

MILITIA COMPANIES IN CAMP

Nebraska National Guard Meeting for Drill and Inspection.

SOME CONFLICT EXISTS IN THE DATES

Inspector Fochet Finds the Arrangement Such that He Will Not Be Able Personally to See All the Companies.

LINCOLN, Sept. 7.—(Special.)—Acting Adjutant General Fochet went to Madison yesterday to inspect the company of the National Guard in camp there. After he left a message was received at the office that the Madison company desired to hold its encampment on a later date. The company stationed at Norfolk is in camp today and tomorrow, and Major Fochet will visit it on the same trip. The dates of several companies conflict and considerable trouble is being experienced. The Ord and David City companies and the Wyoming battery all selected the same dates, September 13 and 14, while the North Platte and Nebraska City companies conflict on another date. This will necessitate the sending out of two inspectors, in order that all the camps may be inspected.

Today at the headquarters of the National Guard the list of persons in Sarpy county liable to military duty and of those exempt from such duty was received from the county clerk of that county. The list of the first report received from any county, although the law requires them to be made every year. The State Board of Registration has set the hearing of the railroad freight rate cases for September 27 at 1 o'clock in the afternoon. The answers of all the companies have been filed. Those of the R. & C. and Union Pacific companies deny the jurisdiction of the board, while the answers of the other companies rely on a general denial that exorbitant rates are being charged. Land Commissioner Wolfe was in Madison county yesterday forenoon, where he held auction for the leasing of 2,100 acres of school land. In the afternoon he held an auction of 2,040 acres in Boone county. The other dates and acreages are as follows: Webster county, 1,000 acres, September 8 at 1 p. m.; Antelope county, 10,000 acres, September 8 at 9 a. m.; Wayne county, 1,680 acres, September 8 at 3 p. m.; Cedar county, 6,840 acres, September 9 at 10 a. m.; Kearney county, 900 acres, September 10 at 2 p. m.; Pierce county, 6,740 acres, September 11 at 9 a. m.

The governor today appointed the following delegates to attend the National Irrigation congress, which meets in Lincoln September 26-30: F. Q. Fritz, Ogallala; E. P. Foss, Crete; W. L. Parker, Plattsmouth; Theodore Deutsch, Gering; C. H. Meeker, McCook.

The state auditor says that there is at least one wheelman's insurance company doing business in the state without taking out a license, and that in the future the law will be enforced against such companies. The insurance company is the American Wheelman's Protective association, and its agents will be compelled to take out a license to do insurance business, or run the risk of being arrested for violating the law.

LINCOLN LOCAL NOTES

Yesterday afternoon Assistant Foreman Graham of the R. & C. was called to the station with a serious accident. Workmen were engaged in bending rails for a new turntable to be placed at Newcastle, Wyo., and a new set of pipes was being laid to increase its length. Four men were pulling down on the lever when the pipe broke and the bar flew up, striking Graham in the face. A hole was made in the forehead, his teeth were knocked out and he was rendered unconscious by the blow. He was taken to his home at Fourteenth and Rose streets, but did not regain consciousness until midnight. The wound is not considered dangerous.

At the fourth quarterly conference of St. Paul's Methodist church, held last night, a resolution was unanimously adopted requesting the presiding bishop of the Nebraska conference which meets at York, September 15, to return to St. Paul's church for another year.

Besides the sale of dollar buttons in all of the new sections of the city, a large subscription being made by Mayor Bros., \$250; Miller & Paine, \$250; Dawes Business Block company, \$250; Lindell & Co., \$250.

