to carry out this plan Mr. Brigham says an additional appropriation will be necessary. OMAHA, Sept. II, 1897.—T. R. Kimball, He says a bill will be introduced in congress providing for the necessary appropriation and the exposition management is asked to render all possible assistance in securing the passage of this bill.

When the assistant secretary of agriculture passed through Omaha several weeks ago, after attending the irrigation convention at Lincoln, he expressed himself very forcibity.

Press bureau:

OMAHA, Sept. II, 1897.—T. R. Kimball, Architect, Omaha—Dean Sir: Referring to the letter of President Wattles, September 8, Mr. Rosewater directs me to send the draw-ing of the birdle-ye view to you for shipment to Mr. Walker, or, if you would prefer to prepare it for shipment and send it without delay. Please let me know your pleasure in the matter. Yours truly, Signed of the president wattles, Sept. III, 1897.—T. R. Kimball, Architect, Omaha—Dean Sir: Referring to the letter of President Wattles, September 8, Mr. Rosewater directs me to send the draw-ing of the birdle-ye view to you for shipment to Mr. Walker, or, if you would prefer to prepare it for shipment and send it without delay. Please let me know your pleasure in the matter. Yours truly, after attending the irrigation convention at

progress of the trensmississippi region, but to the glorification of the alleged architectsin-chief and all they have done, besides much they have not done." In the Harper article there is one most paragraph, one-half of which is devoted to our firm. Whether your remarks are justified can best be ascertained by seeing the Harper drawing and reading the Harper article, which we carnestly hope meny of your readers will be sufficiently interested to do. Yours truly, WALKER & KIMBALL,

by publication of your letter.
You assert that I knew of the existence of a contract between yourselves and the exposition as embodied in Mr. Kirkendall's letter of March 22, 1887. I most emphatic-

exposition as embodied in Mr. Kirkendall's
eletter of March 22, 1877. I most emphatically deny any knowledge of such contract
As a matter of fact you had no legal ontract as architects-in-chief before November II, 1887. The authority granted to Mr.
Kirkendall in March, 1897, was embodied
in a resolution adopted by the executive
committee designating Mr. Walker as super,
vising architect. Nobody in the executive
committee excepting Mr. Kirkendall had
any knowledge of any letter or contract
signed by him changing the title. Months
ago, when my attention was first called to
the assumption of the title of architects-inchief, I made personal inspection of the
records and found no change or authority.
for change. At various times since then the
matter was under discussion before the executive committee and each time Mr. Kirkendall positively assured us that the title
was supervising architect. This fact is
fully confirmed by his action two weeks
ago, when he introduced a resolution to add
the name of Thomas R. Kimbail to that of
Walker as supervising anothects. At that
time his attention was directed to the title
and he reaffirmed that It was "supervising

Accident at Exposition Grounds. Janitor Suchy of the Castellar school The work at the exposition grounds has wanted an increase of \$10 a month in salary progressed with a noticeable absence of

schools during the year by the average willisms for 10 cents per spars foot. The duly attendance, the total cost of education per child is found to be \$27.15. This is \$2.43 less than for the preceding year. Using the same divisor for the cost of a struction this item appears as \$17.10 which is 67 cents less than for the preceding year. It should be noted too, in this connection, that for the year just closed all the schools during recommended that no change be made were in assage nine and one-built months. that for the year just closed all the schools were in session tine and one-ball months, while for the preceding year only the High school was in operation more than nine months.

In discussing further methods of retrenchment the superintendent calls attention to the material difference between the cost of instruction in the large schools and that in the superintendent of buildings at Lake be relieved by transferring some of the pupils to this annex. It was also recommended that forty or fifty pupils in the portion was section of the Lang district be transferred to Omaha View. The report was adopted in full.
