WELL MAKE A TEST CASE

Anti-Peddler License of South Dakota Called in Question. CASE WILL GO TO THE SUPREME COURT

State Retail Dealers' Association and Outside Firms Are arrayed Against Each Other in the Fight.

PIERRE, S. D., Nov. 11.—(Special Telegram)—Judge Gaffy having held the anti-peddler license to be good in the case of the State against Rankin, the jury last night brought in a verdict of guilty. Sentence will be pronounced Saturday, the law fixing the penalty at a fine of not less than \$250 and not more than \$1,000. The case will be appealed to the supreme court, as it is necessary to go even further. It is being pushed on the one side by the State Retail Dealers' association and defended by outside firms which are doing business in the state through agents.

SLING ON HURON CITY WARRANTS.

Legacy of the Capitol Removal Fight of 1896. SIOUX FALLS, S. D., Nov. 11.—(Special)—In the United States court before Judge Garland a very important case is being heard, involving the validity of the claim of Parson & Leach Co. of Chicago against the city of Huron. The suit is the outgrowth of the fight for the location of the state capitol in 1896. At that time several towns were engaged in a contest, the principal ones being Huron and Pierre. About the time the campaign was half over both towns discovered they were short of funds. Huron solved the difficulty by issuing \$40,000 worth of city warrants, which were sold to Parson, Leach & Co. of Chicago. The negotiators of the loan allege that at that time it was well known for what purpose the warrants were issued. It was also understood that their issue was illegal, the town having exceeded its constitutional limit of indebtedness. Now the Chicago brokers have sued for the recovery of this money, asserting that it was secured under false pretenses.

Union Veterans' Union Organized.

HURON, S. D., Nov. 11.—(Special)—Colonel T. J. Dunlop of Pennsylvania organized a command here of the Union Veterans' union, the following being the officers: E. M. Thomas, executive; J. A. Munn, sergeant-at-arms; L. M. Kenyon, major; L. Woodworth, surgeon; H. A. Van Dalsen, captain; J. H. Mulholland, lieutenant; W. H. H. Jones, chaplain; J. W. Getchell, adjutant; Charles L. Summers, quartermaster. The command has twenty or more members and is named J. R. Hotaling command No. 3, in honor of the late Major Hotaling, chief of artillery in the late war. The organization was organized here a few years ago. From this city Colonel Dunlop went to Redfield, Aberdeen and other points to institute similar organizations and when this enterprise has been fully organized he will go Kansas on a similar errand.

Vote Was Illegal.

DEADWOOD, S. D., Nov. 11.—(Special)—Those who have done so much to have the proposition to appropriate \$3,000 for an exhibit at the Transmississippi Exposition for Lawrence county, are greatly displeased. Pointed at the findings of State's Attorney Wilson, who has looked the matter up and finds that the vote on the question was illegal. A protest was made with the county commissioners while in session canvassing the votes, by a citizen, against paying the warrants for exhibition purposes from the general fund. The protest was determined by the state's attorney, requires that a special tax must be levied and this done by a vote of the people. It will be contrary to the will of the people to not be represented at the exposition and it will be almost impossible for the managers of the exhibit to get up a presentable showing without county aid.

Limit Timber Cutting.

RAPID CITY, S. D., Nov. 11.—(Special)—The Indians from the different agencies near the Black Hills have for years been accustomed to cut their timber poles in the vicinity of Spring and Tenderfoot gulches. They require the very best young timber and taking it from year to year, it amounts to the total destruction of the timber in a short time in these districts. Last September the people in that district circulated a petition which was liberally signed and was forwarded to the Department of the Interior. It has just been heard from in enclosed received by Special Agent Green of this city, who is authorized by Commissioner Herman to see that the interests of the people are protected. Agent Green will prohibit the cutting of undersize timber by the Indians.

Escaped Prisoner Recaptured.

SIOUX FALLS, S. D., Nov. 11.—(Special)—Mrs. Cox, the woman who victimized many Sioux Falls business men and who was a few weeks ago arrested at Primghar, Ia., for the same offense, but who subsequently escaped from her jailer, was recaptured Saturday and taken to Primghar. The Sioux Falls authorities declined to prosecute her, but the Iowa victims of the woman will.

