MUSIC AT OMAHA CHURCHES

Excellent Service by the Choir Temple Israel Last Night.

The choir at Temple Israel last night, on the occasion of the celebration of Rosh Hashona, consisted of the following well known singers: Mrs. L. T. Sunderland, soprano; Mrs. A. P. Ely, contralto; Mr. Walter Wilkins tenor, and Mr. Paul Beresford, bass, Miss Margaret Boulter is the organist. The three anthems were, "I Will Lift Min Eyes," by Sudds; "The Lord is My Light, by Hiles, and "O, Worship the Lord," by the conviction of Sausage Maker Luc Watson. The music vesterday morning at Trinity cathedral was worthy to do honor to the cathedral of a bishop. The elaborate musical service of the Protestant Episcopal church affords ample opportunity for the display of musical talent and of an artistic apprecia-tion of the requirements of a religious service. Mrs. Cotton is the leader of the choir, which numbers about fifty singers, among whom are a dozen well trained boys. Besides the cherus there is a solo quartet, of which Mrs. Cotton is the soprano, Miss Sadle Bowen the contralto, Mr. Walter Wifkins the tenor and Mr. Paul Beresford the bass. Mr. J. E. Butler is the organist. All these musicians are among the Herrmann the Great company is stopping ficient in the city and are individually very

popular in their church. The "Te Deum" sung yesterday was by Vogrich of New York. As a whole it is a creditable composition, but there are parts that are exceedingly trivial. The "Jubilate" was by Holden, also of New York. The best thing that can be said of it is regarding the way in which it was rendered, especially Mr. Butler's registration of the accompaniment. Mrs. Cotton and Mr. Wilkins sang as a and gave it a finished and artistic interpretation. FANS PRAY FOR FINE WEATHER.

Large Crowds Expected to Watch the Battle Royal at Baltimore. BALTIMORE, Sept. 26.—After two days of almost breathless excitement suspense have been passed safely the third and most momentous day of the base balt year is awaited by thousands of local "fans" with prayers for favorable weather first and success for the home team in tomorrow's game between the Baltimores and the Bos-

success for the home team in tomorrow's game between the Baltimores and the Bostons, the final one of the last scries between these two leading teams.

As for the weather every indication points to a realization of their fondest hopes, and it is probable that with good conditions Saturday's large attendance will be equaled—possibly exceeded—by those who will journey to Union park to witness tomorrow's battle royal.

The unchecked and unquestionable enthusiasm of the 150 Boston rooters is making the Eutaw hotel the scene of continuous activity and excitement. They are a confident lot of rooters and are air any preparing for a great demonstration over their prospective victory. The Boston players themselves, if they are as confident as their supporters about winning, do not display it so conspicuously. They say they will make the fight of their lives.

The team is in fine form and even Collins has got his black eye into shape. Lake is feeling under the weather, but as Bergen will do the catching he is not worrying over it. Nichols is almost sure to pitch for Boston, but who Manager Hanlon will put in is not quite clear. Corbett is anxious to have another chance to win, but it is not probable that he will pitch. Nops or Hoffer are the probablifites. Wanager Selee has practically signed Mills, the new pitcher, who is traveling with the team. New Manager for Pittsburg.

PITTSBURG, Sept. 26.-W. H. Watkin of Indianapolis is stated for the position of manager for the Pittsburg base ball team to succeed "Fatsy" Donovan. The club of ficials here will neither confirm nor deny this statement but the fact that the deal has been made is learned from authority that cannot be questioned. The new manwill assume charge about the middle

RYE CROP IS DISAPPOINTING.

Figures Show it to Be Three Million Unshels Less Than Expected. NEW YORK, Sept. 26.-A disappointing rye crop is indicated by final returns to the American Agriculturist. Instead of some 28 000,000 bushels, expected from earlier indications, the crop of the United States now figures out about 25,000,000 bushels, 1,000,000 bushels more than last year and 2,000,000 bushels less than in 1895 and 1894. The in-crease is mainly in Pennsylvania, the west-

ern crop being quite disappointing. Latest European crop reports are con-firmatory of serious shortages in rye, especially in Russia. Germany's crop seems to be somewhat larger than earlier reports indicated, but reduced estimates for France and other countries barely offset this. Stocks of rye at home and abroad are lower than for years, and export demand for American rye continues very active. Since during the fall of 1895 and 1896 rye has not

Another Chapter in the Feud. PIERRE, S. D., Sept. 26,-(Special.)-Another chapter of the Sully county Houck-Grass feud was worked out at Okobojo yesterday, when Jacob Seward, Alexander Mc-Mahon and J. C. Bogard were brought into court on a charge of riot filed by Charles Houck, the leader of the opposite faction. It was claimed by Houck that these men came to his house about the time of the well-poisoning case in that neighborhood, and ordered him to either leave the county or take the consequences. He refused to leave, and secured the arrest of these men on a charge of riof, but in the hearing failed to secure a conviction, and the next chapter

Rich Gold Discoveries on Mount Baker in Washington.

FABULOUS STORIES TOLD BY MINERS

Experts Say There is Gold Enough in the Surrounding Hills to Keep Prospectors Busy for Five Years.

SEATTLE, Wash., Sept. 26.—The first authentic news concerning Washington's new Eldorado near Mount Baker and how to get there is brought to Seattle by E. W. Saportas, president of the Information Regstry, who, with Frank C. Ryde and Gus Wagner, experienced miners of Dawson City, went to the scene of the latest excitement a week ago. According to Mr. Saportiss, the route is passable and not very difficult until within five miles of the find. The last five miles, however, present obstacles that would forever discourage any one not an experienced prospector and mountaineer. There is in Mount Baker and its surrounding heights enough gold, says Mr. Saportas, to keep prospectors busy for the next five years. In samples of ore that

were brought back by the informant Mr. Bogardus, the assayer, by a cursory inspection, declared that free gold existed in exceedingly good quantities, "I met many men," continued Mr. Sa-

portas, "who came from Mount Tomohoy and they all related the stories concerning he great strike of \$10,900 to the ton made Tomohoy and several others have found re equal to the discovery in Bear mountain. A special correspondent of the Evening Times sends word from Summa as follows:

The gold discoveries in the mountains of

Whatcom county are beyond doubt the richest in the annals of the Pa-cific coast, or even in Alaska. So say the most experienced prospectors whom I have just accompanied to the scene of the recent finds. The recent find is in Bals mountain, situated in the northeast portion of Whatcom county, northeast of Mount Baker. The mineral range runs northwest and southeast and today is located for thirty miles. There is no telling how much farther it extends.
"The vein in the five claims, Lone Jack, Bennie, Sidney, Lutua and Whist, varies from three to five feet in thickness. It runs under a layer of porphyry ledge in a serpentine manner and auriferous shale appears sugar and rose color carrying copper and silver. The vein can be traced balf a mile. The cropping is under solid porphyry. The gold is known as 'wire gold' and can be seen with the naked eye and picked out with the fingers. That great quantities of it exist there is no doubt. The formation of the range in which the find is does not look to be very rich in minerals. If there is any placer mining it has not yet been demonstrated to be a paying proposition."

EXTEND THE LIMITS OF THE ORDER.

Organization of Street Car Men Will Be Made More Complete. CHICAGO, Sept. 26.-Employes of the Chicago City Railway company, operating the south side lines, decided today to extend their association to the west and north side lines. A series of meetings will be held at once to secure united action.

The committee appointed at these meetings to confer with directors of the south side road looking to the reinstatement of the discharged employes will not visit with the directors. They will request them through the press to seek a settlement with the employes. A strike is not in prospect inside of a week unless, as it is rumored.