OPEN A THREE DAYS' SESSION

Nebraska Sunday School Association Meeting Held at Lincoln. NORTFOLK, Neb., Sept. 7.—(Special.)—The thirteenth annual convention of the Nebraska State Sunday School association began a three days' session in this city today. H. M. Hamill of Illinois a noted leader in convention work, is here and will preside at the meetings. There are over 100 delegates present the first day and 150 more have notified the local committee that they will be here tomorrow. This afternoon was taken up largely by committee delegates to their quarters, as they are entertained by the citizens, but the program included a "house" session this afternoon, at which papers were read by W. E. Nichol of Minden and R. A. Hutchinson of Lincoln. Tonight an address was given by Rev. John McQuaid of Omaha on the "Value of Childhood." The real work of the convention will begin tomorrow, when the following program will be carried out: Forenoon: Devotional service; report and recommendations of executive committee. Rev. H. W. Trueblood, D. D., Kearney, chairman; report of state superintendent with suggestions as to organization, R. H. Pollock, Beatrice; introduction of Sunday school missionaries, with brief addresses; symposium, "Supplementary Work"—(1) "The Blackboard and How to Use It," by J. C. Harshbarger, O'Neill; (2) "Opening and Closing Exercises," by C. C. Finsburg, Lincoln; (3) "Freedom in Catechism," by Rev. W. A. Lind West Point; general discussion; address, "Methods of Bible Study," by Prof. H. M. Hamill, Jacksonville, Ill.; everybody's time, "What I Want to Know," by J. E. Eaton, Mapleview, presiding; adjournment.

Afternoon: Prayer service with reference to the business following, led by F. W. Kipfinger, Lincoln; report of officers—(A) recording secretary, E. J. Wightman, York; (B) treasurer, W. A. Helmeberger, Grand Island; (C) statistical secretary, W. H. Kimberley, Lincoln; election of officers, "The Home Department"—(1) "Purpose and Progress"; (2) "A Successful Experiment," by Mrs. Thomas Darnall, Lincoln; free parlance, "Child's Hour," conducted by Prof. H. M. Hamill; adjournment.

AMUSEMENTS

Prof. Gentry's dog and pony show delighted two large audiences again yesterday. A large number of children were present at both performances and their shrill shouts of approval could be heard all over the town when the dog or pony performed some act that pleased them. There will be another matinee Thursday.

WOMEN DO NOT TELL THE WHOLE TRUTH

Modest Women Evade Certain Questions When Asked by a Male Physician, but Write Freely to Mrs. Pinkham.

An eminent physician says that "Women are not truthful, they will lie to their physicians." This statement should be qualified; women do tell the truth, but not the whole truth, to a male physician, but this is only in regard to those painful and troublesome disorders peculiar to their sex. There can be no more terrible ordeal to a delicate, sensitive, refined woman than to be obliged to answer certain questions when those questions are asked, even by her family physician. This is especially the case with unmarried women. This is the reason why thousands and thousands of women are now corresponding with Mrs. Pinkham. To this good woman they can and do give every symptom, so that she really knows more about the true condition of her patients through her correspondence than the physician who personally questions them. Perfect confidence and candor are at once established between Mrs. Pinkham and her patients. Years ago women had no such recourse. Nowadays a modest woman asks help of a woman who understands women. If you suffer from any form of trouble peculiar to women, write at once to Mrs. Pinkham, Lynn, Mass., and she will advise you free of charge. And the fact that this great boon which is extended freely to women by Mrs. Pinkham, is appreciated, the thousands of letters which are received by her prove. Many such grateful letters as the following are constantly pouring in: "I was a sufferer from female weakness for about a year and had I not tried doctors and patent medicines, but nothing helped me. I underwent the horrors of local treatment, but received no benefit. My ailment was pronounced ulceration of the womb. I suffered from intense pains in the womb and ovaries, and the backache was dreadful. I had leucorrhea in its worst form. Finally I grew so weak I had to keep my bed. The pains were so hard to almost cause spasms. When I could endure the pain no longer I was given morphine. My memory grew short, and I gave up all hope of ever getting well. Thus I dragged along. At last I wrote to Mrs. Pinkham for advice. Her answer came promptly. I read carefully her letter, and concluded to try Lydia E. Pinkham's Vegetable Compound. After taking two bottles I felt much better; but after using six bottles I was cured. My friends think my cure almost miraculous. Her noble work is surely a blessing to broken-down women."—GRACE B. CITY COUNCIL PROCEEDINGS

Finance Committee Recommends Certain Curtailments in Expenses of the City.

