QUARANTINE TO BE RIGIDLY ENFORCED

Cases of Contagious Disease Will Re Isolated and Watched with More Care Than Ever Herenfter.

City Physician Cleaver has announced his ntention of beginning a campaign against C. O Jamison of Minnespoils is visiting quarantine laws. There is a belief prevalent his brother W. J. Jamison of First Avenue. among local physicians that the conditions among local physicians that the conditions are excellent for a serious outbreak of contagious diseases in the city this winter. Diseases of a diphtheritic character have been unusually numerous this fall and the danger is believed to be increased by the Carlson's freshly ground cornmeal, best to fact that a majority of these cases have shown an unusual degree of virulence. For the first time in many years adult patients have died of diphtheria. One patient, a strong, hearty man of 35 years, was attacked and died in a few days. Cases of mombranous croup have been numerous and unusually fatal. Many cases of scarlet fever have also been reported. It was largely owing to the recommendations of the chief health officer that the mayor appainted G. W. McCrary to act as special policeman with instructions to devote all his time to the work of enforcing the quar-antine regulations. Many people have shown a disposition to disregard the rules of the State Board of Health, which reof the State Bran of Health, which require the quarantising of all cases of contagious diseases. The posting of the cards on the houses is no longer objected to, but the disposition has been to regard this as being sufficient. Children of the have been permitted to play on the streets and the adult members have not permitted the presence of dangerous contagious diseases in their homes to interfere with their daily intercourse with the world. Here-after, especially in cases of diphtheria, the rules of the state board will be vigorously enforced and the quarantine will be made

GEAR'S CHANCES ARE WEAKER. Burlington Man Not So Certain of His

DES MOINES, Nov. 7.—(Special.)—The newly elected Iowa legislature is being a good deal discussed, from various points of view, since its membership has been definitely known. The speakership contest, already opening and promising to be wide open in a very short time, has started the diseffective by the prompt prosecution of all cussions, and various other questions, among persons who disregard its requirements. which the senatorial is prominent, have been given attention. Members of the senate who were elected last week will take part in the election of a United States senator to succeed John H. Gear in 1900. Members of the new house will not have a chance at There were elected last week twenty-one

members of the senate, of whom thirteen are republicans and eight demicrats. The republicans are: G. M. Titus of Muscatine and Louisa coun-

Thomas A. Cheshire of Polk. William Eaton of Page and Fremont Warren Garst of Carroll, Greene and Sac. W. C. McArthur of Des Moines. Furley Finch of Humboldt, Beuna Vista and Pocahontas.

W. C. Hayward of Scott. Palmer of Washington and Henry E. G. Penrose of Tama and Benton.
W. B. Perrin of Chickasaw and Floyd. R. Lewis of Keokuk and Poweshick Wallace of Hardin, Hamilton and

Wright.
C. W. Mullin of Blackhawk and Grundy. The democrats are: F. E. Malloy of Dubuque.

D. A. Young of Lee. J. R. Gorrell of Jasper, (Elected in 1893 as a republican. Went over in 1896 to the silver republicans and was re-elected as a fusion candidate in 1897.) L. R. Bolter of Harrison, Monona and

J. M. Emmert of Cass and Shelby.

W. A. McIntyre of Wipello.
D. A. Lyons of Howard and Winnishiek.
W. L. Wilson of Clinton. The Gear and Cummins men have not been making many claims since the election, but the latter are commonly considered to have the best of the situation,

hough it is hard to tell how the new republican members stand. Titus is regarded as a Gear man; he comes from strong Gear erritory and the assertion that he Gear is not questioned. Cheshire of Polk is for Cummins; he will be Mr. Cummins leader and personal representative in the senate. Eaton is for Gear; Garst is an enthusiastic Cummins man, though it is pre-

McArthur is for Gear and represents the Burlington man in the same way that Cheshire stands for Cummins. Parley Finch, who moves up from the house to the senate, is understood to be for Cummins, as against Gear, although, being from the same district, he would be under the same relations to Dolliver as have been suggested as applying to Garst. This how-ever, is the case with most of the new members; if their home districts should produce candidates they would be expected to give a complimentary support to them. Hayward is said to be a supporter of Cummins and Palmer is known to be for Gear, having been nominated after a hard fight in which the Gear and anti-Gear feeling was the dividing line between the tions. Penrose's position is not positively known, but he is said by members of the legislature to prefer Cummins as against

column and leaves three uncertain or uninfluence will, on the whole, be much weaker southern part of the state a number of Gear republicans have been defeated by democrats right in the strong Burlington territory.

