Wheelmen Run to Florence. The "push" was made up of representatives of all the bicycle clubs in the city and of both sexes, and they went out over the cycle path to Florence, where a minor race occurred in the north city limits by Officer Isidore by request.

The night was dark, but no accident occurred, and the race was a success. The pleasure of the ride, the path was in the best of shape and this, together with the delightful atmosphere that prevailed last evening, combined to make the run enjoyable.
