HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When uring stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the back kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquo: wine or beer, and overcomes that unpleasant necessity of 1 sing compellied to get up

Joaneil Considers Street Car Ordinances in Committee of Whole.

Bridge Company and Citizens' Committee Fail to Get Together on

Question of Fifty or Twenty-

Five-Year Clause.

The city council met last evening in committee of the whole and spent several hours in discussing the two street car charters that are pending before the council. The meeting was called for the purpose originally of recelving the report of the conference committee that has been wrestling with the motor problem for the last ten days and trying to Mrs. S. M. Welch of Fifth avenue has re- reach a compromise in the form of an ordinance that would meet the approval of the Omaha & Council Bluffs Rallway and Bridge Deputy United States Marshal Charles company and the citizens of the city, but Bradley has returned from a business trip when the Lake Manawa ordinance was interjected it was decided to hear the advocates

The report of the conference committee proved to be a double-header, and both sides presented an ordinance. The mayor, who formed the third member of the committee, concluded not to favor either side and the only compromise effected was the presenta-tion in tangible form of the desires of both interests. The ordinance presented by Mr. Sims, representing the citizens, was a brief cument. It provides for an extension of the present charter for a period of only twenty-five years from date; requires the motor company to run every other train around the Pierce street loop after March 1, 1898, and that in the meantime the trains that start for Omaha at 6 and 7 o'clock in the morning shall be run from the upper end of Pierce street. A commutation ticket good for twenty rides for \$1 is demanded. Another concession is required that has not hith-erto been suggested, and that is a modification of the tolls on the bridge for the benefit of the huckster wagons. At the present time the tell is 20 cents for each two-horse load and driver each way. Mr. Sims' ordinance fixes a round trip rate of 25 cents for all teams Mrs. J. J. Cudworth, en route from Den-ver, to her home in Cedar Rapids, has duce. In all other respects the ordinance is practically the same as the one desired by the company.

The ordinance presented by Mr. Wright, the other member of the conference commit-tee has a number of new concessions. It Mrs. C. A. Manderson, Mr. and Mrs. T. J. is substantially the same as the one offered Foley. Miss Conklin of Austin, Ill., Miss by Mr. Sims so far as the running the Pierce street trains is concerned, with the exception of the company being given an oppor-tunity to be relieved of the expense of this at their residence at 10 o'clock p. in. yes extra service after 1898 provided the traffic terday of cholera infantum, aged 7 months, will not warrant it. The two early morn-The funeral will be held from the residence ing trains are to start from the east end at 10 o'clock today. Interment in Reel's of the street and be run directly through to oemetery.

W. S. Homer made an assignment yesterday for the benefit of his creditors. For a number of years Mr. Homer has operated a grocery store at 238 Resolution. W. W. Communication of the street and be run directly through to Omaha, and the corresponding trains in the evening that carry the clerks and others who live in this city and find employment in Omaha, will be run through to the corresponding trains. Omaha, will be run through to the eastern terminus of the line without change. In the matter of commutation tickets the ordi-nrace provides for the issuance of a ticket good for fifty rides at a cost of \$2.50, to be used within thirty days from date. In the other sections in regard to the control of the line by the ordinances of the city and such laws as may be made by the state the ordinance practically complies with the sug-Mr. Homer's friends expect to a specific or a specific or specific fact that the Sims ordinance provides only women may do, but because they are en-for a twenty-five year charter, while the

was a plain business proposition, making it possible for the Manawa company to effect combination with the East Omaha Street Railway company for the purpose of building a line via the new bridge into the northern The financial report of the Christian home | part of Omaha and connecting East Omaha jected to a close cross-examination by civizens. The fear seemed to be prevalent that the new charter was simply a speculative affair, and Alderman Casser which the continue all through today. affair, and Alderman Casper asked if he would be willing to have a clause inserted creasing deficiency to date to \$269.96.

Trout, pike, bass, halibut, white fish this week. Sullivan, grocer, 343 Broadway: 'phone 161.

