NO VARSITY GAME FOR OMAHA

Nebraska-Iowa Thanksgiving Match Will Not Come Here.

MANAGERS UNABLE TO AGREE ON TERMS

Difference of Opinion Between the Contending Powers of the Teams and the Local Grounds Prove Insuperable.

It appears now as if the football game between the eleven of the Iowa and Nebraska universities, which has been the Thanksgiving day sporting feature in this city for the last two years, is off for good this year.

The other conclusion was drawn from the telegram received from Manager Oury of the Nebraska team by Frank Crawford of the University club yesterday. This was in effect that the Iowans had refused to play in this city on the terms offered. Crawford is emphatic in his statement that he will not change the terms.

Manager Crawford of the University club has been considerably riled at the published statements given out by both universities that the club has been acting the part of a hog in running the annual football game in this city, and this has a good deal to do with his determination not to change his terms.

He defines these statements as absolute falsehoods and insists that the terms made last year and upon which he insists this year are the best that could be expected.

Both the Nebraska and the Iowa managers have made claims for the use of the University club has taken one-third of the gross receipts of the game, the expenses being deducted from the other two-thirds which were divided between the two competing teams.

This shown to be incorrect by the contract which Manager Crawford has made with the two teams. According to this contract, the expenses of the game, of the two teams are deducted from the gross receipts. The remainder is then divided in thirds to the club and the two teams.

Under this contract the University club last year found itself called upon to take \$25 out of its treasury to fulfill its part. Each team drew as its share of expenses \$10 and Nebraska in proportion.

NEGOTIATIONS UNSATISFACTORY. Manager Crawford is also dissatisfied with the manner in which the negotiations have been carried on this year. Manager Oury has requested him to keep the grounds clear for the game, but would come to no definite conclusion. Crawford has become so disgusted at the whole situation that he does not give a continental whether the two teams play here or not.

Manager Oury has come out with a proposition to pit the Nebraska team against the Kansas in another game in Kansas City on Saturday afternoon. The proposition is to be for the ostensible purpose of "clearing up the unfortunate ending of last Saturday's game," but there is a condition attached to the proposition that a guaranty of \$2,000 shall be put up.

There is but one opinion held by the followers of the game regarding this proposition. It is that it is a trap set for the Nebraska team. The proposition made by Manager Oury can only be looked on as a professional snarl. The game is to be played on the University grounds. If the proposition should be accepted it would place both universities in a decidedly bad light and would give them a professional reputation that would be hard to shake off.

If the two teams really want to find out again which is the better they could as easily arrange a game without a money consideration as with one.

EPWORTH LEAGUE CONVENTION.

Officers Elected and Session Closes.

The Epworth League convention of the Omaha district was brought to a conclusion at the Hancock Park Methodist church last night and most of the out-of-town delegates returned to their homes today.

The session opened yesterday morning devotional exercises were conducted by Rev. F. R. Sanderson of Trinity Methodist church. Mrs. Maxwell of the Epworth League of Omaha was the leader in a very interesting paper and Miss Taylor led the discussion that followed.

The evangelist work was the subject of a paper by Fred Winkler, and this was followed by a paper by Miss Cameron on the social work department.

In the afternoon a prayer service under the leadership of G. A. Michener opened the exercises and following that came the regular business of the session. Reports of officers and local chapters were heard and read.

The list of officers elected is as follows: Lynn Chaffee, Omaha, president; Mrs. A. I. Griggler, Fremont, first vice president; Mrs. C. N. Davidson, Omaha, second vice president; J. E. Young, Valley, third vice president; Mrs. Leslie Mayberry, South Omaha, fourth vice president; A. L. Stone, Omaha, secretary; J. W. Nicholson, Omaha, treasurer. The matter of the next convention was considered and Craig, Neb., was selected as the location.

Last night the opening exercises were in charge of Miss Taylor, a deaconess in the Methodist hospital. Following that came the convention love feast, conducted by Dr. Sisson. The thirty delegates present reconvened themselves and their home leagues to Christian work. The convention then adjourned until the meeting next fall.

Run Into Street Obstructions.

