York. MESSAGE FROM BOSTON

Alderman John Reilly read a telegram from the Independent Irishmen of Boston, Mass. which said: "We stand by Parnell's policy and urge the government to disgorge its plunder in the face of the distress existing and we send \$100 as evidence of our good faith." The reading of this message was followed by three cheers for the stars and stripes.

Mr. Redmond, in a long speech, denounces the liberals for abandoning home rule and Managua for Costa Rica, a warm personal declared that the only hope of Ireland was in independent action, without any alliance with the English parties, explaining that the Dillonites wanted an "emasculated system of federation, a sort of glorified vestry Instead of a free parliament." Resolutions were also adopted urging the tenary of 1798, denouncing the government mission of the financial relations between Great Britsin and Ireland, expressing regret at the necessity of raising a Parnell family fund and calling upon Iriskmen generally to from Ireland the stigma of ingratitude for the priceless services and devotion" of the upon Messrs. Mr. Chandler, who was called on to ad dress the meeting, made a ringing speech. assorting that the Irish would never achieve home rule until they were united, and expressing the opinion that they had not allied themselves with the tories or the liberals, "because both the English government and Englishmen never do a generous act unless forced to do it by fear."
