

## FROM THE FARTHER WEST

## BIG FIGURES AT THE MINT

Receipts of Gold in Denver Surpass All Previous Records.

## AVERAGE OF A MILLION FOR EACH MONTH

Most of the Cripple Creek Shippers Expect to Continue Their Mining Operations During the Winter.

DENVER, Colo., Dec. 1.—(Special.)—It is extremely probable that the total receipts of gold at the Denver mint for the year 1897 will amount to \$120,000,000, or an average of \$1,000,000 a month for the whole year. Several months ago it was predicted that the annual record for 1897 would reach \$11,000,000, but the receipts of the last two months have been so large that it now reaches within \$10,000 of that figure, and if the receipts during December are maintained the average will be brought up to \$1,000,000 per month. December is usually a slow month, owing to the closing down of a greater or less number of mines for the winter months. The number that will run all winter is much larger than heretofore, and as nearly all the Cripple Creek shippers will continue operations during the winter, the mint officials do not anticipate a serious falling off during the coming month.

The officers of the mint have kept very close watch of the Cripple Creek production, and say that it runs very evenly with the mint receipts, and there is no doubt that it will reach \$12,000,000 and possibly more, and that the rest of the state will not fall short of \$10,000,000, making the production of Colorado for the year \$22,000,000.

The receipts of gold for November were \$1,377,084. For November, 1896, they were \$1,371,033, or the largest month's receipts for \$77,051. For the eleven months ending yesterday the receipts were \$10,929,544. For the corresponding months of 1896 they were \$9,924,544, a gain for 1897 of \$1,005,000. The heaviest month during the last year was May, with a record of \$1,437,755.41. The next highest was October, with \$1,272,563.19. This year November was the fourth largest month, with \$1,377,084. From what is known of development now going on and the constant increase in Cripple Creek shipments, it is believed that next year the mint receipts will be much in excess of those of 1897.

## Aspen Mines Are Still Good.

ASPEN, Colo., Dec. 1.—(Special.)—The impression that has been carried to the world that the fire in the Smuggler mine has completely ruined the Aspen district is erroneous. From present indications, Aspen will be heard from as a silver-producing district much sooner than during the next six months than for several years past. True, the Smuggler fire has been a serious blow to a mine, and the danger of a general flooding of the big producers was great, but that has now passed, and with the exception of the Smuggler mine itself, the district is going forward with as great energy and it may be said much greater success than before the fire. Important strikes have been discovered quite recently in the Little Annie mine and in the Little Annie on Richmond hill and there is no doubt many million dollars' worth of ore can be worked to these and other mines to good advantage.

## Struck Old in Pike's Peak.

COLORADO SPRINGS, Colo., Dec. 1.—(Special.)—Old miners are puzzled over the mud pucker, which was struck last week in the Pike's Peak tunnel under Pike's Peak. The strike is proving far more serious than was at first anticipated, and a proper solution to a question of considerable moment to the contractors. The mud continues to cave in and despite the utmost efforts of the men at work no headway can be made. There is also considerable water in the tunnel, and the contractors hope the mud can be frozen and then cut through, timbering heavily as they proceed. The experiment will be watched with considerable interest.

## Colorado News Notes.

The Denver Cable company will abandon cables and use electricity. Grading will be commenced at once on the new broad gauge railroad from Colorado Springs to Victor.

Mrs. J. Augusta Present, of Boston, aged 70, died in Colorado Springs. She was the mother of Mrs. Roger Wolcott of Massachusetts.

The war against sales of dynamite in Colorado is becoming more serious. The state has written a letter to a Denver man promising to assist the better men in their fight.

Charles E. Stanton of Colorado Springs has begun suit against her landlord for \$10,000 as damages for injuries sustained by falling down a dangerous step he had been requested to repair.

Samuel Crump, a claim against him twenty-seven years ago, but to entry had been made of the fact at Denver. Now he has proved that the claim was not valid and a cloud will be lifted from his property.

The county commissioners at Denver assumed the franchises in the Associated Press here for three Denver newspapers and attempted to tax them. The publishers brought suit in court and had the assessment declared illegal.

Reports from the foothill ranches beyond Owl canyon and stretching toward the Laramie river state that the ranchmen there are considerably excited by the receipt of a federal order requiring them to take down

## A RELIC OF THE PAST.

Surgical Operations for the Cure of Piles and Rectal Diseases no Longer Necessary.

A Medical Discovery Which will Change the Treatment of All Such Diseases.

It has long been thought not only by some physicians but by people in general that the common painful and exceedingly annoying trouble, piles, was practically incurable by any other means than a surgical operation and this belief has been the cause of years of needless suffering, because of the natural dread of surgical operations.