Court House Burned.

RAPID CITY, S. D., Nov. 11.—(Special Telegram)—At midnight last night the Pennington county court house was destroyed by fire for the second time in six months. Loss, \$10,000, covered with \$5,000 builder's insurance. Contractors lose heavily. The fire was incendiary. It will be rebuilt.

Convicted of Manslaughter.

DEADWOOD, S. D., Nov. 11.—(Special)—Dick Flick, who went by the name of E. J. Early after he left this city last summer, after committing the offense of manslaughter and counterfeiting, has been convicted of manslaughter and sentenced to fifteen years in the Laramie penitentiary.

Robbers Still at Large.

LEAD, S. D., Nov. 11.—(Special Telegram)—The reported capture of Frank Jones, the third Belle Fourche bank robber, has proven false. The other two robbers are still at large and are heading north. There is no trace of the negro murderer, Moore.

Conference of King's Daughters.

CHICAGO, Nov. 11.—The interstate conference of the King's Daughters and Sons met at the Wellington hotel today with Mrs. H. B. Goodwin of Chicago as chairman. Representatives were present from the states of Illinois, Vermont, Texas, Louisiana, Michigan and fully organized councils. Miss Clara Moorehouse of Chicago acted as secretary. The session was given up to the discussion of conventions of sister organizations. Addresses on the various phases of the subject were made by Mrs. H. B. Goodwin, Mrs. Whitney of Detroit, Mrs. Waldron of Toledo, Mrs. A. D. Smith, Miss Hazel, Mrs. H. Knapp of Chicago. The conference will close Saturday.

Allows the Sale of Liquors.

GEORGETOWN, Tex., Nov. 11.—The criminal court of appeals of Texas has declared the cold storage law passed by the last legislative session unconstitutional. The law prohibited the storing of any intoxicating liquors for others in a local option district or taking orders for liquors for others, the penalty for its violation being a fine of \$100 and 90 days in jail. The law is practically prohibited beer clubs in prohibition towns.

Injured by a Building Collapsing.

BRISTOL, Nov. 11.—By the collapse of a three-story brick building which was being remodeled, at the south end today, four men were injured one of whom it is said will probably be killed. The injured are: Moses Lokerstein, badly crushed and internal injuries; Simon Kiferlich, head crushed; Peter Heaverich, right arm crushed; and McLean, a pedestrian, struck by flying bricks.

Disfigurement for Life by Burns or Scalds.

Disfigurement for life by burns or scalds may be avoided by using De Witt's Witch Hazel Salve, the great remedy for piles and for all kinds of sores and skin troubles.

RECEPTION TO GRANGE DELEGATES.

Governor Hastings Makes an Address Upon Taxation.

HARRISBURG, Pa., Nov. 11.—The National and State granges gave some consideration to reports today, but the public reception at the opera house this afternoon was the feature. This evening the degree of Ceres was conferred on a large number of candidates, under the direction of High Priest of Demeter Dr. George A. Bowen of Connetquot. Tomorrow the delegates and officers of the National granges will be the guests of the State grange on a trip to the Gettysburg battlefield. For this reason there will be no morning or afternoon sessions. A public reception was held at the opera house this afternoon in honor of the visiting grangers. Governor Hastings delivered an address of welcome. In the course of his remarks he said: "Public taxation is a necessary incident to all government and the farmer will uncomplainingly contribute his share where the burden rests fairly and equitably upon all. But his duty does not end with the payment of the tax. He is equally responsible for its expenditure. If you do not want your share of the public burden of taxation to be frittered away in useless extravagance, exorbitant appropriations or aimless expenses of investigating committees, whose purpose is to obstruct the progress of the state, it is your fault if you do not stop it. If your capital building should be destroyed by fire and could be rebuilt with the expenditure of half a million of dollars, you should not let a subterfuge of millions to add a subterfuge of millions to the tax. You should not let a favorite architect or building contractor and compel you to give a share of your wealth for a coat of paint and wallpaper to those who have no call upon your bounty, your sympathy or your patriotism. You had better rise in your might and drive from place and power those who misrepresent you and your interests. Among the notable speakers were: Sarah Blair of Minnesota and S. L. Wilson of Mississippi.

