

WILL ADVERTISE FOR BIDS

Commissioners Place the Douglas County Bonds Upon the Market.

BROKERS TO BE GIVEN PLENTY OF TIME

Allowed until December 1 to Submit Their Bids for \$250,000 Worth of Exposition and Funding Bonds.

The county commissioners yesterday took the first steps toward selling the funding and exposition bonds, voted at the late election. Commissioner Kierstead introduced the following resolution, which was unanimously adopted:

Resolved, That the county clerk be and is hereby instructed to receive bids up to December 1, 1897, for the \$250,000 funding bonds and the \$250,000 exposition bonds, as authorized by the vote of the people at the election held November 2, 1897.

It is believed that by bringing the bonds to the attention of the public at once, plenty of bids will be received by the date mentioned. The bonds will thus be disposed of early and the money will be available. The board did not order the bonds printed, as the official canvass of the vote had not yet been reported.

The board also failed to set any time for a committee of the whole meeting to lay plans for the expenditure of the exposition appropriation. This was also delayed on account of the fact that the result of the canvass was not yet made known. From the figures now available, the official count will show that both propositions carried with a fair sized majority.

On Tuesday at 9 o'clock the county clerk will meet Receiver Thomas H. McCague of the Meeker Savings bank in order to reach some sort of settlement over the dispute regarding the \$250,000 of county funds that are tied up in the bank. This was done upon a written request from the receiver, similar to one made a year ago, upon which no action was taken.

The receiver claims that there is in the neighborhood of \$40,000 in taxes which should be returned to the bank. For some time before it closed the bank dealt largely in buying property at delinquent tax sales. Of the property thus bought some \$40,000 worth has been or will be declared illegal by the courts and the sales will, therefore, be set aside. The greater part of this property consists of poor farm lots. The receiver maintains that the amount must be paid back by the county, and, therefore, has refused under instruction of the court, to turn over to the county any dividends due on the county's deposit.

VIEW OF COMMISSIONERS.
The county commissioners admit that this amount of money should be refunded, but they maintain that the receiver must look to other parties for the greater part of it. Of the \$40,000 the county received somewhere between one-fourth and one-third, the balance being turned over to the city for city taxes and special assessments. The commissioners are willing to give the receiver credit for the actual amount the county secured, but they say if they gave more they would be guilty of divergence of funds. Therefore they insist that the receiver must look to the city and other parties for the remainder.

The commissioners are supported by a recent decision from Judge Dickinson. In a suit recently decided he held that the county could be asked to refund only such portion of the amount realized from tax sales as it actually received. The remainder, which was turned over to the city for city taxes, must be recovered from the city.

The county clerk was authorized to employ an additional clerk for four weeks at a salary of \$15 a month to rewrite the assessment rolls of South Omaha property to correspond with a recent opinion of the county attorney. This was that South Omaha was entitled to four assessors, and, according to the four assessors were elected at the last election. In the past all of South Omaha was in one district and had one assessor.

A request from Register of Deeds Elmer to employ six additional clerks to bring the records of the office to date by the time his term expires was referred to the finance committee for investigation. The office is about eight weeks behind. The additional recorders will be paid by the piece.

The petition of the residents of Benson, asking that their town be incorporated as a village, was referred to the finance committee.

The quarterly report of the register of deeds for the three months ending September 30, 1897, showed that the collections for the period were \$2,122.86, and the disbursements, \$1,707.50, leaving a surplus of \$415.36. According to the monthly report of Superintendent Wright of the poor farm, the number of the inmates at the institution increased six during the month of October, there being 113 there now. Thirteen were received during the month, four were discharged, two transferred and one died.

The board adjourned to next Saturday.

WORKING ON THE COUNTY RETURNS.

County Commissioner Kierstead Says Both Bond Propositions Carried.

The canvassers are still at work on the returns of the county election, but they have not reached a point where any definite figures are available. County Commissioner Kierstead has kept an unofficial tab on the vote on the two bond propositions and says that both carried by safe majorities.

County Clerk Redfield is having a record kept of the blank and rejected ballots on the bond propositions, but it is the opinion of several attorneys that these do not cut any figure. The attorneys assert that there is no question that to carry the propositions only requires the specified majority of the votes that are actually cast one way or the other on the proposition.