ELDORA, Ia., Nov. 7.—(Special.)—Hon. J. H. Funk of lowa Falls, who has just been re-elected representative from this county H. C. Hattenhauer was found between 1 and 2 o'c'cock yesterday morning suffering from an ugly-looking wound in his head and covered with blood. It was first thought he had been the victim of a thug and had been splendid speaker, u shrewd politician, and having been chairman of the ways and means committee of the house at the two last sessions of the legislature, has got a big pull there. He is a strong prohibitionist and has been very prominent in the fight over this question.

At a meeting of the Oskaloosa Board of

bytery presiding officer; Rev. Dr. Kaye, Lyons, installation prayer; Rev. Dr. Burkal-ter, Cedar Rapide, address to the pastors; Rev. Dr. Avery, Vinton, address to the peo-ple; Rev. Dr. McCaslin, Cedar Rapids, ser-

mon. The church was crowded. The people about Ruthven, Palo Alto

P. C. Murray, a liquor dealer of Dubuque, last evening made an assau ton United States provoked to anger. He impressed upon the Collector Kelly, editor of the Sioux City minds of his congregation many little faults Tribune. Mr. Kelly left for Sioux City which them too small to notice, yet they stand out in strange contrast to the teaching the revenue law and laid his trouble to Kelley.

William H. Duggan, democratic candidate for sheriff in Dubuque county, and defeated by 138 votes will contest Haudenschield's camps in the Hills. The Hardin company n the circle at the head of the democratic ticket and one before Haudenschield's name. These ballots cannot be counted for Haudenschield under the new law. The twenty-first annual state convention

of the Woman's Board of Missions of the Interior closed its three days session at Cedar Falls with final reports of committees and the election of officers for the ensuing year, which resulted in the election of the following: Mrs. A. L. Frisble, Des Moines, president; Mrs. L. F. Parker, Grin-nell, secretary; Mrs. C. E. Rew, Grinnell,

A syndicate of capitalists has nurchased Mound farm, near Cedar Rapids, the former home of the late Judge George Greene, consisting of 600 acres. As several of the men in the syndicate are railway men it is surmised that the land will be used largely for shops and round houses for the Milwaukee road, as it is known it contemplates estabwestern has bought several hundred acres of land south of the city along its line. It will be used in trackage, yards and a new round

Tuesday evening the convocation of the deanery of southeastern Iowa, diocese of Iowa, will be called to order in Hope church at Fort Madison. This deanery, or district, includes the counties of Muscatine, Washington, Louisa, Keokuk, Jefferson, Van Buren, Henry, Davis, Wapello, Lee and Des Moines, taking in the larger cities of Muscatine. Washington, Ottumwa, Keokuk, Burl'eigton, Fort Madison, Fairfield, Mount Pleasant and What Cheer. It is expected that the rectors of all the churches in the district will be in attendance, all, or nearly all of them arriving the evening previous. Rev. E. C. Paget of Muscatine is dean of the district and Rev. Dr. W. K. Berry of Fort Madison is honorable secretary.

Kendall Young, who bequeathed Webster City his estate of \$200,000, was buried in the cemetery there. He died at Battle Creek, Mich. Thursday afternoon in placing a huge granite monument on the grave it was necessary to move the corpse to keep the heavy weight off it, and in doing so workmen dis-covered the fine metallic coffin in which he was supposed to be buried was nothing but wood. The end had decayed and the top was noticeably rotten. The body was pre-tared for interment by a Battle Creek un-dertaker, and there is much feeling in regard to the deception, as Mr. Young was unl versally loved and respected, and his executors ordered and paid, as they thought for as fine a cisket as could be purchased in Battle Creek.

The work on the United States fish hatchery at Spring Branch, near Manchester for this season was brought to a close last Saturday. Workmen have been employed there all summer grading, making parks, seeding, laying sod, etc. A new road has been opened from the Spring Branch creamery, south to the grounds, thus affording a very convenient and easy access for vehicles as well as pedestrians. Besider the different driveways made of broken stone and gravel, sidewalks have been constructed from the rustic bridge, near the main en-trance, to the several buildings. The six buildings, which are built after the summer style, are very attractive. The boarding house and private dwelling are built on two hills facing each other, while the hatchery build-ing, office, barn, ice house and tool house occupy the valley between. Speckled trout, bass, cropples and several other kinds of the finny tribe are in process of hatching at the present time, and it is expected that by next summer the hatchery will be operated to its full capacity. The parks and three large pends will, with nature's assistance in the spring, make a very picturesque scene and add another laurel to Delaware, the finest and fairest county in Iowa.

