COMPROMISE ON FRANCHISE

Council Finally Agrees to Much Modified Ordinance.

FIFTY-YEAR CLAUSE STILL REMAINS Dollar - and a - Half Commutation Tickets Provided For and Alternative Cars to Run Round the Loop After Next Year.

At a late hour last night the city council in secret session adopted an ordinance granting a fifty-year franchise to the bridge line motor company. A compromise was effected on the disputed points of commutation tickets and the Pierce street loop. In the ordinance as it passed the council last night it is provided that commutation tickets good for fifty rides shall be issued for \$1.50, the tickets to be irredemable and nontransferable. The issue of these tickets is to begin immediately on the passage of the ordinance and to continue for a period of fifteen years. With regard to the Pierce street loop it is provided that after 1898 and for a period of fifteen years every other motor train will run around the loop.

The first section granting the extension of fifty years was agreed to by Alderman Casper, after the vote against it. There were but slight differences in the sections of the two papers until the one was reached providing for a commutation ticket. Then a long and hot debate took place. The motor company's charter provided for a ticket good for fifty rides within thirty days for \$2.00, and the other ordinance called for a twenty-five cent ticket good for a year for \$1. Alderman Casper suggested a compromise on a forty-five cent ticket for a year, a good deal of informal discussion a vote was taken and the compromise was rejected. A suggestion for a thirty-cent ticket for a year was also made, but was not taken. A vote was taken on the proposal of several members and upon a vote being taken all of the members voted for it with the exception of Alderman Pace and Alderman Casper who had advocated the forty-five cent ticket.

When the proceedings had reached this point and the two sides, standing upon their respective positions, were unable to reach any agreement, the matter would have been speedily settled, but an unexpected snag was struck when the motor company's proposal for a twenty-five cent ticket was taken up. No other two sections of the ordinance were nearer alike than these, the only difference being that the motor company's proposal did not warrant the expense of this service and the company could convince the council of the necessity of the same. The first to oppose the adoption of the section, and in doing so went over the whole question of the Pierce street loop, the motor company's proposal, promised to run its Omaha trains over that line. The matter reached a crisis when the mayor took issue with the advocates of the motor company's proposal, and he argued in a positive manner that he was favorable to requiring the company to fulfill its old contract and to run its trains over the city and to submit to such regulations as were just and reasonable. Nearly an hour was consumed by Alderman Atkins and Casper in arguing the necessity of the operation of the main trains on that portion of the line for the good of the business and property interests of the eastern part of the city.

The first hour of the meeting was devoted to the transaction of some routine business that had accumulated on the clerk's desk since the meeting of the council on the 28th of October. The clerk then read a letter from the secretary of the National Irrigation commission which will be held at Lincoln, September 28 to 30. Both invitations were referred to the mayor.

The city bridge pay roll, amounting to \$152, and \$10.20 to George S. Davis for paints used in bridge repairing was allowed. The council also granted a vacation to the men on the bridge in the shape of a report from the committee and a resolution granting each member ten days in each year in addition to the regular ten days vacation. The time of the vacation to be fixed by the chief of the department. There was no objection to it when the aldermen learned that other cities gave the men this vacation.

A communication was received from Union Veteran Legion camp asking the council to assist in the effort to secure the next national gathering of the organization for this city. The communication was received and placed on file and the aldermen will do all that lies in their power to assist the veterans in their laudable enterprise.

A resolution was introduced, following a petition asking for it, directing the condemnation of the desired portion of Sixteenth street through the Rohrer tract. It was not passed, but the matter was referred to a special committee of three, to be appointed by the mayor, to confer with Mr. Rohrer and endeavor to fix up a satisfactory compromise on the price to be paid for the land. The city marshal was directed to notify the Northwestern Railway company to extend its crossing at Thirteenth street to the full width of the street. The council then went into executive session.

For sale or trade for bicycle, a horse, buggy and harness. Address 3150 Ave. D. ARRESTED ON A TRIVIAL CHARGE. Negro Preacher Held Because He Refused to Pay an Extra Nickel. Frank Lomack, pastor of the Second Baptist church of Des Moines, was compelled to give bail late last night to avoid spending the night in the county jail. The crime for which the colored preacher was arrested was the failure to pay 6 cents due on his dinner. Lomack offered the money he had in his possession. He was hungry and the dinner set before him did not meet all of the requirements, so he sent back for another plate of meat. The amount of money he had in his possession was his bail. In addition to the amount he had laid down on the counter he had 7 cents, which he claimed did not belong to him, but the cashier refused to accept the assertion as true and insisted upon the full amount being paid. Lomack refused to pay the extra charge and left the restaurant. The attention of the proprietor was called to the matter and he filed an information in Justice Vines' office charging the statutory offense of being in a board and inn, and the preacher was arrested. He asked to have his case continued.

Supervisor Huntington Removed. The Board of County Supervisors has displaced R. J. Huntington as overseer of the poor and put in T. C. Jackson, who presented a most formidable petition. Mr. Jackson is a resident of the city and will agree to the requirements of the board to continue the reforms introduced in the office by Mr. Huntington.

W. H. Norton of Arova was elected as the commissioner to handle the soldiers' relief fund to succeed J. M. Long of the same place. The resignation of William Hancock as Justice of the Peace in Garner township was accepted and accepted. No successor was appointed and the office will remain vacant until the November election.

WALSH AND WHITE DO NOT AGREE.

Candidate Said to Wish to Keep National Issues in the Background. DES MOINES, Sept. 8.—(Special Telegram.)—The rivalry of Governor Walsh and Governor White has become a serious matter, and caused much talk in political circles to the effect that there was a serious misunderstanding between Chairman C. A. Walsh of the Democratic state central committee and Fred E. White, democratic candidate for governor. It is said their disagreements date back to a period long before the present campaign. Governor White, who is a native of Iowa, is said to have been in favor of J. H. Burges of Ottumwa in a similar position. The influence of his position as national committeeman for Iowa in the interests of Burges. Since the convention the relations between the two have become more strained. Mr. White desired to make a campaign on state issues and desired the committee to push these to the front, holding national questions in the background. On the other hand, the chairman wanted national issues, especially the silver question, to be made the fighting ground, and has been insisting that the committee should do this. The story continues that there has been a violent rupture of factions between the two as a result, and that it may continue to develop into a serious matter. Mr. Walsh likewise declines to agree to push the national issues.

Mr. Walsh today, when interviewed about the reports, said they were absolutely unfounded. He declared that the relations between himself and the candidate for governor were most friendly and that there was no foundation for the stories, except the imagination of people who wanted to stir up trouble.

MONSTER ST. BERNARD DANGEROUSLY INJURED A SIOUX CITY WOMAN. SIOUX CITY, Sept. 8.—(Special Telegram.)—Mrs. Irwin W. Wood of this city is lying in bed with her head and limbs swathed in bandages, the result of a ferocious attack by a monster St. Bernard dog which she had been keeping in the house as a pet. It is feared the woman's wounds will result seriously, and even now she is in a very dangerous condition. It is only two weeks ago that the savage animal was attacked upon a mistress and at that time she was badly bitten in the arm. The second attack was made as the woman was preparing to get into bed, and she was again attacked almost without warning, taking one of her ears in its mouth. As she turned over to protect herself, it turned on her and bit her right arm and leg, and she was also struck by a jugular vein, and about the body and limbs. She was rescued from her perilous position by a young woman who was in the next room, and she was taken to the hospital. The dog was killed by the woman's husband.

MINERS' POSITION IS STRONGER. MEN IN THE DES MOINES PITS JOIN THE FORCE OF THE STRIKERS. DES MOINES, Sept. 8.—(Special Telegram.)—Contrary to all expectations, the miners' strike in this district took on a new and more serious phase than ever today. The expectation twenty-four hours ago was that the men would have by tonight practically given up their fight for an increased scale, because the men in the employ of the Charley and Des Moines mines had joined them in the strike. Today the Des Moines company's men went out in a body, to the number of 340 and they are expected to be followed to follow them tomorrow. The addition to the strike assures that the operators will be unable to fill the local demand for fuel, and that nothing is being done to supply them. The operators are weakening today, and there is a disposition on the part of nearly all to concede the terms demanded by the men.

NOVAK BEFORE THE GRAND JURY. CEDAR RAPIDS, Ia., Sept. 8.—(Special Telegram.)—Frank Novak, accused of the murder of Edward Murray at Walford last February and who was recently captured in Alaska, was before the grand jury of Benton county at Vinton today. He has at various times since his capture declared he would make a statement before the grand jury, but he refused to do so until the past week before that body today. It is rumored that he will be indicted on three counts, but it is not probable that he will be tried at this term. Novak, who is a native of Poland, was kept in the steel cage and closely guarded. It is feared he will commit suicide if he gets an opportunity. He still refuses to see any of his relatives.

