Cudahy Packing Co. Awarded First Prize at Nashville.

A GREAT VICTORY FOR SOUTH OMAHA

A Fine Gold Medal Secured by the South Omaha Packers for Superiority and General Excellence of Their Products.

Below is published an article, taken from the Nashville American of the 26th inst., which will be read with pride by every pattiotic Nebraskan because the award is as great a compliment to the resources and materials of our state as it is a tribute to the skill and enterprise of the Cudabys in producing commodities of such uniform excellence and variety. Our fellow citizens of South Omaha are to be congratulated upon this, their latest great victory. this, their latest great victory.

South Omaha are to be congratulated upon this, their latest great victory.

The Cudahy Packing comeany has again scored a triumph, the jury of awards of the Tennessee centennial having given to them the large gold medal as a testimonial of the superiority and general excellence of their products. It is doubtful if any exposition ever held has had a more competent or experienced jury of awards than the Tennessee centennial exposition, and certainly they were experts in the matter of judging of the worth of goods such as were exhibited in the contest, for among the six judges were Prof. F. W. Clark, at present conjected with the United States Geological survey, and for ten years professor of chemistry in the University of Cincinnati, and Charles Richards Dodge, special agent of the United States Department of Agriculture, who was a member of the jury of awards at the Paris exposition, where he recresented the United States government and also a judge at the Chicago and Atlanta expositions. The awarding of the gold medal by such experts as these is worthy of comment.

The awarding of the gold medal by such experts as these is worthy of comment.

"Although the youngest of the larger-packing companies, the Cudahys have become the largest packers in respect to the number of products packed and third in the amount of their output. At the present time they are placing more goods with gouthern trade than everend their exports for this year are more than double those of last year, which gives to the casual reader an idea of the rapidity of their present growth.

of their present growth.
"In the contest which found its close in yesterday's decision of the judges, the Cudahy Packing company received the gold medal for their superior packing house products, together with hams, Rex lard, breakfast bacon, Rex canned meats, Rex beef extract and their Diamond "C" soap, which is fast achieving a world-wide reputation. For each and every single exhibit and for the exhibit collectively this company drew forth the praises of the jury of awards and secured their unanimous and hearty indersement.

"In determining the relative superiority of the canned meats offered in the competition the judges found that the Cudahy Packing company's products were made of the choicest meat from cattle in the pink of condition I that great care had been exercised in the selection of the choicest portions, the tough parts being rejected as unfit to be offered to the public under the great seal of the Cud-By these wise methods their products ere found to be the most delicious and toothsome variety.

"When the news of the award of the gold medal reached the street yesterday afternoon many congratulations were showered on Mr. Murphy and his company. The products the Cudahy Packing company already have an enviable recutation in these parts, which will be materially strengthened by the unani-mous and hearty decision of the judges, to the effect that "like them there are non-

A bargain was at length closed for \$13. The money was paid over and the negro, whose name is Rhoades Talbert, left. The next day he returned and stated that the company was not satisfied with the condition of the wheel and that certain repairs were necessary. He said the company was willing to make the fepairs free of cost. Talbert then departed with the wheel and has not been seen since.

Quarrel Over a Stove.

Robert Morris went into the store of Phil-lip Nathan at 2526 Farnam street yesterday and asked for a stove of the latest design. Nathan displayed an article which bore the imprint of the vintage of 150. Morris said the stove was not modern and a discussion stose. A clerk named William Myers took part in the dispute and blows resulted. All three men were locked up for disturbing the peace by fighting.

CARNIVAL NOTES.

The demand for coupons for voting in the

carnival contest necessitates the printing of a large number of extra copies.

The Scandinavians are about to call a

meeting for the organization of not less than four ski clubs. One each in the northern, western and southern sections of the city

and one in South Omaha. They promise the largest carnival clubs in point of numbers

point of numbers and appearance will second to none.

Hayden Brothers will commence the organ tzation of a club on Monday and promise that they will not be behind in the Carnival. A

estume of a unique and tasty design will e worn by the ladies.

Several of the social organizations have

caught the carnival fever, and toboggan, skating and snowshoe clubs are the princi-

pal theme of conversation.

The Young Men's Christian association started a carnival club yesterday.

The larger houses in the city are organizing clubs, and the prospects are that there

will be a total curoliment of merry makers of from 4,000 to 5,000.

THE LATEST SOCIETY FAD.

The latest society fad is a blanket suit and a toboggan. The very pretty effect of

the blanket suits and their superiority is appearance and comfort to the ordinary cos

tume is admitted by the fair sex, and many suggestions as to the patterns are being made, the favorite being the white blauket

with a blue Grecian border, with toques sashes and leggings to match. Samples of

the suits may be seen at the Millard afte.