Would be willing to have a clause inserted that would make it impossible for his companies on the consent of the city council. This suggestion was also urged by Spencer Smith, who said while the council might be willing to have a clause inserted that would make it impossible for his companies on the Wabash railway system for the twelve months ending June 30, 1897, with comparisons made with the year previous, follows: Gross earnings, \$1,526,787, a decrease of \$1.528,355; net earnings, \$3,547,628, a decrease of \$16,909; operating expenses, \$7,979,159, a decrease of \$1,253,445; net surplus after the payment of all charges, \$28,232. that the charter itself implied a combination with an outside corporation, but if the charter was granted his company would not ob ect to any reasonable shackles the city

night deem wise to place upon it. Finley Burke made a strong appeal to the ouncil to grant the charter and called attention to the necessity for uniting the two
portions of the city through which the proposed lines would be constructed.

General Manager DeLong of the East
Omaha Street Car company was present, and

was invited to address the aldermen. He complied, and explained the negotiations compiled, and explained the negotiations that had been in progress between his company and the Manawa people concerning a consolidation of the interests, and declared that satisfactory arrangements had been made by which the two lines were to be operated 440 as a whole. He stated that his company had no connection of any character with the East Gould; Omaha bridge or the Terminal Railway company, but had a contract with the bridge company by which they were empowered to construct and operate a street car line over the bridge. This contract, he said, was a very adventageous one, and his company would rather have it than to own the bridge itself. He assured the council that Tates of the exposition for a fare of 10 cents.

Across the bridge into all parts of East Was organized at New Tren n, N. J., to organize and operate a railroad in Ecuador.

The aldermen seemed to be favorably impressed with the ordinance, and there was an fourned to meet again this evening in execu-tive session, when it is probable that both ordinances will be put into shape for passage at a meeting to be held in the near

sage at a meeting to be held in the near future.

Labor Commissioner Roselle of Missouri is preparing to have in tituted suits against several manufacturing companies of the state which have falled to report to

Board of Supervisors Lays the Annual Levy for County Purposes.

The Board of County Supervisors met for business yesterday morning. The greater portion of the day was spent in discussing the annual tax levy for the county. There was not any particular disposition to bring politics into the discussions of the board, but the declaration contained in the platform of the day the discussions of the board, but the declaration contained in the platform of the discussions of the company.

Colorado Springs coroner's jury has decided that the man found dead and his body nude and badly decomposed in a hut in that city was murdered. An old man named Schmidt, who is missing, is suspected.

Receivers of the Baltimore & Ohio have flied their answer to the suit brought by the Union Trust company of New York, in which it was sought in effect to have the preferred mortgage bonds of 1855 made a preferred lien upon the assets of the company. but the declaration contained in the plat-form of the democratic county convention that there was a deficit of \$20,000 in the county treasury at the present time and an acrease of the tax levy was an imperative accessity to bear the ever-increasing burden of taxation made some of the members smile many times durin; the night to urinate the midd and the extraordinary effect of Swamp-Root is goon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicing you should have the best. Sold by drus gists, price fifty cents and one dollar. You may have a sample bottle and pamphlet botts sent free by mail. Mention The Omaha Daily Eee and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietore of this paper guarantes the genuineness of this offer.

In a caused a postponement of the first meeting of the members smile when it was alluded to after the decision was reached to reduce the annual levy. The easimates furnished by the county auditor favoring an opportunity of making a slight reduction, and after the condition of the function. And after the condition of the function and after the condition of the function and after the condition of the function of the function and after the condition of the function and after the decision was resident to reduction of making a slight reduction and after the condition of the function of the function and the levy fixed to bring in the required amount of money for each fund the members were the function of the function and the levy fixed to bring in the required amount of money for each fund the members were the board an opportunity of making a slight reduction and after the decision was reduction of the function of

DISCUSS TWO FRANCHISES office next year will be considerably less than for many years past, thus giving a most effectual denial of the assertions which formed the chief thunder in the democratic RIVALRY IN THE STATE DEPARTMENT platform. The levy for all of the state and county

Very Small Attendance at the First Day's Session.