Still Wrangling Over Contests.

LOUISVILLE, Ky., Nov. 11.—The general assembly, Knights of Labor, is still wrangling over contested delegations. Nothing was done out of the state of the contests or from what states they come, and the proceedings of the assembly are care-

ATTORNEY ROBBED IN COURT

Sensational Suit is Brought to a Dramatic Close.

IMPORTANT LEGAL PAPERS DISAPPEAR

Case Finally Terminates by Man Accused of Forgery Being Sent to the Insane Asylum.

ST. LOUIS, Nov. 11.—A special to the Post-Dispatch from Charleston, Ill., says: The sensational case of Attorney Alfred C. Picklin was brought to a dramatic close this afternoon by his being sent to the insane asylum. Picklin is the son of the late Orlando B. Picklin, who married a sister of Alfred C. Colquitt, late governor of Georgia. Picklin, the elder, was well known all over the west. He was an intimate friend of both Lincoln and Douglas—was in congress with them, as the Lincoln-Douglas debates will show. Among other things Alfred acted as broker for some rich people, lending their money out and paying the interest as it became due. After a long time it was learned, it is said, by the merest accident, that the notes for several thousand dollars were forgeries. The grand jury found thirteen indictments against Picklin and the cases came to trial this week.

The first case was proven clearly, but by a blunder of the state's attorney in copying the indictment, in which a note was misdescribed, the judge, Henry Van Zeller of Paris, ordered the jury to render a verdict of acquittal, which was done.

The next case was called, and while it was in progress the state's attorney made the astounding statement that he had been robbed in open court and all the forged notes stolen. There was a dramatic scene enacted, but no one was able to find the notes, and the case on trial went the way of the first. Then with eleven indictments left, the state's attorney obtained a continuance till the January term of the circuit court in order to try to find the notes. A. C. Picklin was then tried for insanity and taken to the Kankakee asylum.

The Faultless Suit in handsome brown plaid chevrons, all made double seat and knee, at \$2.75 and \$3.00.

VIOLENT STORM ON THE LAKES.

One Steamer Wrecked and Passengers Entertained for Another.

ST. JOSEPH, Mich., Nov. 11.—The heaviest sea seen here since the foundering of the Alpena in 1881 is running today. The wind is blowing at the rate of fifty miles an hour, with frequent furies of snow. The two-masted schooner Tira, Captain Kemp, was caught in a squall inside the harbor this morning and capsized with ten men aboard some of them narrowly escaping drowning. The crew and passengers were taken off the wreck by the life saving boat. Houses and bathing pavilions have been damaged to the extent of hundreds of dollars. The St. Joseph river is three feet above the normal stage, and the water is muddy. The steamer Frank Woods cleared for Milwaukee at 5 o'clock and was due there at 3 o'clock this morning. At noon no information concerning it had been received and considerable uneasiness is felt.

PORT STANLEY, Ont., Nov. 11.—

The steamer Groton of Detroit was caught in the gale of last night and came to anchor twelve miles east of this place, where it foundered. The crew of six men took to the yawl boat and were discovered drifting down the lake today. Captain Henry of the life boat station here got his crew together and rescued them. The vessel with its cargo will no doubt be a total loss.

CLEVELAND, Nov. 11.—A severe gale which has been blowing all day and tonight has suspended navigation on Lake Erie. At 4 o'clock this afternoon the wind reached a maximum velocity of sixty-seven miles an hour. The warning of the coming storm was heeded by vesselmen. Only two or three minor mishaps to shipping are reported.

DETROIT, Nov. 11.—A special to the Free Press from St. Joseph, Mich., says: The steamer Frank Woods, which went out in the gale, arrived at Milwaukee this afternoon after being out twenty-two hours. Nothing has been heard from the schooner, George S. Smith and W. H. Dunbar.

ASHTABULA, O., Nov. 11.—While leaving port today on the heavy northeast gale, the steamer Roman of the Hanna fleet, was caught in a heavy sea and dashed against the bottom of the lake, literally breaking the strong side in two. It was only by a miracle that lives were able to get the Roman back into the harbor before she foundered. No difficulty was experienced in rescuing the crew.