The leaders of the outfit, Harvey Ray and Jim Currie, have gone to the British possessions and will not return. Six members, including Tom O'Day, two Roberts brothers and Walter Putney are in jail and Development company, composed of forty

Hardin Company Makes the Dirt Fly in the Two Bit District.

MACHINERY FOR THREE MAMMOTH HOISTS

Old Mexican Adage Taken to Indicate a Period of Twenty Years of Prosperity in Store for This Property.

LEAD, S. D., Nov. 7 .- (Special.)-The Two election. It is believed hundreds put a cross has every available team in the county at work hauling the carloads of machinery from this city out to the camp to be used in the construction of the three mammoth steam hoists on the property belonging to onstrated the assent to existing conditions the Chicago and Two Bit, the Great Eastern of returning prosperity, as predicted by reand the Great Northern Mining companies. Men and teams are also at work grading the sites for the buildings. The boists which are in use are guaranteed to raise 300 tons 500 feet in a minute and three-quarters. With the Hardin shaft, four hoists will soon be in operation within 2,000 feet of each other. As soon as an organization can be perfected two other hoists will be ordered, together with an air compressor, which will be operated by a 200-ton horse power engine on the Great Eastern property. A fine three-story hotel is in course of construction, eighty feet square. The water supply is ex-cellent and is sufficient for a large sized city.

A large number of individuals and syndicates is developing ground near the district, prominent among which are the Dead-wood Development company company Deadwood business men; the Two Bit Improvement company, whose stockholders are the employes of the Golden Reward company; the Elkhorn company, employes of the Elkhorn railway; Russell & Higby, Colonel Allen, Judge Romans, Herman Bischoff, C. W. Mather, and all the old timers of Spruce and Two Bit guiches, TWENTY YEARS IN BONANZA.

There are two old words used in Mexico and Arizona, "Borrasca" and "Bonanza." The former implies ill luck or hard times with a determination to keep pegging away and bonanza has come to mean special pros perity. There is a cheerful Mexican miner's perity. There is a cheerful mexican timer's proverb which runs, "As many days as you spend in borrasca you will surely spend in bonanza." Two Bit has been in borrasca twenty years and it would seem that it has passed into the bonanza period.

A fine body of ore has been struck in the oottom of the May shaft on the Union Hill

property. A small seam of ore has been fol-lowed in the shaft almost from the grass roots, and it has now opened out into a vein even feet in thickness. The ore is an iron ovrites, similar to that found in the Hardin shaft. Assays have been made as high as \$73 a ton gold and will average \$20 Superintendent Grable has confirmed the report of the strike, which, however, has not been developed sufficiently to determine its size. A shaft on the top of the hill, which was sunk 340 feet, will be put down deeper. The Klipatrick brothers of Newcastle, Wyo., who recently took a bond on three mineral locations on the north fork of Little Rapid creek, have made a good deal and are opening up a rich vein of ore which will yield from 40 to 50 per cent copper. The ledge is forty feet in width and of unknown depth. Extensive developments will be made on the roperty this winter. There are several ther valuable copper prospects in this trict, which will no doubt, when exploited give as good returns as the Kilpatrick prop

The Union Hill company has just completed the payment of its monthly pay roll at the Galena mines. The sum of \$24,000 was paid, which fairly makes the people of the little camp run over with riches. A good share of this money goes to Deadwood, where it is disbursed among the business men and

merchants. BIG SALES RECORDED.

It is encouraging to look over the register of deed's books and note the big sales of the past few months. Last week several claims were recorded in the Two Bit dis-trict, which had been sold by Jomes Hardin o the Great Northern Mining company for consideration of \$916,666.67. Another deed Havre, cloudy to the Great Northern Mining company for at the same time was entered, transferring the Golden Crest group of claims, owned by Frank Weber and George Johnson, to the colden Crest Mining company for \$500,000 Good paying ore has been struck at the bottom of the deep shaft on the property of the Annie Creek Mining company. The company has been at work on the shaft, which s nearly eighty-six feet deep, nearly a year. Operations have been stopped several times because of the tremendous overflow of water to contend with. Assays on the ore have cluding pumps and a steam hoist.

