

CITY COUNCIL PROCEEDINGS

Sixteenth Street Viaduct is Ordered to Be Repaired at Once.

STREET RAILWAY TO CONTINUE TO USE IT

Position of the Council on Election Booths is Reversed and They Will Be Put in Place Immediately.

The city council indulged in a lively business session last night and disposed of a huge stock of documents with no waste of time.

Your committee recommends that such action be taken as may be necessary to authorize and provide for the erection of a suitable and substantial building at the close of the Transmississippi Exposition.

Your committee further recommends that until the present viaduct is put in such condition by the making of proper repairs as to safely stand the strain of street car traffic, the Omaha Street Railway company be notified and required to discontinue using said viaduct for street car traffic.

On motion of President Bingham that part of the report which put a stop to street railway traffic over the viaduct was stricken out. Bingham contended that the fact that the viaduct had not collapsed under the heavy travel of State fair week was sufficient evidence that it was still safe.

OVERRIDES A VETO. The resolution passed at the previous meeting, by which \$5,000 was ordered transferred from the general to the fire fund, was vetoed by Mayor Moores. He said that he appreciated the gravity of the situation and was sorry that he was compelled to veto the resolution.

PAGE AND YAGER COME TOGETHER. Former Friends Have a Fight at Police Court. "I've got you dead to rights," exclaimed Lyman A. Page at police headquarters yesterday.

Mayor Moores designated Building Inspector Butler chairman of the Board of Public Works, to act during the absence of City Engineer Rosewater.

The comptroller Westberg submitted the following statement of cash in the hands of the city treasurer at the end of September: Cash in drawers, \$4,613.18; Balances in bank, city funds, \$8,820.94; Merchants National, \$8,820.94; First National, \$8,820.94; National Bank of Commerce, \$8,820.94; Omaha National, \$8,820.94; Union National, \$8,820.94; United States National, \$8,820.94; German Savings, certificate, \$8,820.94.

The bills of the Klogg-Bartlett company, which have been hung up for the past two months, were ordered paid on the recommendation of the finance committee.

At the suggestion of the finance committee the city attorney was directed to employ the legal assistance to examine the back bills and vouchers of the Klogg-Bartlett company for the purpose of looking up possible irregularities.

Mr. Lobeck, "by request," introduced an ordinance prohibiting the unnecessary use of whistles and bells by railroad engines within the city limits. It was referred to the committee on fire and water.

The ordinance ordering Thirty-third street paved from Leavenworth street to Mason street was introduced by Mount and referred. The ordinance providing for removing Sherman avenue and Locust to Wirt streets was also introduced and referred under the rules.

FLOODED BY WATER.

\$50,000 Stock Men's, Ladies', Children's Underwear, Hosiery, Gloves, Etc. Brought AT QUARTER THEIR VALUE.

THURSDAY MORNING.

This is one of the greatest as well as most fortunate purchases ever made by Boston Store.

The insurance companies being responsible for all damages occurring in this manner and being unable to make any other settlement were obliged to take the entire adjoining stock and get what they could for it.

Our spot cash once more showed its immense power, and our offer for everything in the building at five cents on the dollar at 25 cents on the dollar was accepted.

Our purchase in this way included every article of stock, clothing and accessories were found to be unopened and consequently unharmed, and hundreds more were so situated as to escape all wetting.

So that our purchase in reality almost amounted to buying the entire stock in perfect condition at a quarter of its real value. This sale, commencing Thursday at Boston Store, Omaha, is the greatest opportunity ever offered to the public of Omaha to secure

New, desirable, seasonable fall and winter Underwear, Hosiery and Gloves. At just the right time of the year. And for so little money, that the prices are less even than you would like to pay.

Remember this grand sale begins THURSDAY MORNING AT BOSTON STORE, OMAHA, 16th and Douglas.

MORTGAGES SOLD OFF. The entire stock of I. Brown & Co., wholesale dealers in dry goods, clothing and carpets, who failed less than three weeks ago for over \$100,000 was purchased yesterday by Hayden Bros.

Sam'l Burns is offering a Glasgow china dinner set, fifty-one pieces for \$7.45. A companion with glass, Yager grasped with his assailant and the two men rolled down the iron steps which lead from the Comptroller Westberg's office.

