The Czar has likewise announced his intention of extending the Zemstwos, or provincial ion of any Japaness territory or land troops | and communial councils, to the western provinces of Russia, which is equivalent to a grant of local autonomy. In fact the whole of the European portion of the Russian empire is about to be placed on the same administrative footing, and all the barsh restric-tions enacted for the purpose of punishing the Polish and German provinces of the em-pire for their alleged want of loyalty to the Czar, are about to be repealed. peror is also taking steps for extending the rights and prerogatives of the municipalities of the various great towns and cities, being of the opinion that those which they now pation of Kassela have been arranged it will of the opinion that those which the requirements of the present day or with their

A MONUMENT FOR SALE.

### Field's Tribute to Andre to De Auctioned for Delluquent Taxes.

New York Co where Cyrus Field and John Andre-let us not doubt-have long since met. We may well hope that neither will feel budly over the Kassale. From Ambarab as far as the 14th coming removal, at the hands of a presaid degree north latitude the frontier was tax collector, of the beautiful manument marked by the 37th degree east longitude, crected by the one to the memory of the other. During Mr. Field's life the monument was twice blown up with dynamite and partly destroyed. He restored it each time and then Italy the right to occupy the place should the indignant patricts of Rockland county the exigencies of Exythrean defense demand let it alone. But the mounment and its alter remained Mr. Field's private property, as the village and the county would never accept it. Since his death the taxes on it have not been paid and now it appears that the tax collector's hammer is mightier that the dynamite bomb.

There is a lesson in this incident for millionaires who are fond of creeting monuments. Let them comember that public monuments are supposed to express the feelings of the oublic. There is not much use in crecting nonuments to honor one whom the people do public. stall any Anglo-Egyptian movement in that not care to honor. Mr. Field's enthusiasm for the stainless young British gentleman who died bravely and calmiy in the service of the king was a generous and admirable sentiment. Mr. Field was quite right that Bay rallway case by the Swiss tribunal of ar-bitration closes a chapter in African history to recognize the good qualities of our fee n which Portuguese cupidity and Beer in-At the same time it was hardly wonderful that the people, whose ancestors had seen Andre hanged by order of George Washbagrigue played prominent parts, but overeached themselves. By the award of the ton, could not divest themselves from the idea that to let a monument to him stand \$9,000,000 to the McMurdo interests, and the English bondholders the Portuto sharp flection on Washington for hanging him. Murdo, an Anyway, the tax collector is nailing up him would be a vindication of him, if not a reguese government la called to sharp account. Colonel Edward McMurdo, an American, got his concession for the notices. Unless some one turns up who road from Delagoa Euy to the Transval sympathizes with Mr. Field's ideas enough the rontier in 1983, organized an English compay the tax bill the monument will go and pany in 1887, but lost ell, as Portugal, on a we fancy it can be spaced. The record for November is not to cent, and the net earnings to over 24 pe realize the extent to which the values of the properties they manage are being menaced by up, but the gains for the second week of th

rate cutting, ticket scalping and similar evils, and that in an attempt to remedy these evils they have joined forces with the oth are remarkable enough to justify the The complaint ha shortage reputable element which has built up the rallways of the country and from whom the best and most substantial support will always come. With the doing away of the evila sought to be abolished, the transportation lines will be on a better business basis than memorable year will be eclipsed. Yet there they have ever been before. Securities will become more substantial properties because carnings of common carriers can then be predicated on a known basis.

nsuring American capitalists against foreig. privi has been reversed in recent years, but npetition, has led them to embirk their his new measure comes unexpectedly, and capital, and has enabled them to build up here is considerable speculation as to the arge enterprises in which thousands national or international significance wage-earciers find employment. It is for the stting aside of so large a sum for the exfree traders to show wherein this contention ropriation of the present Polish proprietor. s unsound. nd the substitution of German settlers.

Kansas City Journal: "America's success Prussian radicals are already objecting that ful competition is due to her enterprise in embarking capital, but is yet more due to the form of the proposed vote is unconstitutional, since it involves a grant of money in advance for a series of years, while the con-stitution prescribes that the annual income the freedom her macufacturers enjoy in employing the best machinery and working in

and expenditure should be submitted to the the most economical manner, untrammele by the restrictions which have hampered manufacturers here." These are are the hamber in the yearly estimates. words of Right Hon, Charles T. Ritchle president of London's Board of Trade, uttered 1 an address before the Chamber of Con erco at Croydon, Tuesday. Mr. Ritchie's theme was the decline of British exports and he polated out the multiplication of Ameri can contracts in Great Britain, continental Europe, Egypt and Japan, which engage-ments, he declared, should have been made by British manufacturers

New York Mail and Express: The presenpint lies in the public appeal of the Austrolungarian minister of foreign affairs on Sat urday to all the powers to combine for a commercial defense against "the destructive competition which transoceanic countries are arrying on"-a competition which "requires rompt and thorough counteracting measure f the vital interests of the peoples of Eu pe are not to be gravely compromised. Whether this official utterance be regarded as merely another isolated ebullition of national feelling, or as the initiatory indication of an international league in opposition to American prosperity, the United States can afford not only to accept it as proof of the republican party's contention, but to view i with equanimity. It is ultogether likely that a European boycott of our products would be strong reminder of the historic gentlema

who cut off his nose to spite his dace. WHAT RAILROAD EARNINGS SHOW

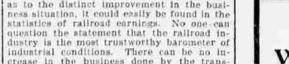

**Proof of Business Activity All Along** the Lines.

Chicago Post. If additional evidence were really needed to remove the professed doubts of the flatists as to the distinct improvement in the business situation, it could easily be found in the statistics of railroad carnings. No one car question the statement that the railroad in No one can dustry is the most trustworthy barometer o industrial conditions. There can be no in crease in the business done by the trans ortation agencies if the farmers and manu facturers and merchants of the country do not make greater demands upon their work The railroads have ing capacity. severely from the protracted period of dereasion, but the general recovery ted in their reports for the last si onths.

The railroad that does not exhibit an in rease of gross and net earnings is the exption. While agricultural prosperity has chief factor, manufacturing industries have contributed a very fair share. The railroad managers agree that there has been a revival all along the line. Comparing the earnings of this year with correspondin periods of last year, every month since Jun Here is a hows a notable improvement. giving the increase for the last three months:
