Thirteen Strikers Reported Killed and Thirty-Eight Wounded. PHILADELPHIA, Sept. 10 .- A special to

the Press from Hazleton states that early in the day a number of miners were marching on the Hazle mines, owned by Calvin Pardee, and that two of their number were place were also arrested. The marchers arrested. The crowd then turned toward the Latimer mines. When they reached the edge of the town, marching ten in a line, they were met by Sheriff Martin and about seventy deputies. Martin halted them, and read the riot act to them and brandishing a revolver above his head, ordered them to go back. The strikers answered that they were not doing any harm, and began to brush by Martin. Immediately a volley was fired, and when the smoke had cleared eleven dead and thirty-eight wounded were stretched on the ground, and the remaining miners be-

gan to scatter to all points for shelter.

In the meantime the living in the vicinity began to care for the wounded, and the min ers began to carry some of the wounded tway from the scene. Within thirty minute a trolley car, carrying a number of doctors, arrived from Hazleton, and the wounded were placed on board and taken to that city.

At the Thursday afternoon session two test votes were taken that had their bearing on the question of accepting the proposition of the Pittsburg operators of 65 cents per ton. The resolution at stake was a proposition from Chris Evans to the effect that in the event of a settlement tha the work of organization was to be cortinued in the West Virginia fields and give the result to the newspapers. A deli-gate called for a division of the question and both were promptly voted down. fact, up to this time every proposition mad-by the officers, who have proposed the set tlement, has been promptly shelved. A most exciting incident happened when a new delegate from Cecil, Pa., (the home of President Dolan) presented his credentials. The delegate is a Frenchman and very bright and brought with him a letter from the local union emphatically declaring against accept

WOMEN CONTINUE THEIR MARCHING Knock a Man Down Who Attempts

to Stop Them. PITTSBURG, Sept. 10.-Two miners named John Hogan and Murray Hutton, employed by the New York and Cleveland Gas Coal company, attempted to intercept a squad of women, wives of strikers, who were marching this morning at Plum Creek. Hutton tried to push Annie Field, the leader, off the road, when she knocked him down with a club, inflicting a painful wound on the head. A short time later a body of strikers were stopped near Center by a party of deputies and ordered back to camp. Rudolph Lizy who was leading the marchers and carrying an American flag, refused to stop and was arrested. Three others who took Lizy's finally turned back and the four men under arrest were sent to Pittsburg Jail.

Good Speeches Made. The meeting of the Second Ward Repubcan club at Fifteenth and Williams streets last night brought out a large attendance of representative republicans of the ward in gite of the falling rain. The club was reorganized with much enthusiasm, and afterward the members listened to several excellent specches.

President W. W. Bingham called the club to order and stated the purpose of the meet-ing. He emphasized the desirability of uniting all elements in the ward and urged the aportance of active effort by every member of the club to assist in a republican ctory. In reply to a query whether he would accept a re-election as president, he said that he never shirked what he considered a duty, but he urged that better results could be obtained by an entire re organization. The following officers were then lected by acclamation: President, H. J. Banker; vice president, George Anthes; sec etary, Henry Knodell; treasurer, Anton

County Treasurer Heimrod was introduced the club and spoke briefly. He stated that when he was a candidate two years ago e had promised to give the people a clean and basiness-like administration of the finances of the county, He had carnestly endeavored to fulfill his promises.

County Judge Baxter made a vigorous speech in which he aroused considerable ennuslasm by his presentation of the political onditions that had obtained with the return of prosperity; and several other speakers were heard briefly.

Story of Distress and Disaster in the Alaskan Gold Fields,

PROVISIONS ARE ALREADY SCARCE

Winter Has Set In and There is Small Hopes of Present Supplies Being Added to Materially_Two Big Stores Close.

SAN FRANCISCO, Sept. 10 .- The Examiner prints an extra edition containing the folowing news from Dawson City:

OTTER POINT, B. C., Sept. 10 .- The teamer Cleveland has arrived from St. Michaels, bringing from the Yukon gold fields a story of distress and disaster. The miners a story of distress and disaster. The miners and on the survey of the Lynn canal leading it has on board and officers in charge of the to the Klondike region. The survey will exship tell the story of disaster and distress at Dawson. The winter has set in at the thorough. No difficulties are apprehended, mining city of the frozen north and two great stores of the place have closed their the water routes and not go through the dandoors, for they have nothing to sell. Those gerous mountain passes. who have been seeking gold now must seek for food or starve.

While there may be a tendency to exaggerate the actual condition of affairs, there can be no question that famine threatens the adventurous men and women who made their way to the Klondike. Hundreds of unruly spirits are flocking to Dawson. Threats of violence are being made on every side. Indignation meetings, heavy with muttered threats of veogeance, are held at St. Michaels by those who see little hope of advancing up the river and less of getting back to civilization. The first signs of winter are apparent on the river Yukon, which is beginning to freeze and in a few weeks

passengers, men, women and children, who have come from Dawson City. There are few miners in this party that are able tell of prooperity. Most of them wish to exaggerate their possessions and if one were to believe the indefinite stories they tell, he would say that the treasure ship in which they came carried \$5,000,000. Captain Hall, master of the Cleveland, says that he has dividends. It cannot be learned here who are master of the Cleveland, says that he has dividends. It cannot be learned here who \$100,000 kn his safe. The purser believes that he can account for \$150,000 on board.

and struck on the flats above Circle City. They report that on July 25 the stores of the Alaska Commercial company and of the North American Trading and Transportation company announced that they had no more food to sell. Three weeks before that the same companies were unable to furnish outfits and when the announcement was made that no more goods were available, consternation resulted on the part of the people of Dawson, with gold seekers piling in at the rate of twenty to thirty a day. Drunkenness, gambling and disorder were rampan and the most conservative observers predicthe most serious consequences. There is gold everywhere, but the people of Dawson want food more than they want gold now.
At St. Michaels there are not enough structures to accommodate the crowd and sources. scores of people are living in tents. Shortly before the Cleveland left St. Michaels, two of the expeditions, those of the National City and South Coast, held indignation meetings, threatening dire vengeance upon

provisions, but it is by no means certain that it will reach the Klondike. They offer the EXCELSIOR DISABLED.

August 28 the Excelsion left St. Michaels. Reports were current that its treasure amounted to \$1,900,000, but there are none the Cleveland who can verify this asseron. The Excelsior was caught on the dan-erous flats of the Yukon and broke two blades of its propellor. When the Cleveland reached Unalaska it found the Excelsior undergoing repairs. It is probable, however, hat the ship left Unalaska last Monday to

esume its fourney to the south. Shortly before the Cleveland left for Se attle, the United States revenue cutter Bear out into St. Michaels with Captain White sides his wife, the first and fourth officer and four seamen of the steam whaler Navach They are all that remain to tell the story of death in the Arctic. The Navach was caught in an ice pack in the Arc-tic ocean. Of its crew forty-two were lost. Thirty-one were crushed in the ice and were frozen to death. The Bear saw the vessel's signals of distress near Point Barrow and lost no time in going to its assistance. The captain, his wife, two officers and four sailors were glad to leave he dismantled ship, but nine positively refused to go. They were lost in the desolate

erished with their comrades. The Cleveland also brings news that when the Humboldt stopped at Unalaska on its purney to St. Michaels, the passengers were open rebellion. They began to realize that would be impossible for them to reach Dawson before next spring and they that misery awaited them at St. Michaels. There were open threats against W. D. Wood, the organizer and manager of the expedition, and it is feared that he may lose his life at the hands of his passengers.

BIG BREWERS BEHIND THE SCHEMB Malting Trust Will Control Prac-

tienlly the Entire Product.

CHICAGO, Sept. 10 .- A special to the Tribune from Milwaukee, Wis., says: It is learned here that the men who were the principal promoters in the blg malting company, which was formed in New York a few days ago, are the Milwaukee maltsters and brewers. Instead of being a simple combination of malisters, it appears that the brewers are also interested in the combination, and that it is to be conducted on such a gigantic scale that it will virtually control the brewing business of the country. The American Malting company, as the new com-bine will be known, will have a capital of \$30,000,000, instead of \$15,000,000, as was announced from New York. Half of this stock interested, but it is asserted that there are The Cleveland has some of the passengers a number of Chicago and St. Louis concerns of the P. B. Weare on board. The Weare interested.