The county convention of the National Suffrage association held its opening session in the auditorium of the First Baptist church yesterday afternoon. The attendance was so light when the hour arrived that any but indomitable suffragists would have been discouraged. The room was less than half full. Mrs. Mary G. Hay of Indiana called the meeting to order. She explained that in all of the counties of the state and in all of the communities where she has held public meetings in the line of her work as national organizer of the National Suffragist association the opening meetings had been very small, but the interest grew and succeeding meetings always filled the house. After a song, 'The Breaking Day,' prayer was rendered by Rev. Mr. Thickstun, and Mrs. Hay delivered an address. She said this was the sixty-third convention that she had helped to organize in Iowa since last March. She declared the conventions were not for the purpose of stirring up sentiment favorable to the wider liberties of the women, for there was already enough of that sentiment force that would place the ballot in the hands of the women of the state. Standing immediately in front of the venerable D. C. Bloomer she delivered a tribute to the memory of his wife, the late Mrs. Amelia Bloomer, whom she described as one of the grandest pioneers in the cause of woman's elevation and freedom.

Mrs. Hay recounted at some length the work that has been done and the results accomplished during the last fifty years in the interest of woman suffrage. She paid a tribute of eloquent words to Wyoming, orado, Utah and Idaho for the granting of the suffrage to both sexes alike She recited a number of incidents con-nected with the campaign of the women in California last fall. In one election prerinct in the outskirts of Oakland all of the property was owned by eight widows, who were obliged to pay the election expenses for that precinct solely for the purpose of permitting their hired men to vote on the question of suffrage. The men were fifteen

With the reduced valuation this will make an appreciable reduction in the amount of the taxes mission, to the various departmental heads. of the people of Council Bluffs and the lowest. The meeting was held this morning, but increase has necessitated the placing of the absolutely nothing was accomplished, this seats and deaks so close together that it being due to the failure of officials to design the property owners for the year 1898.

The levy for the various townships throughout the county was also made. In nate representatives. The meeting was held being due to the failure of officials to desigbeing due to the failure of officials to designate representatives. The meeting was held at 10 o'clock in the rooms of Secretary Cridler in the State department. While a majority of the accredited government representatives to Nashville were present, but four of the Omaha board put in an appearance, the State, War, Interior and Postoffice departments not having indicated who their representatives shall be. This necessitated a postponement of the interchange of views so far as the government is concerned. The importance of early organization was freely discussed. Secretary Alger will probably designate his representative this week, and in all probability the State department will do likewise. Nothing can be learned as to the intentions of Secretaries Gary and Bliss of the Postoffice and Interior departments.

In the case of the State department there is a friendly rivalry as to who shall be appointed. Chief Clerk Michael has been urged for the place, and Secretary Sherman has stated he would appoint him, but Assistant Secretary Cridler would like to go to Omaha during the exposition, not only as assistant secretary of state, but as an accredited

during the exposition, not only as assistant vacancy, secretary of state, but as an accredited representative of his department, which committee fixed the salaries for the coming plicates matters somewhat. Cridler believes he is entitled to the place, because of his activity in placing before the powers the invitations of the exposition management to participate in the Transmississippi Exposition. Senator Thurston is backing Michael for the place, as well as for the chairmanship. \$75 a month. Monday night a resolution was for the place, as well as for the chairmanship are different board. 575 a month. Monday night a resolution was of the government board.

LITIGATION EATS UP ASSETS Acting Comptroller of the Currency Coffin oday declared a first and final dividend of a vote it was found that the resolution had carried. Bergquist then handed his resignathere was already enough of that sentiment in existence. It was lying around loose everywhere, in every town and hamlet, needing only to be crystalized to make it a potent force that would place the ballot in the bands of the wann of the water. Standing tically nothing except fight law suits entered by creditors to establish preferences for their claims. These suits having been finally disposed of, the comptroller of the currency has been enabled to wind up the trust by paying the 5 per cent dividend. The proceeds of the assets aggregated but a small percentage of the claims and a large portion of them were

aten up by these sults.