In the Yellow creek district two rich vein of ore are being worked on the McShaw mine one of which was discovered only last week one of which was discovered only last week.

The Wasp No. 1 and 2 are working large
forces of men and are taking out a high
grade of ore. Both mines are improving
rapidly as developments go on, both in size of the ore bodies and the value of the ore Some rich ore is also being taken out at the little blue mine. Several other companies are working steadily, showing the camp to be good producer. NEED OF A SURVEY OF THE HILLS.

The report of the surveyor general, just made to the secretary of the interior, says that no surveys have been made in the state during the year. Considerable space is de-voted to urging the need of a thorough survey of the Hills where mineral locations are being made. The report says there is urgent need for an examination of the mineral surreys in the state and for connecting mineral monuments with regular surveys and for this work a request is made for a larger appro-priation from the government.

There is a district west of Bear guich, ex-tending into Wyoming a few miles, that is attracting considerable attention just at present and is undergoing a vast amount of permanent improvement. One of the most promising prospects is owned by Lead parties. A tunnel is being run to meet the contact of the slate and granite and numerous quartz stringers have been encoun-tered that assay as high as \$55 a ton. A car track is being laid into the tunnel. It is ex pected that a fine body of ore will be reached in a short distance.

One of the big companies at work in the Two Bit district is the Deadwood Mining or the penitentiary, four have been killed and others have left the country. It is believed the capacity of the rustlers for serious harm is ended.

| And Development company, composed or forty of the business men of Deadwood. The company was organized in January, 1896, by lieved the capacity of the rustlers for serious harm is ended.

MINING IN THE BLACK HILLS erty and is valued at \$28,000,000. A shart has been suck to a depth of 130 feet, which passes through the same formations as the Hardin shaft.

> SOME LESSONS OF THE ELECTION. South Dakota Populists Rebuked for

Intense Partisanship.
MITCHELL, S. D., Nov. 7.—(Special.)—Mr. F. D. Powers, in speaking of the result of the election, says:

"Contrary to what ought to be, the judicial election throughout the entire state has been waged on partisan lines, and as such we may and must estimate the results. In many districts the fight from etart to finish has been wholly on party lines and if no other result has been attained than this, that the party making party affiliation a test of fitness for a judicial position ought to be defeated. The correctness of this has been fully demonstrated in the result of the election of last Tuesday. The populists of South Dakota in their judicial conventions forced this issue on the voters of the state, and it has been signally and righteously re-buked. The result of the election has dempublican speakers a year ago. In South Dakota it has been a vindication of the policy of the present administration more than a successful partisan judicial election, while in other states the result shows that 'eternal vigilance' is the price of political supremacy

as well as liberty.
"Bryanism still lives, the currency question is not yet satisfactorily settled, the de faulters are not yet all brought to justice These and many other issues are, if dead, wonderfully active corpses.
"The changes within the last year from

populist majorities to republican majorities, ranging from 500 to 1.500 populist a year ago o about the same number republican majority last Tuesday, conveys its own clusion in a clear and lucid manner," Charged with Killing His Sisters.

was arrested this afternoon by a detective on suspicion of having murdered his three sisters and brother on Thursday last TO CURE A COLD IN ONE DAY

NEEDLESS SUFFERING.

Will People Endure So Much When It Can Be Eastly Avoided? "The great American trouble is dyapep-

No one realizes this more than the miserable sufferers who drag out painful existences. The body requires help, strength and assistance. It calls for nutriment, but meets no response, because the stomach is unable to digest, sestmilate and turn into then can the poor sufferer do? It is unclean to take more food, because the broken-down stomach cannot take care of what it already

There can be but one answer to this question, and that is to assist the stomach to properly do the work for which it was created Do you ask how? The answer is sim-ple. There can be but one way, and that is to help the stomach to help itself. Not by drugs, not by mineral washings, not even by massaging, but by constant and healthful stimulation. In this way alone can the overworked stomach be restored.

There is but one pure, healthful and medithe profession, and that is Duffy's Pure Mait Whiskey. This whiskey should be taken Whiskey. This whiskey should be taken either before, after or with the meals, and you can readily see how by gently stimulating the stomach when the food is taken, it enables the stomach to digest the food and thus prevent dyspensia and the troubles which follow in its wake.

It will be well for every reader to rememper these truths and also to remember that t is the only medicinal whiskey which can be depended upon to accomplish just what
