour made an error of a little bunt. Hartman forced Lally to third, but Seymour a mo-ment later gave Houseman a base on balls. Hawley then swung for a base hit to the right and Tu.ere and Lally scored Joyce's men then woke up. In their half of the sixth, the Ginnts, by a base on balls, got the bases full. Two men were out when McCreery came to the bat and he smote the sphere up into the air for what scemed an easy out. Houseman, however, got the sun between himself and the ball and three men scored and McGreery reside on third. It was all over after that. PRESIDENT ARRIVES AT CANTON. Given a Hearty Welcome at His Old

CANTON, O., Sept. 4.-President and Mrs. McKinley will remain in Canton until Monday. When the Baltimore & Ohio Valley train steamed into Canton station at 6:20

streets in every direction were crowded with a surging mass of humanity. The old Me-Kinley reception committee of the historie campaign days greeted the party, a part of the committee having met the presidential train at Akron. Men, women and children made a rush for the McKinley car and it was with great difficulty the officers could keep a line open to allow the party and their escort to reach the carriages. Cannon

boomed and the street was a continuous mass of cheering. No formal demonstration had been expected or planned. Later in the evening, however, the earlier

crowd was surpassed when the reception com-mittee, headed by the Grand Army band which was at the St. Louis convention and the recent Buffalo Grand Army encampment, tendered President and Mrs. McKinley & serenade. After "Home, Sweet Home" had been rendered, President McKinley, in re-

sponse to thousands of calls, appeared on the stairs and made a brief address.

INDIANAPOLIS, Sept. 4 .- Broad Ripple, : suburb of Indianapolis, ten miles from the city proper, was the scene this morning o one of the most terrible disasters that ha visited the state. Six persons were burned to death and thirty people are lying in the homes of neighbors burned, scarred and racked with pain from broken bones Four buildings, occupying a block of the towa, are in rulus. Of the six dead nothing but charred and blackened bones, with hanging string of foul smelling flesh, remain. Two of the dead are still unidentified, there being no way of identification except by listing those who are missing.

At 10 o'clock a foul odor was noticed in the drug store of J. M. Watts and a lamp in a dark room used for amateur photography went out. It was lighted and as the burning match was thrown to the floor streaks flame of a bluish tint ran along the joints between the boards, showing the presse of escaping natural gas, and then up the walls. The next instant the explosion came. The walls were hurled in every direction and the top of the building fell with a crunching, grinding sound, covering all, The rules were burning immediately and shricks could be heard from those buried be with. Of the seven persons in the store three were burned alive. The rest are still

alive and inay recover. A hundred persons were at work on the ruins and trying to save Gresh's grocery. adjaining, pulling at the ruins to save those buried beneath. While thus engaged and minutes after the first explosion, the second came from beneath the grocery. 11 was a mighty roar and hurled the building to atoms. Forty people were knocked sensewere strewn in all directions with broken bones and burned bodies, while as many more escaped with small bruises. The shock made the whole town quiver. Beneath these ruins Pius Greig, the groceryman, was caught and crushed to death. His body was recovered before it was entirely burned. The ruins were added to those of the build-ing adjoining, demolished by the first exosion, and the whole mass, together with an adjoining frame cottage and a livery stable, was burned to ashes, only the bucket brigade being on hand in time to do any good and it probably only prolonged the agony of the victims who were burned.

ARE PLEASED WITH THE CHANGE.

People of New England Delighted with Industrial Conditions.

WASHINGTON, Sept. 4 .- Colonel Brigham, assistant secretary of agriculture, has returned from a trip to New England. He reports that the people of that section generally express themselves as pleased with the change that has taken place in industrial conditions. While the farmers are especially

delighted on account of the enhanced value their products, there is no disposition on the part of others to grumble because they have to pay more to the farmers. Col-cuel Brigham still holds to the opinion that the aggregate value of the entire crop of the country will be almost, if not quite, half a EXPRESS MESSENGER BEATEN billion dollars in excess of that of last year.

miles from the postoffice, was captured by walked to his farm and there guarded by one while the other overpowered Mrs. Ma gee, an aged lady, and bound and tied her to a chair. The robbers (vidently knew that last fall Mr. Magee drew from the banks a large sum and they threatened to burn the house if it was not given up. Finally they socured \$1,500. Before they left one of the robhers informed Mr. Magee that the money would be returned in November if no effort made to discover their identity and that he would send them his note by mail

for the amount, explaining that he was a business man and needed the money to keep him from going into bankruptey. No clue has yet been found as to who the men were.