POUND DEAD AT HIS OWN GATE. Worried by an Overdue Mortgage, He Takes His Own Life. ATLANTIC, Ia., Sept. 8.—(Special Telegram.)—Andrew Jensen, a Dane, about 40 years of age, committed suicide this morning by shooting himself. He took his own life on the pasture about 6 o'clock and was found lying at the gate, dead, an hour or so afterwards. It was first thought that he had dropped dead from heart disease, but a post mortem examination showed that he had shot himself. He had been out of work some time and was about to lose his home on foreclosure of a mortgage, which had many times been renewed. He was a hard worker and he could have the \$4,000 life insurance he carried. He was in possession of a hard working man, but had been unfortunate the last year or two.

STATE FAIR WILL DRAW CROWDS. Railroads Report Enormous Bookings for Des Moines. DES MOINES, Sept. 8.—(Special Telegram.)—The Iowa State fair will open tomorrow and continue till September 18. The directors held a final meeting today. The indications are the fair will draw the largest crowds in its history. The exhibits are more numerous than ever before and the Sent On Sed carnival, which the people of Des Moines have prepared as a side attraction, will be in progress all next week. The railroads report that the demand for accommodations are the largest that have ever been made on them for a state fair.

Prominent Arrivals from Europe. NEW YORK, Sept. 8.—Among the passengers arriving today on the steamer Tonic from Liverpool and Queenstown were David H. Brown, the governor-elect, Frank Brown, C. M. Fair of San Francisco, W. G. F. McCartney, M. P. Sims, J. Pierpont Morgan and the Hon. Charles H. D. Rev. H. B. Whipple, D. D., bishop of Minnesota.

Marriage Licenses. Marriages Licenses have been issued to the following persons: Name and Residence. Age. William Croucher, Fullerton, Neb., 23. Clemmie Thomas, Fullerton, Neb., 23. W. J. Colburn, Council Bluffs, 16. Anna Harding, Council Bluffs, 16. H. H. Kelm, Omaha, 40. Maud Richardson, St. Louis, Mo., 40. James H. Burrows, Council Bluffs, 40. Jennie M. Rarsy, Griswold, Ia., 25. Patrick Kilbane, Council Bluffs, 24. Juliette A. De Frigo, Council Bluffs, 24. Thomas W. Whelan, Council Bluffs, 24. Jennie Keeley, Atlantic, Ia., 19. A. D. Whyte, Des Moines, 32. Mary Yarnall, Des Moines, 24. John W. Haines, Taylor, Ia., 24. Sadie May Cheney, Taylor, Ia., 18. Thomas Hicks Feil, Omaha, 20. Henrietta Irene Palmer, Council Bluffs, 20.

COMPUTERS WORKING ON IT.

Government's Exposition Building Has Advanced Another Step. STEADY PROGRESS IN ARCHITECT'S OFFICE. Acting Supervisor Kemper Thinks Bids Will Be Asked by Middle of Next Month for the Construction. WASHINGTON, Sept. 8.—(Special Telegram.)—Acting Supervising Architect Kemper said this afternoon that the Government building at the Omaha exposition is now in the hands of the computing division of his bureau, and would in all probability be returned to the drafting division tomorrow. In conversation with Mr. Clark he ascertained that specifications could be prepared in two weeks and plans completed in that time, providing enough men were put upon the work, as now outlined by Mr. Crain, who is in direct charge of the drafting division. Mr. Kemper further said he thought that he would in all probability advertise for bids by October 15.

The State department is in receipt of letters from General Draper, ambassador to Italy, in regard to invitations extended to the kingdom of Italy by the Transmississippi Exposition association asking the participation of that country in the exposition. The minister of foreign affairs, Marquis Visconti Venosta, writes to General Draper under date of August 7 that he had communicated to the king of Italy the request of the Transmississippi Exposition association for the participation of that country in the exposition. The minister of foreign affairs says that he will call the attention of the chambers of commerce to the invitation, and that the personal letter addressed by the president of the exposition association to the king of Italy would be delivered to the minister of the royal household and august sovereign. Under a later date, August 14, Venosta called attention to the note having been received by the king of Italy from the minister of the invitation and extends his royal thanks to the exposition association for its courtesy.

Mr. Asakell Coffin, son of Deputy Controller of the Currency Coffin, has about completed his picture of "Shining the Pawnee Treaty of 1857." Secretary Morton, before he had heard of the picture, had given a commission for the painting of this picture to be placed in his home at Arbor Lodge, where the treaty was signed. The picture is a reproduction of the original, and is two or three days before it is sent to its destination. Those who have seen it declare the picture to be a masterpiece.

FORECAST OF TODAY'S WEATHER. Showers in Northern Nebraska and Much Cooler. WASHINGTON, Sept. 8.—Forecast for Thursday: For Nebraska—Fair, except showers in northern portion; much cooler; south winds, becoming north. For South Dakota—Showers; much cooler; north winds. For Iowa—Generally fair; cooler in western portion and in eastern portion Thursday night; south winds, becoming north and west. For Wyoming—Fair; cooler in east portion; northwest wind.