GAS INSPECTOR'S JOB TO BE ABOLISHED

Report of Committee Affects a Number of Employees, but Was Referred Back for Further Consideration.

The city council took the preliminary steps toward a mild retrenchment in municipal affairs at the regular meeting last night. A series of resolutions carrying the proposed economy into effect were introduced by the finance committee and referred back to the same committee to be reported back for final action at a subsequent meeting. They provide that the office of gas inspector shall be abolished and the work turned over to the city electrician; that the salary of the special agent shall be reduced from \$53.33 to \$40 a month; that one janitor and one elevator conductor shall be discharged; and also the extra clerks previously authorized in the office of the city treasurer. It is also provided that the pay roll of the street cleaning department shall not exceed \$200 a week; the street repair department \$150 a week; the pay roll of the Board of Public Works for foremen, inspectors, timekeepers and clerks, \$300 per month; and the total pay roll to be held within the department \$400 per month. Mayor Moore vetoed a couple of resolutions granting permits to erect frame buildings inside the fire limits. He stated that it was time to call in this matter, and the tendency should be toward tearing down the wooden structures that already disfigure the business district, rather than to build the number.

The contract and bond of Graham Park for constructing the Spaulding street sewer was approved. A recommendation of the city treasurer the bid of Estabrook & Co. of Boston to pay a premium of \$607.75 on the \$200,000 ten-year renewal bonds was accepted, and the checks ordered returned to the unsuccessful bidder.

ASK A RECONSIDERATION. The Kopp-Hartlett company submitted a long communication, in which it asked that the action by which items in its bills were shown out as excessive be reconsidered. The communication set forth the position of the contractor in such instances, and insisted that the prices charged were reasonable. The company also suggested that if the various departments would only order the supplies more judiciously, in the contract, the trouble would be avoided. The document was referred to finance and claims.

The city city hall was ordered decorated for the Ak-Sar-Ben festivities at a cost which would be \$25 in addition to the material now on hand. The appointment of A. L. Shaffer as engineer at the city hall, which has been hanging fire for several weeks, was turned down by a vote. Mercer was excused before the vote was taken and a motion by Mount for a call of the house, was also defeated by a tie vote.

On recommendation of the finance committee it was decided that the salary of the Police Judge Gordon until Judge Gordon had made a specific statement whether he based his claim on the salary schedule in effect in November, 1895, or in April, 1897.

Ordinances providing for paving Dodge street from Sixteenth to Seventeenth, Capital Avenue from Sixteenth to Seventeenth, Hickory street from Twenty-eighth to Twenty-ninth and Eighteenth street from Cummins to Ohio street were introduced and referred to the committee on public works for the purpose of removing the Board of Park Commissioners from its present quarters. This was done by the passage of an ordinance by which the board was assigned to the quarters now occupied by the custodian of the city hall, the Board of Health to those now occupied by the chief of police, and the chief of fire to the rooms now used by the Board of Health.

RETAIL LIQUOR DEALERS' MEETING

Preparing to Organize a State Association. A portion of the saloon keepers and retail liquor dealers of the city met in Knights of Labor hall yesterday afternoon to take steps toward the formation of a state branch of the Retail Dealers' National association. The body was partially organized by the election of the following officers: George W. Tierney, president; Julius Treitschke, financial secretary; Charles Krug, treasurer. A committee was appointed to draw up by-laws and constitution. The organization is to be completed at a meeting to be held at the same place on next Tuesday afternoon.

One of the early pieces of business to come before the new body will be the selection of delegates to the meeting of the national association, which is shortly to be held in Chicago. It is said that the main object of the saloon men of the city desire by the organization is to get the 1898 meeting of the national body for this city.
