THE SHEPARD BROTHERS

Intelligent and Effective Medical Care May Be Had By Patients Living Hundreds of Miles From Omaha—The Shepard Specialists, Through Their Great System of Correspondence, Cure People at Their Homes.

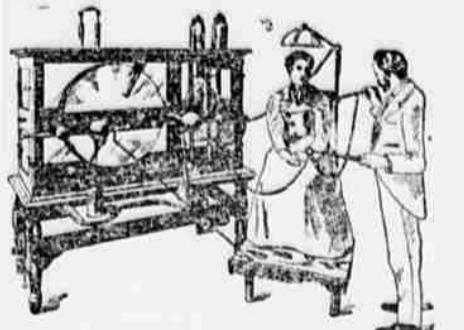

One strong point in favor of the Shepard Treatment for Chronic Diseases lies in the fact that men, women or children hundreds of miles from Omaha may have treatment at their homes. And this treatment is intelligent and effective. To illustrate, below is given the case of Mrs. Minnie Thomas of Bloomington, Kansas. She lives hundreds of miles distant from Omaha. Her farmer's wife who had overworked, as is nearly always the case with women on the farm, after she had tried patent medicines and the home doctor she followed the advice of neighbors who had been cured by Dr. Shepard and applied for his treatment.

down to my meals and could not taste them at all. The two senses of smell and taste were nearly extinct. For several years I could not sleep. My right eye was blind and I had to wear a bandage on the eye. My left eye was getting red and swollen. I might as well not have gone to bed at all for I was weak and worn out every morning. My treatment has restored all my lost senses, my eyes are clear and my right eye is open. I am in a general building up of the system. For I am strong and in much better health than I have been for many years. In fact, I feel strong enough to work outdoors with my husband in the hay field.

WRITE OR CALL FOR IT. Dr. Shepard's book outlines the work daily going on at his office. Nearly five thousand copies have been distributed in the past 30 days. It contains valuable information on the value of the Shepard method of treating and curing patients through the mails.

THE CHILDREN

Mrs. J. E. Bixler, Clarence, Iowa, writes about the cure of her little boy. She says: "My little son, Ingram, was born with a croupy cough. You began to cure him a few months ago. He couldn't eat, sleep, or even walk without great effort. He couldn't get his breath, and it was not pleasant to sleep near him. In fact, he was almost dead. Now he is all gone. He often speaks of how nice it is to breathe right. I will add that the cure of my little boy cost me every respect and all through the Mail Treatment."

STAY ON THE FARM

On September 24, 1897, Mr. Minnie Thomas, Bloomington, Kansas, wrote to Dr. Shepard as follows:

SHEPARD'S STATIC-ELECTRIC MACHINE Cures Paralysis, Stiff Joints, Neuritis, Nervous Diseases and all Muscular Pains.

UNTIL I began my treatment I had been a sufferer for years with chronic catarrh and headache. I had had spells with my head in the clouds. My eyes were times seemingly impaired. I honestly believe I would have lost my mind entirely if I did not receive your medicine. When I did, I had lost my sense of smell entirely and for many months I would sit

CONVICT OFFICERS OF BILIBERY

Accept Money from Coal Company to Settle a Strike. SPRINGFIELD, Ill., Oct. 30.—The executive committee of the state miners' organization met today at the state capital and completed the investigation of charges brought against President James Carson of Pottsville and four others, George Horn of Glen Carbon, William Norbury of Troy, James Page of Stanton and Thomas Simpson of Collinsville, presidents of local miners, each charged with accepting \$250 from the Consolidated Coal company of St. Louis to settle the strike in the consolidated fields at the old scale. Carson presented his resignation as state president and it was accepted. Several resolutions were passed but no new public. The four presiding officers of the local union were found guilty. John M. Hunter of Streator, state vice president, presiding over the case, announced that the meeting of the committee. The meeting continued all day, and the miners received the news with much satisfaction. The meeting closed and the miners are in progress.

Scrofulous Humor

Blood in a Terrible Condition and All Run Down in Health—Has Become Strong and Healthy.

"I was all run down, blood in terrible condition and I was troubled with a severe scrofulous humor which caused me great suffering. I took medicine for a long time, but received no permanent benefit. At this time I was working in a general store, and I thought I would look over the medicines and see if I could find something that would hit my case. I read an advertisement of Hood's Sarsaparilla and concluded to try it. The first bottle helped me wonderfully and I continued to use it until I had taken nine bottles. By this time I felt like a new man, and since then have not been sick a day. I am now a healthy man and I have such confidence in Hood's Sarsaparilla that I recommend it as the best medicine on earth." JOHN J. LITTLE, Mannville, N. Y.