A couple of huge vans, which obstructed nearly one-half of sixteenth street, were the cause of an accident last night which nearly proved serious. The wagons had been used in conveying large pipes of John Bentley of Sixteenth and Douglas streets and occupied the street to within three feet of the car track.

After dark last night the pipes were pushed down Douglas street and turned at Sixteenth nearly into the street. The driver of the wagon, Chief Satter, was thrown in an endeavor to avoid it, giving the animal a severe blow to the head and which will be unfit for service for some time.

For Content of Court.

James Kondin was apprehended last night on a capias for contempt of court. It was charged that he had been subpoenaed as a witness in a case wherein John Bentley of Sixteenth and Douglas streets had filed for libel and that he had failed to show up. Kondin explained that he was out of the city and that the summons had been delivered in the afternoon, whereas he returned late at night and arose early to his work and that consequently he had missed it. He was released on bonds.

A Bouquet of Roses for Riley.

The stage of the Boyd will present a beautiful sight on Friday evening. Three hundred children will be grouped around Mr. Riley and will offer him a bouquet of roses. Every pupil of a school in Omaha, public or private, sectarian or free, will be admitted to a seat on the stage for 25 cents. These tickets will be sold at Charles H. Boyd's store and Hughes' drug store, 214 and 216 Park street.

Oh, How Thankful

Pain Was Wandering and Hope Had Been Abandoned—Wonderful Results of Purifying the Blood.

"A very severe pain came in my left knee, which grew worse and worse, and finally a sore broke out above the knee. It discharged a great deal and the pain from my thigh down was maddening. Large, hard, purple spots appeared on my leg. I suffered in this way for years, and gave up all hope of ever being cured. My wife was reading of a case like mine cured by Hood's Sarsaparilla, and she advised me to try it. I began taking it and when I had used a few bottles I found relief from my suffering. Oh, how thankful I am for this relief! I am stronger than I have ever been in my life. I am in the best of health, have a good appetite and am a new man altogether."

J. P. MOORE, Lisbon Falls, Maine.

...THE BEE Voting Contest Queen of the Ice Carnival

NOV. 18

FRIDENBURG HAS LEFT SCHOOL AND DICTIONSON IS SLEK.

This slek, which is the lamely substituted look and as the substitutes are scarce the slek is a great improvement on the slek. Yesterday afternoon there was considerable talk of cancelling the game scheduled for Saturday afternoon.

The local team has had a run of hard luck since the beginning of the season and it is not surprising that the slek is a great improvement on the slek. It has developed weight which has at least made creditable showings. The one bright feature of this season's work is the fact that it has developed what was at the start a lot of untrained players.

Foot Ball Teams Are About Ready for Saturday's Contest.

PRINCIPAL J. J. O'BRIEN has the Tigers lined up for the last practice game of the season against a strong scrub team this afternoon and succeeded in securing two touchdowns in the first half of open practice.

The practice was very sharp and snappy, but the interference was at times somewhat of a handicap. It has developed a new feature in the practice was introduced by Captain Cochran, when he called for a stacked line.

The Harvard team today lined for the last practice of the year. Tomorrow there will be a game at 4:35 p. m. The team will leave Boston for Philadelphia. The practice today was not very good, but the individual work was good.

The following letter from Captain Cabot was sent to the Harvard Crimson tonight: "I have been reading the papers and have appeared in many of the papers to the effect that the 'H's' have been taken away from the National City bank to the credit of the government. In proportion to the United States bonds deposited by them in the United States treasury at Washington, D. C., the National City bank will turn over to those banks part of the \$12,000,000. Of the \$12,000,000 of Pacific National City bank the government will turn over to the reorganization committee next Monday, about \$4,000,000 are paid due, and they will be delivered to the company on Saturday."

HORSES PARADE TO EMPTY BOXES. Curiosity Seekers Form Major Part of the Crowd.

NEW YORK, Nov. 17.—When the prize winners began their walk around at the horse show tonight the boxes were empty. The first floor of the reserved seats were empty, too, except for a few spectators.

The first floor of the reserved seats were empty, too, except for a few spectators. The admission seats, where those who come to see the show as well as the horse gathering, were packed.