WEAKNESS OF MEN. Quickly, Thoroughly, Forever Cured. by a new perfected scientific method. It is a scientific method, and it is a scientific method. It is a scientific method, and it is a scientific method. It is a scientific method, and it is a scientific method.

BLOOD POISON (OR SYPHILIS). A Written Guarantee to CURE EVERY CASE OF MONEY REFUNDED. One cure is permanent and not a patching up. Cause treated in 15 days and the existence of the disease is gone. It is a scientific method, and it is a scientific method. It is a scientific method, and it is a scientific method.

ERIE MEDICAL CO., BUFFALO, N. Y. got it and have used two bottles. I used to be sick nine days but the Wine has reduced it to three and I don't suffer like I used to. I am very thankful for Wine of Cardui and recommend it to all suffering women. Mrs. LULA DE LYONS.

COOK REMEDY CO., Chicago, Ill. The best way to get relief from "female diseases" is to do as Mrs. De Lyons did—take Wine of Cardui. Other remedies sometimes give women temporary relief. But for a certain permanent cure in ninety-nine cases out of every hundred Wine of Cardui is what is needed. It can be taken in the privacy of home without the humiliation or expense of a physician's "local treatment." And it cures every kind of "female trouble" or weakness. \$1.00 per bottle at drug stores.

PREPARING TO START MINES. Operators Are Getting Ready to Resume the Digging of Coal. NO DOUBT OF OUTCOME AT COLUMBUS. Belief That All Pits in the Pittsburgh District Will Be in Operation Next Week—Shippers Busy Making Contracts. PITTSBURGH, Sept. 8.—The coal operators are unusually active in getting their mines ready for operation. Many are ready for a start tomorrow. No doubt is expressed as to the result of the convention at Columbus and an order declaring the strike off is expected before the close of the day. The mines that have been enjoying the last two months in pasture have been called in and blacksmiths at the mines have been busy all week getting them ready for work in the mines. District President Dolan of the miners' organization was commended by the operators for the stand he took in the convention yesterday. It is believed that all the mines in the Pittsburgh district will be in operation before Monday morning.

TELEGRAPHIC BREVITIES. Domestic. Fargo National bank of Fargo, N. D., has been authorized to begin business. Its capital is \$50,000. Santa Fe directors have decided to pay \$100,000 for the stationery and printing bonds for the year ended June 30 last. Secretary Alger has decided to advertise for new bridge contracts for locks and dams in the Monongahela river. Mineral springs at West Baden and Ponce de Leon, Ind., have no run due to the result of the strike of a new aqueduct at West Baden. Delegates have been reported already from twenty states for the national convention of the National Farmers' Union to be held at St. Paul, Minn., Sept. 15 and 16. The Loganport branch of the Terre Haute & Indianapolis railroad was ordered sold to satisfy mortgages and an appeal was taken to the circuit court.

Foreign. Sir Charles Tupper is still arguing before the Bering sea commission at Halifax, N. S. He is continuing to argue the case of the British whalers against the American whalers. He is arguing the case of the British whalers against the American whalers. He is arguing the case of the British whalers against the American whalers.

Michigan Miners Get a Raise. OWosso, Mich., Sept. 8.—Todd Kincaid, president of the Cornua Coal company, has notified his miners that since September 1 the price for digging has been advanced 15 cents per ton, making the rate from 80 to 95 cents per ton, an advance of 15 to 25 cents per day to each miner. The advance was given unconditionally.

National Democrats. COLUMBUS, O., Sept. 8.—Quite a number of the delegates to the state convention of the national democratic party arrived in the city this afternoon and about fifty were present at the preliminary conference, which was held at the Hotel Hamilton. The delegates were present at the conference which was held behind closed doors. The following names were reported as delegates: J. H. Thompson, John D. Clark, Youngstown; M. J. Smith, Dayton; Charles Ashley, Toledo; Julius Dewey, Cincinnati; H. A. Thorpe, Ashland. The committee on nomination of the state ticket decided that a ticket should be placed in the field, there being only one dissenting vote.

Keeran Plays Good Billiards. NEW YORK, Sept. 8.—The third night of the national billiard tournament at Maurice Tobin's witnessed brilliant play by Hugo Keeran, who made 2,322, making a total of 2,514. His opponent, Edward McLaughlin, scored 1,000 points, making a total of 3,308 points. The game was not finished until after 2 o'clock this (Thursday) morning.