SURE CURE FOR PILES.

For the Cure of Piles. Is not only intensely painful, dangerous to life and very expensive, but in the light of modern medical research and since the discovery of the Pyramid Pile Cure a surgical operation is wholly unnecessary. If you have any doubt on this point kindly read the following letters from people who know that our claims regarding the cure of the Pyramid Pile Cure are borne out by the facts.

From N. A. Stall, Ridge Road, Niagara Co., N. Y.: I received your Pyramid Pile Cure and tested it last night. It did me more good than anything I have ever found yet, and remember this was the result of one night's treatment only.

From Penn W. Arnett, Batesville, Ark.: Gentlemen—Your Pyramid Pile Cure has done me so much good in so short a time that my son-in-law, Captain T. J. Kiehl, of Fort Smith, Ark., has written me for your address, as he wishes to try it also.

From A. E. Townsend, Bensville, Ind.: I have been so much benefited by the Pyramid Pile Cure that I enclose \$1, for which please send a package of the same to me. I am a friend of mine who suffers very much from piles.

From John H. Wright, Clinton, DeWitt Co., Ill.: I am so well pleased with the Pyramid Pile Cure that I think it but right to drop you a few lines to inform you of its effects have been all so short a time. From P. A. Burton, Genoa, Ill.: Gentlemen—The Pyramid Pile Cure has done as much good for me that I will say for the benefit of others that after using only two days I am better than I have been for months.

The Pyramid Pile Cure is prepared by the Pyramid Drug Co., Chicago, Mich., and is truly a wonderful remedy for all forms of piles. So great has been the number of testimonials received from them from all parts of the country, that they have decided to publish each week a number of such letters and never use the same letter twice, but only fresh letters will be published.

All druggists recommend the Pyramid Pile Cure, as they know from what their customers say that no remedy gives such general satisfaction.

SOME COMING COUNTY OFFICERS.

Men Chosen to Serve as Sheriffs, Treasurers and Clerks.

A partial list of the county officers chosen in Nebraska last Tuesday is presented here:

SHERIFFS.
Thayer—J. A. Snyder, populist.
Kearney—J. W. Granda, populist.
Pierce—E. C. Haas, democrat.
Webster—C. D. Wells, populist.
Stanton—J. E. Kenney, democrat.
Howard—S. C. Kellum, fusion.
Cuming—Henry W. Phillips, fusion.
Chase—W. T. Bross, fusion.

TREASURERS.
Johnson—Charles B. Strong, republican.
Dakota—J. M. Borowsky, citizen.
Dodge—J. M. Kresler, republican.
Cedar—J. M. Kresler, republican.

CLERKS.
Seward—J. M. Kresler, republican.
Kearney—J. M. Kresler, republican.
Kimball—P. McGinnis, populist.
Otoe—J. M. Kresler, republican.

CLERKS.
Johnson—H. N. Libby, republican.
Coffey—J. W. Busch, democrat.

PUPILS SUBSCRIBE STOCK

Interested in the Boys' and Girls' Building at the Exposition.

CENTRAL SCHOOL LEADING AT PRESENT

About One-Fourth of the Schools Report and the Result is Very Gratifying to the Managers.

The first reports of the work accomplished by "Rally Day" at the public schools have been made out and it shows a very gratifying result. But little more than one-quarter of the schools have reported while the amount of stock subscribed has been \$621.36. This amount from these schools may yet be increased to some extent, while the publication of the subscriptions already made is expected to influence the other schools to try and make a better showing. Some of the larger schools are among those not yet reported.

A vigorous but friendly rivalry has sprung up among the schools of the city to see which shall head the list of subscriptions to the stock in the Girls' and Boys' building at the exposition. This was strongly in evidence yesterday in the office of the secretary of the Woman's Board of Managers, when the returns commenced to come in from the schools where "Rally Day" was observed Friday.

Nearly every school in the city requested more time to collect subscriptions and some of them served notices that they were not yet ready to turn in what had been collected and wanted to take further time in order to increase the amount.

Some of the schools had not been reached by the women appointed to visit them and explain the plans of the Woman's board regarding a children's building, and these schools did not have a rally Friday.

The personages appointed for these schools to visit them during the coming week and they will have a rally on Friday of this week.

