#### CATARRH OF THE STOMACH. A Pleasant, Simple, but Safe and Ef-

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensa-tion after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing; headaches fickle appetite, nervousness and a general

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion

is the one necessary thing to do and when normal digestion is secured the catarrhal According to Dr. Harlanson the safest and best treatment is to use after each meal a teblet, composed of Diastase, Aseptic Pepsin, a little Nux, Golden Seal and fruit acids. # Tortured by Rheumatism.

If the people generally knew the true cause of Rheumatism, there would be no such thing as liniments and lotions for this painful and disabling disease. The fact is, Rheumatism is a disordered state of the blood—it can be reached, therefore, only through the blood. But all blood remedies cannot cure Rheumatism, for it is an obstinate disease, one which requires a real blood remedy-something more than a mere tonic. Swift's Specific is the only real blood remedy, and it promptly goes to the very bottom of even the most obstinate case.

Mrs. James Kell, 611 Ninth St., N. E. Washington, D. C., writes: "I had an attack of Sciatic Rheumatism in its worst form. The pain was so intense that my nervous system was prostrated, and I as for a long time perfectly helpless.
"I was attended by one of the most able doctors of Washington City, and after hav-ing his prescription refilled twelve times and receiving not the least benefit, I declined

recommended for Rheumatism, I decided, almost in despair, to give it a trial. After taking a few bottles I was able to hobble around on crutches, and very soon had no need at all for them, for S. S. S. cured me sound and well. All the distressing pains have left me, my appetite has returned and I am happy to be again restored to perfect health." Like all other blood diseases, the doctors are totally unable to cure Rheumatism. In fact, the only remedies which they prescribe are potash and mercury, and though temporary relief

may result, these remedies produce a stiffness of joints and only intensify the disease. Those who have had experience with Rheumatism know that it becomes more severe each year. S. S. S. never disappoints, for it is made to cure these deeprooted diseases which are beyond the reach of all other remedies. It cures permanently, Rheumatism, Catarrh, Cancer, Scrofula. Eczema, and all other blood diseases. It is the only blood

remedy guaranteed PURELY VEGETABLE. Books mailed free by Swift Specific Co., Box Y, Atlanta, Ga.