CHICAGO, Nov. 11.—The gale on Lake Michigan today came from the right direction to make a boiling sea on the eastern side, while it left the western shore comparatively quiet. The sea at St. Joseph

was said to be the heaviest seen there since the foundering of the Alpena in 1881. Houses to the extent of hundreds of dollars. The dock around the life saving station, and also the one at South pier, was badly damaged. The water in the St. Joseph river was raised three feet above high water mark by the wind.

SETTLING THE MISSION PROBLEM.

Committee Appointed by the General Assembly in Indiana.

MINNEAPOLIS, Nov. 11.—The committee of fifteen appointed by the last general assembly of the Presbyterian Church of the United States of America met in its first session at the Denison hotel this morning. Dr. Withrow of Chicago is chairman. The committee is to endeavor to solve the home mission problem of the church and to report its solution to the next general assembly. The members of the committee express themselves generally as being of the opinion that a compromise will be made between the national and the state plans of control of the home missions. The state plan is better known as the Indiana plan, because it is founded in that state. Governor Mount, the national representative on the committee, was one of the three men who originated the plan. The central states representatives will favor the retention of the Indiana plan and say that they know a majority of the members of the committee are in sympathy with it. The members of the committee believe that an agreement has been reached, but the friends of the state plan are firm and are prepared to make a minority report to the general assembly in case the compromise offered is not satisfactory to them.

FAVOR ARBITRATING DIFFERENCES.

Illinois Miners Expect to Get a Compromise Settlement.

STREATOR, Ill., Nov. 11.—The miners' convention has adjourned. A conference with President Hatchford last night and decided to report to the convention in favor of submitting the entire strike question to an arbitration board composed of three men wholly outside of the regular State Board of Arbitration. The miners will name one member, the operators one and these two will be selected by the arbitration board. The law must be upheld. Peaceable methods will be adopted to hold the men out who have not already gone to work, to await the action of the arbitration board. Committees were selected to visit Braceville, Carbon Hill and other points where the

miners have gone to work to induce them to come out, until a settlement is made. President Hatchford will visit those places tomorrow. The general sentiment among the officials is that a compromise scale will be agreed upon.

Will Fly Alaskan Waters.

NEW YORK, Nov. 11.—The States Steamship company has been formed under the laws of New Jersey, with a capital of \$5,000,000 and with Charles H. Cramp, president of the Cramp Shipbuilding company, as its president. The new company has completed arrangements by which it acquires from the International Navigation company the five steamships, Ohio, Pennsylvania, Indiana, Illinois and Connecticut, and others will soon be added to the fleet. President Cramp was at the Waldorf Astoria and said those steamers will be sent around to the west coast as soon as possible and will fly regularly from San Francisco or Seattle to St. Michael.

For Virginia Grange Delegates.

HARRISBURG, Pa., Nov. 11.—At the meeting of the National grange this morning some minor reports were submitted and the report of the committee on credentials was adopted. Virginia was ruled out on the ground that there are not enough subordinate granges in that state to entitle it to representation in the national body. The state master made encouraging reports.

Receiver for a Mexico Concern.

HITPALEO, N. Y., Nov. 11.—On application of George Sefferns and G. H. Gibb, who own three-fifths of the stock of the concern, Charles H. Avery has been appointed receiver for Sefferns, Prentiss & Co., bicycle manufacturers. Dissatisfaction with the conduct of the business is given as the cause. The assets, it is said, are less than the amount of liabilities.

Ocean Grove Campmeeting.

NEW YORK, Nov. 11.—The Ocean Grove Campmeeting association held its twenty-eighth annual campmeeting at Ocean Grove yesterday. The most important business transacted was the election of a successor to Dr. Stokes, president of the association. Bishop J. N. Fitzgerald of St. Louis was first elected to membership and then chosen president.

Bookmakers Discharged from Custody.

ST. LOUIS, Nov. 11.—In the court of criminal correction today Provisional Judge Siderer sustained a motion to quash in the cases of the fifteen defendants recently arrested for pool-selling and bookmaking, and they were discharged. He declared that the law, enacted by the last legislature, under which these arrests were made, is unconstitutional.