SUBSCRIPTIONS RECEIVED ANY TIME.
An error was made in The Bee Friday in announcing that no subscriptions for stock in this building would be received after that day. Subscriptions will be gladly received by the Woman's board at any time before the exposition opens, but it is desired

that all stock subscriptions be paid in before December 1, in order to have plans for the construction of the building may be formulated. The amount raised by some of the larger schools is a surprise to the most sanguine supporters of the scheme. The principal of one school in a residence district sent word that the pupils in her building had raised a fund of over \$200, but wished another week in which to collect more money. This school did not make any return to the secretary, but will make the report when the school has been thoroughly canvassed. From another of the large buildings came the report that the patroness appointed for that building had not yet made an appearance and consequently no rally was held. It was stated that subscriptions had been collected amounting to nearly \$200.

The manner in which the children are taking hold of this matter is most gratifying to the members of the Woman's board, and they are quite enthusiastic over the proof that the children's building is now assured.

SCHEMES TO RAISE MONEY.
All kinds of schemes have been practiced by the school children to accumulate funds to be placed to the credit of their respective rooms. The most elaborate of any yet made public was that evolved in the minds of some of the pupils of the Central school, being a phantasmagoria and an entertainment was arranged in which this instrument was the principal performer. Tickets were secured and these were sold for 10 cents each. A number of active canvassers were soon at work and every person having occasion to pass "in the neighborhood" was asked to pay tribute to the subscription fund by buying a ticket. A room in another school held a Band of Mercy entertainment and various devices were practiced to add to the funds.

A number of the schools turned in their subscriptions to Secretary Ford yesterday and others retained the entire collection in order to make a good showing as possible all at one time. The following is a list of the schools which made their returns yesterday:

Schools and Principals.
Case, Miss Mary E. Simonds \$2.00
Central, Miss Rene Hamilton 29.60
Clifton Hill, Miss Jennette L. Wood 17.00
Columbia, Miss Helen 29.60
Columbian, Miss Helen 29.60
Conestoga, Miss Ellen M. White 3.00
Dupont, Miss Frances Butterfield 3.00

Franklin, Miss Sarah E. Thompson 20.00

Webster, Miss Sadie P. Pittman 11.57
Dodge, Mr. W. H. Allen 10.00
Mrs. Holyoke's (Private school) 16.75

Total \$621.36

TRAVELING MEN WANT A BUILDING.
Will Establish Headquarters on the Exposition Grounds.

The traveling men of Omaha have formed an organization designed to secure representation for the profession at the Transmississippi Exposition and to insure a place where members from all sections may rendezvous for matters of business or pleasure while attending the exposition.

A permanent organization was effected by the traveling men last night at the Commercial club and officers were elected as follows: Julius Pesky, president; E. S. Streeter, vice president; W. H. Butte, secretary and treasurer; W. A. Stone, M. J. E. Houston, M. W. Rayley and J. F. Hommel, executive board. It was decided that a traveling men's building should be erected on the exposition grounds, the building to cost about \$4,000 and to be used as headquarters for all traveling men visiting the exposition.

A meeting to perfect further details of the organization and to agree upon methods of carrying the objects of the organization into effect will be held in room No. 413 Bee building next Saturday evening.

"COTTON BELT" SECURES SPACE.
Southern Road to Make a Display at the Exposition.

The St. Louis Southwestern railway, better known as "the Cotton Belt Route," has secured 2,000 feet of space in the Agricultural building and will make a comprehensive display of the resources of the country along its line. General Passenger and Ticket Agent E. W. La Baume and Industrial Agent J. St. Koslowsky, have been in the city for several days in consultation with the department of exhibits regarding the details for this display. The negotiations were concluded yesterday, and arrangements made for the space referred to. Mr. La Baume says his road will make an exhibit which will remove the erroneous impression that seems to prevail that in the territory traversed by the road little but cotton can be raised.

The St. Louis road passes through the southeastern part of Missouri, through Arkansas in a diagonal direction from northwest to southwest, passing through the center of the state, and cuts across the north-

A child can buy as cheap as a man.

Misses' medium grade shoes are as a rule large in the ankles—but the special line we are now showing—at \$1.75—are made just like the higher priced ones—the stock is carefully selected—sizes 8 to 104—at \$1.50—11 to 2—\$1.75. We are offering the best—
