PIEFC: COUNTY'S CLERK OF COURTS

Populist Claims Election Under Provisions of Senate File 169, Which Fulled to Pass, but Was Signed.

LINCOLN, Nov. 9 .- (Special.) -- County Attorney Leany of Pierce county was a state house visitor today. He was in for the purpose of inquiring into the status of senate file 169, a bill which falled to pass the legislature, but which was signed by the governor. This bill provided for the appointment and election of clerks of the district court in coun les having a population of 8,000 or more, at other times than the general election for clerks of the districts court. Pierce county comes under the provisions of this bill, and owing to an uncertainty sa to whether the bil really became a law, some of the parties failed to make any nomination for the office of district clerk. The county clerk will make an attempt to hold over and the populist candidate, who received most of the few votes cast, also wants the job. County Attorney Leamy is gathering pointers for the contest. Governor He comb and a party composed of W. J. Bryan, Major Fechet, J. H. Harley, T. S. Allen and Benton Maret will spend the week at St. Paul the guests of Senator The object of the trip is to bag all

Woman's Nerves.

Mrs. Platt Talks About Hysteria. When a nerve or a set of nerves supplying any organ in the body with its due nutriment grows weak, that organ languishes. When the nerves become exhausted and die, so to speak, the organ falls into decay. What is to be done? The answer is, do not allow the weakness to progress; stop the deteriorating process at once!

Do you experience fits of depression, alternating with restlessness? Are your spirits easily affected, so that one moment you laugh and the next fall into convulsive weeping? Again, do you feel something like a ball rising

in your throat and threatening to choke you, all the senses perverted, morbidly sensitive to light and sound, pain in ovary, and pain especially between the shoulders, sometimes loss of voice and nervous dyspepsia? If so, you are hysterical, your uterine nerves are at fault. You must do something to restore their tone.

Nothing is better for the purpose than Lydia E. Pinkham's Vegetable Compound; it will work a cure. If you do not understand your symptoms, write to Mrs. Pinkham, Lynn, Mass., and she will give you honest,

expert advice, free of charge. MRS. LEVI F. PLATT, Womleysburg, Pa. had a terrible experience with the illness we have just described. Here is her own description of her sufferings: "I thought I could not be so benefited by anything and keep it to myself. I had hysteria (caused by womb trouble) in its worst form. I

choly, and everything imaginable. "The moment I was alone I would cry from hour to hour; I did not care whether I lived or died. I told my husband I believed Lydia E. Pinkham's Vegetable Compound would do me good. I took it and am now well and strong, and getting stouter. I have more

was awfully nervous, low-spirited and melan-

color in my face than I have had for a year and a half. Please accept my thanks. I hope all who read this and who suffer from nervousness of this kind will do as I have done and be cured."