The beribboned equines strutted about the ring under the guidance of their groomers. The crowd of spectators was very large and the show was very successful.

The Corinthian class, which had a preliminary race on Saturday, was very successful. The first race was won by a horse named "The Corinthian," which carried away the prize.

HEIRESSSES ARE HIS VICTIMS

George Moody Works His Swindling Deals Among Wealthy Women.

VERY POPULAR WITH THE GENTLER SEX

Secures Half-Bond and a Valuable Art Collection Which He Quickly Converts Into Cash.

NEW YORK, Nov. 17.—Three young women, two of them heiresses of this city, and the other a famous Australian artist temporarily here, are said to be the victims of an alleged swindler, Arthur Blair Moody of New Haven, Conn., who was yesterday arrested in that city.

Moody is now out on bail and is fighting the attempt to extradite him to New York. He is a favorite with the women. Moody comes of a good family. He is 25 years old. His father is in the insurance business in New Haven and his mother is a doctor.

Moody stopped for a long time at the Holland house and cut quite a dash. When he left the Holland he was \$1,300 in debt to Proprietor Baumann for his board.

Moody happened to meet the Rev. Dr. De Leon Nichol, who took a fancy to him, and introduced him to Miss Mary VanBuren Vanderpool, who in turn introduced him to her friend, Miss Rosamond H. Owen. Both women hold high positions in New York society.

Moody's mining scheme. A few days later Moody called on Miss Vanderpool and said that his partner had told him of a grand opportunity to purchase some subscribed mining stock. One of the parties to the deal was Miss Owen, who had the confidence of the women he had dined them at the Holland house. There, it is alleged, he unfolded a great mining scheme.

Moody's mining scheme. A few days later Moody called on Miss Vanderpool and said that his partner had told him of a grand opportunity to purchase some subscribed mining stock. One of the parties to the deal was Miss Owen, who had the confidence of the women he had dined them at the Holland house. There, it is alleged, he unfolded a great mining scheme.

MUNICIPAL BONDS

The many forgeries and irregularities in the issue of Municipal Bonds which have come to light during the past few years through the work of such men as E. O. Gutzley, of New York, and Z. T. Lewis, of Ohio, have clearly demonstrated the need of more business-like methods in the issue of such securities for the protection of both municipalities and the investing public.

The United States Mortgage and Trust Company of New York, represented in Omaha by Pursey & Thomas, have recently taken up this subject with much earnestness, and in place of the cheaply lithographed or printed bonds are giving issue to communications of more handsome engraved steel plates, adding their certification as to genuineness on each bond at a very low cost. This company has already certified over \$7,000,000 of bonds, and the municipalities availing themselves of these additional protections have secured unusually high premiums for their bonds.

In April, 1897, the City of Passaic, N. J., issued \$25,000 5 per cent 1-14 (Serial) Municipal Building Bonds, which were sold at 106.00, a premium of \$2,121, and in August, 1897, \$50,000 4 1/2 per cent 18 year average, Public Improvement Bonds at 109.00, a premium of \$4,534.50. These bonds were advertised as being prepared and certified by this company under its plan for the more adequate protection of Municipal Bonds.

The letter reprinted below is a copy of one written by the Hon. Andrew McLean, Mayor of the City of Passaic, referring to the above issue.

CITY OF PASSAIC, N. Y. OFFICE OF THE MAYOR. August 18, 1897.

G. W. YOUNG, President. UNITED STATES MORTGAGE AND TRUST COMPANY. 29 Cedar Street, N. Y.

My Dear Sir—Referring to the issue of Municipal Building Bonds of the City of Passaic sold some time ago and to the recent issue of Public Improvement Bonds, it gives me great pleasure to state that the services of your company in the preparation and certification of these issues has resulted in a most satisfactory sale for the city.

The fact that these bonds were prepared by the American Bank Note Company on the steel engraved blanks of your company and that your system is to be commended and I unhesitatingly recommend to other municipalities contemplating the issue of public obligations, the use of your services, as they have proved most satisfactory to the City of Passaic in every detail.

Very truly yours, (Signed) ANDREW McLEAN, Mayor.