Secretary Wilson, who has returned from
n extended trip through the west, spoke enthusiastically of the beet sugar industries of Nebraska and Utah, stating that 22,000 farmers are engaged in raising sugar beets in the western country. He predicts that in a few years America will be making enough sugar to supply the whole country, saving thereby \$100,000,000 annually. Postmasters commissioned today: Iowa-Alva E. Surrender Their Officers. WASHINGTON, Sept. 7.-The Postoffice department is informed that Postmaster Stull continued on account of the damage done to at Mount Pleasant, Ia., and Postmaster Hamilton, at Warren, Ind., who declined to surrender their offices when removed, on the round that the recent civil service overed the cases, have both surrendered their offices to the inspectors.

South Omaha News.

Councilman Trainor opened the city printng fight at the meeting of the council last night by offering a resolution designating the Daily Sun as the official paper for the fiscal vear.

Caldwell made a talk to the effect that the bid of the Tribune was the lowest and moved as an amendment that a committee of three be appointed by the mayor to go over the printing bills for the last year in order to see which bid would be the lowest The Sun bid 10 cents per square for the first insertion and 5 cents per square for insertion. When put to a vote Caldwell's amendment was lost by a vote of 5 to 3 those voting for it being Caldwell, Schultz

and Vansant. Trainor then bobbed up with another me tion to the effect that the Sun be declared the official paper. Caldwell got back with in convention today placed in nomination the following ticket: For representatives, Henry a special committee. This motion was lost Mayor Ensor gave it out that he would veto the Trainor resolution on the ground that the bid of the Sun was not the lowest. Charman Schultz of the finance commit-tee reported that the \$29,000 in funding bonds

had been sold to the Packers' National bank at par and a premium of \$199. The sale was confirmed by the council.

It was ordered that a contract be entered into with George Park for the construction of the Missouri avenue sewer. The committee on streets and alleys recom-

mended that O street, between Twenty-third and Twenty-fourth streets, be designated as a market place and the recommendation was By a vote of 5 to 3 the city attorney was instructed to enter into a contract with Dan Hannon for fire hall No. 1, on Twenty-fourth

Excess for cor, period, 1895 137 in
Deficiency for cor, period, 1895 5.58 in street, for a term of three years at \$40 per Armour & Co. were given permission to move the fire hydrants on the north side of

Q street, west of the viaduct, to the south side of the street. This change is madnecessary on account of the grading and is to be paid for by Armour.

An orderance is to be introduced compelling the railway companies to provid electric lights at certain crossings within

the city limits.

The ordinance providing for the creating of a permanent sidewalk district on Q street from Twenty-seventh to Thirty-third street was read for the first time and referred. Under a suspension of the rules the ordinance providing for the grading of Twenty fifth street from A to I street was read the second and third times and passed. Clerk Carpenter reported twenty-four births and eighteen deaths in August. The bridge over Mud creek at Albright was reported in a dangerous condition and a committee will investigate, Mayor Ensor was authorized to appoint an inspector to look after the work on the Missouri avenue

Roscoe Rowley was appointed to the position and confirmed.

Twenty-first street, between I and J atreets, was ordered repaired at a cost not to exceed \$25. Schultz offered a resolution directing the

contractor to proceed with the laying of sidewalks in the permanent district as rap-idly as possible, and the contractor was so instructed.

The city attorney was instructed to fraft an ordinance repealing the sanitary and milk ordinances. This action would legislate John

before adjournment by reading a veto on the city printing matter. The supporters of the Sun could not muster enough votes to pass Appalling Ontlook for Would-Be Gold the resolution over the veto and it stands.

