reached the city last evening and took a good deal of interest in the regular weekly meeting of the executive committee of the Council Bluffs auxiliary. He is here for the pur-pose of settling the question of the charges that are to be made for the use of grounds for a site for the Iowa state building and for selecting the site as well as ascertaining

the space that will be given in the main buildings for the Iowa exhibit. Governor Packard was greatly pleased with the prompt action taken by the local committee to procure the rescinding of the action taken by he exposition management in the matter of charging for the site of the state building and was very much gratified by the semi official intimation that was given him last evening that the management would prob-ably recede from the position assumed. The committee appointed at the meeting last week for the purpose of confering with the due is being determined in the suit that J. J. management in Omaha will accompany Governor Packard on his visit to Omaha this morning and will assist in laying the mat-

ter before the exposition management. The meeting of the Council Bluffs committee last evening was well attended by the members and the enterprises afoot were discussed with more than ordinary confidence and enthusiasm. The plans for the big wigwam were submitted and explained by Architect Woodward. A wigwam commit-tee was appointed consisting of Victor Bender, Superintendent Hisey, E. F. Clark, Leonard Everett, M. Wollman and O. P. Wickham, to take charge of the erection of building and all of the negotiations. Considerable time was again given to the discussion of the problems connected with the purchase and sale of the Pottawattamie exposition button. It was decided that it was necessary to o der the button decided upon at the earliest practicable day and get them on sale. It was suggested that there might be considerable rivalry among the

people to get the first button and that it might be made to bring a good deal more than the single \$1 that others were to be sold for. Dr. Cleaver suggested that this button be put up at auction and sold to the highest bidder and intimated a willingness to start the price at \$25. President Graham suggested that if the committee could get the women interested in the button selling scheme that several thousand dollars could