California Sulvation Army Colony. SAN PRANCISCO. Sept. 4 -- Commander Booth-Tucker of the Salvation army will ar-

rive here on September 16 for the purpose to raise the \$10,600 necessary to secure the success of the project.

EVENTS ON THE RUNNING TRACKS

Opening of the Fall Meeting of the

Cincinnati Joekey Club. CINCINNATI, Sept. 4.-The fail meeting of the Cincinnati Jockey club opened today with pleasant weather, fast track and good attendance. The feature of the day's events was the Cameo stakes for 2-year-olds, at hy and one-half furiongs. The race brought out the best field of 2-year-olds that han started on the local tracks this seas in and the contest was a very pretty one. Lillian Bell was the winner after a terrific drive. She only beat George B. Cox a half length for the first money. The latter was almost left at the post, but covered a lot of ground in the stretch and would have won his a few more jumps. The other events also brought out exciting finishes. Business in the betting ring was brisk. of every description and driven by devo-tees of the animal from ien different states, or carrying smartly gowned riders of hoth sexes, was the principal attraction at Fairmount park this afternoon when the third annual horse show opened at 2 o'clock. The parade probably composed the best dis-play of fancy horses and cosily turnouts ever witnessed in this part of the country, while the grand stand and boxes contained a wealth of beauty and fashion from this as well as many other cities. Frederick Bronson of New York, W. Stanton Elliott of New York, C. E. Quinlon of Trenton, N. J. and Dr. Turnbull of Philadelphia were amiong the judges who decided the points in the eight classes on the program for the first day. A detachment of cavalry from Fort Riley, Kan, gave an exhibition of skill in riding, shooting and athletic exercises, and Sig. Liberati, the cornetist, rendered several numbers. The show will last a week and the heavy advance sale of seats indicates it will prove successful be-yond the directors' expectations. In all the classes exhibited today the competition was strong. The principal event of the day was the awarding of the \$1,000 purse for best saddle horse, mare or gelding any age. The first prize, \$50, went to Rex McDonald, exhibited by John T. Hughes, Lexington, Ky. The second money, \$25, was awarded to Monte Cristo, Jr., ex-hibited by J. T. Crenshaw, Scott station, Ky, and the third prize, \$150, was awarded to Matilda, exhibited by John B. Camieton, Louisville, Ky. The fourth prize was awarded to Ike, shown by J. A. today said that there was no truth whatever in the stories and that the only thing to be considered at the special meeting of the stockholders would be the proposition to authorize the creation of a bonded debt not exceeding \$165,000,000, 5 per cent gold bonds maturing in 1987, for the purpose of refund-ing outstanding obligations of the company. There would be no consolidation of the roads, Mr. Sykes said, because the Northwestern at the present time practically controls the Omaha **Railroad Building in Arizons.** PHOENIX, Ariz., Sept. 4 .- Notice of inten-

tion has been filed by the Atizona and Coast Line railway, incorporated, to build a road from Tucson to Calabas, near Nogales, A. T., a distance of seventy-two miles. This route is the same surveyed by the Santa Fe. Prescott & Phoenix railway when it was designed to extend that line to be the Santa Fe's outlet from Santa Mora. The new cor-poration, which is understood to be under outhern Pacific auspices, is capitalized at \$1,000.000, and its directors are M. P. Free-man, Hugh J. Doney, I. M. Jacobs, Charles Hoff and E. Hazard.

Grand Trunk Forces the Issue.

SAGINAW, Mich., Sept. 4 .- The Grand Trunk is issuing exchange tickets here to anyone who presents one of their \$20 mileage ooks. Hitherto the original purchaser only could use the book. The new departure ac tually means a 2-cent rate over the system within Central Passenger association territory and war to the knife with the Michigan Central and other Michigan roads against the interchangeable mileage system, which the Grand Trunk has always fought.

Increased Attendance at Nashville.

NASHVILLE, Tenn., Sept. 4-The attend-ance at the Tennessee Contennial exposition ance at the Tennessee Centennial exposition during this week has been quite large. The number of visitors increases daily and great crowds during the next eight weeks are **L** sured. The grounds are more beautiful than ever. Indications point to a very large attendance at the business woman's convo-cation, which will be held in the Woman's building on September 15. Representatives of many states will be present. The Amer-ican Society of Municipal Improvements will convene October 5-16. The membership is composed of city officials throughout the United States and Canada and a meeting is held annually to discuss matters periain-ing to the material improvement of munic-ipalities.