Chamberlain's Cough Remedy is a pleasant expectorant syrup. It is intended especially for acute throat and lung diseases, such as whooping cough, cold and croup, and is a most excellent medicine for the relief and cure of these diseases.

Pointer-Patchen Races. The various railroads centering in Omaha have made arrangements with the fair and agricultural association for the grand racing meet at the fair grounds Friday for one fare for the round trip for all points within a radius of sixty miles, tickets good to return on all over the state.

Burlington Route-California Excursions. Leave Omaha via the Burlington Route—any Thursday evening at 7:30 p. m. for comfortable tourist sleeper—and you reach San Francisco Sunday evening, Los Angeles Monday noon. No transfers—car goes right through. Uninterrupted Pullman porters and experienced excursion conductor relieves you of all bother. EVERYTHING provided.

DELAYED MATERIAL ARRIVES

Contractor Strehlow Now Able to Resume Construction on His Contract.

WORK ON EXPOSITION BUILDINGS GOES ON

Big Force of Men on the Manufacturers Building—Piles for Agricultural Building on the Ground.

The delayed lumber for the Manufacturers building commenced to arrive yesterday and Contractor Strehlow is pushing the work again. He says he has enough long timbers on hand to keep him going this week and more on the way and he expects to receive it early next week.

The pile for the Machinery building have arrived and they are being driven as rapidly as possible. Some delay in sawing off the tops of the piles along the front of the building is experienced by reason of the fact that the terrace at this point, which is all filled ground made with the earth taken from the lagoon, was graded about a foot too high, and the workmen have to remove the earth with shovels before they can saw the piles off.

The pile for the Agricultural building has been ready for some time but has not been landed on the exposition grounds. A number of them have already been delivered and the pile driver will soon be at work on this building.

The construction of the Mines building is delayed somewhat by failure on the part of the railway company to deliver some of the material for the long posts forming the sidewalks of the building. The flooring is practically completed and the lumber for the roof is on the ground, but until the posts are received little can be done.

The Administration building is making good headway. The main part of the plain surface and the ornamental work is being "pointed up." The building is taking on quite a handsome appearance and the handling of the earth twice. No one seems to know who is directly responsible for these blunders.

The plan and specifications for the Arch of the States have been completed and turned over to the architect. The plan for the grounds to be used for the permanent material in this structure, it being designed for stone. It is expected that the arch will be erected within a few days.

At the meeting of the State Exposition Board last night the time of the board was largely occupied in discussing the proposed decorations in and about the Nebraska building. L. C. Chapin, superintendent of the floral department, made a number of suggestions in the line of his work.

Every county in the Black Hills will be represented in the mineral exhibit to be made in the Mines building. The last county to take action on the exhibit is Rapid City. A meeting of business men and interested parties was called by Commissioner Hoyer, who has charge of the interests of the other counties in the Black Hills, and it was decided that Pennington county should not be left out.

Hold for Petty Larceny. C. C. Holtz was taken into custody yesterday charged with the larceny of a bicycle from Morris O'Connell, a messenger boy, about two weeks ago. The boy had left the wheel at the curb in front of 1988 Burt street. Holtz admitted he saw it and was making a call within. On his return the wheel had vanished. Holtz admits that he took the wheel but claims that he was intoxicated at the time and somehow hung round that the bicycle was his own property. After he had regained his sobriety he says he had suspicions as to the purity of his title and often rode to where he saw it in an advertisement. Finally a charge of mental discipline was brought against him and the privilege of selling it to a friend and it was found in the man's possession yesterday. Holtz was charged with petty larceny.

One Week From Today

We will greet you in the new and greater store. If you find things a little upset in the old store for the next few days, we ask your tolerance. It is not an easy matter to get in readiness for removal. The balance of this week will find us making extra preparation that will involve more or less inconvenience. If you find things out of their accustomed place, remember this is our first removal. Twelve years of living in one house and doing things in one way cannot be upset in an instant. It isn't everybody lives twelve years in one house only to move because of too little room for callers. It isn't everybody who can please their callers for twelve years in succession.