Until some further action is taken the printing will be given to the Tribune. Adjourned for two weeks. Diggers in Alaska.

WARNING LETTER BY ONE WHO KNOWS

Government Official Urges the Authorities at Washington to Take Steps to Stop the Mad Rush Northward.

WASHINGTON, Sept. 7 .- The Treasury department today made public the following summer. The High school mustered 120 in the service and was thoroughly reliable. The letter is as follows:

pupils, which was thirty more than at the commencement of school last fall. This large "DYEA, Aug. 22-1 deem it my duty to write you on a subject that does not come strictly within my line of duty, as it trenches somewhat on the functions of the Treasury department. I have had a long talk with Mr. Ivey, collector of customs for Alaska, who is at present at Skagway, three miles below here. The Skagway trail is the most largely used overland route (though by no means the best) to the Klondike. Mr. Ivey informs me that there are now between tide water and the lake something like 4,000 people, and about 2,000 borses. The compeople and about 2,000 horses. The com-mander of one of the vessels now at Skag-way states that sixteen vessels are char-tered to land cargoes at that place between now and the 15th of September, and that the number of passengers will average 200 to each vessel, making 3,200 more people who will attempt to go this chi.

who will attempt to go in this fall.

"I have talked with some of the most experienced traders and miners in this vicinity, and they are unanimous in the prediction that not over 20 per cent of vast number will get through to Dawson be-fore winter sets in. The other 80 per cent will be caught on the trail, and those who survive and get back to tide water will have to winter at Skagway or return south. If the rush continues two weeks hundreds will inevitably perish on the trail which is extremely dangerous after the 1st of October.

OUTLOOK IS APPALLING. 'The pestmaster and Indian trader at this place (Mr. Heron) states that more than 1,000 men have gone up the Chilkoot pass during the last thirty days, and that 700 of them are still this side of the lake (twenty-four miles from here). Vessels are arriving every day from here). Vessels are arriving every day or two and at the present rate of influx another 1,000 will enter the trail by September 1. Mr. Heron is of the opinion that not more than twenty out of 100 will get through and he says this trail is far more dangerous than the Sleavery after the reconstruction. tion of the teachers' committee raising the salaries of these teachers \$5 a month. Berg quist opposed the measure and when put to than the Skagwry after the snows set in. He says if the rush continues another week the resultant less of life will be appalling. I attach the greatest weight to what for the reason that it is for his pecuniary inecutive session for the purpose of consider terest to have as many as possible come this way; yet he advises an immediate stoppage of the stampede. It is difficult to suggest a ing the matter. On the first ballot to se-lect a successor of Bergquist, W. B. Cheek, N. B. Mead and J. B. Smiley received way to stop this inrush of people, but Mr. Ivey intimates that if the inspection rules votes. On the next ballot Cheek was chosen by a vote of five to three.

The new member is well known, having of the Treasury department were properly inforced it would materially decrease the served a number of years on the board, and one term as its president. He is deeply umber of passengers on the incoming ver sels. Nearly every vessel that arrives here brings twice as many passengers as the law interested in the welfare of the public schools and the selection is considered an excellent one. Mr. Bergquist declined to allows it to carry, and many of them are condemned craft which have been fitted up for this trade. Mr. Ivey will no doubt at talk about his resignation yesterday, saying that the reason was stated on the docu-ment which had been handed to Secretary once present the facts outlined above to the roper authorities, and I merely give them to you for your information. The situation is appalling, and it is impossible for me adequately to describe the mad rush for the Superintendent Tucker of the Omaha Street Railway company has agreed to replace the gold fields.

MANY WILL STARVE. "I have talked with several men who have recently arrived here from the Klondike, two of whom left there less than thirty days ago. They unanimously agree that while there is rich gold field there, the facts do not justify the present stampede, and they say there is bound to be much suffering and actual starvation. Provisions are already scarce and the prices of many articles absolutely prohibitory in the case of a man of ordinary