There are many salves, ointments, and similar remedies which afford some relief in cases of piles, but the Pyramid Pile Cure is the only preparation so far introduced that can be reliably depended upon to cure to stay cured, every form of itching, bleeding or protruding piles.

Mrs. M. C. Hinkley of 601 Mississippi St., Indianapolis, was told by her physicians that nothing but a surgical operation costing between seven and eight hundred dollars, could cure her as she had suffered for years, yet even in such a case as hers the Pyramid Pile Cure accomplished a complete cure. She says: "I knew an operation would be death to me and tried the Pyramid with very little hope and it is now to be wondered at that I am so enthusiastic in its praise."

Mr. D. E. Reed of South Lyons, Mich., says I would not take \$500 and be placed back where I was before I used the Pyramid Pile Cure. I suffered for years and it is now eighteen months since I used it and not the slightest trace of the trouble has returned. The Pyramid Pile Cure is sold by nearly all druggists at 50 cents and \$1 per package and as it contains no opium, cocaine or other poisonous drug can be used with perfect safety.

No one need suffer from piles in any form who will give this excellent remedy a trial. Send for book on cause and cure of piles, sent free by addressing Pyramid Drug Co., Marshall, Mich., (formerly Albion, Mich.)

million of force which they have been using for several years to subvert government and for the purpose of pasturing horses, cattle and sheep.

Between Cameron and Turret mountain J. J. Wood was driving a stage coach a week ago. His load team got beyond control and he was finally thrown forward from his seat, falling on the log and then to the ground. Two wheels of the stage stage passed over him, breaking his ribs.

The abolition mills in Boulder, which have been closed down for two months, are again resuming operations. The Denver mill of fifty tons capacity, which was closed to make some changes which experience has shown to be necessary, has been gradually resuming its full capacity for a week, and is now running full blast again.

A Pueblo dispatch states that with the widening market for Colorado products throughout the east comes a great increase in the shipment of alfalfa from the Arkansas valley. A raise of \$4.50 per ton from the valley to St. Louis has been made, and with alfalfa finding a good demand in St. Louis at \$10 per ton a good market with a fair profit is assured.

## THE PLANS OF BISHOP TALBOT.

## Will Not Neglect His Western Diocese While Making the Change.

LARAMIE, Wyo., Dec. 1.—(Special.)—Rev. E. E. Talbot, bishop of Wyoming and Idaho, was in this city this week after a month's absence, during which time he was elected to the position of bishop of the diocese of Pennsylvania. He does not contemplate leaving this diocese immediately to take up his residence in the east. On this subject he said:

"In case of my acceptance, which is entirely probable, I will go to Pennsylvania with my family the latter part of January and get settled in the bishop's residence, which is located in South Bethlehem and is a large and beautiful structure. Before accepting the office of bishop of central Pennsylvania I will visit the bishop of Wyoming and Idaho and ask the presiding bishop of the American church to appoint me administrator of Wyoming and Idaho until my two successors shall have been elected. It is expected that a separate bishop will be elected for Wyoming and Idaho each."

"It is my purpose to remain in my new diocese June and then return to Wyoming and Idaho for the entire summer and early fall, making a complete visitation of this western work, attending to such ecclesiastical and diocesan duties as may be required in order to turn over the work to those who are to follow me. It is hoped that with this the work will be left in good shape for my successor."

## Wyoming News Notes.

A ledge of oil-bearing rock has been discovered in the Iron mountain and samples have been sent east for investigation.

A new flouring mill will be built at Cody, Wyo., from plans which have been laid in winter and work will be commenced early in the spring.

William Kramlich, a wealthy stockman of New York, who has been building a telephone line from Casper to Walton, Casper citizens contributed \$750.

Sheriff Rice of Big Horn county took an insane patient to Evanston and had to make the journey by way of Butte, including a stage ride of 175 miles.

A. A. Spang of Manville bought 1,600 head of cattle from the Pawnee Cattle company, and is having them sent south to his ranch for feeding.

Austin Sloan, editor of the Evanston Press, has accepted a position, tendered him by Senator Clark in Washington as manager of the United States newspaper.

A company has been formed of Douglas for the purpose of developing the copper discoveries near the town of Douglas. The company has subscribed for driving a 200-foot tunnel through the copper ledge.

The Wyoming Herford association is organized to keep up the reputation of its breeding farm near Cheyenne and now has a representative sent buying the finest pure blood Herefords in the market.

The work of construction on the telephone line from Sheridan to Big Horn is progressing nicely. The poles are now set as far as the route of J. D. Adams, who will have the only telephone along the line.

Laramie has been invited by the secretary of agriculture to write a report on the vegetation of the Red desert for the year 1900 of the department and has commenced on the work.

A hunting party, consisting of J. C. Butcher of Brooklyn, N. Y., and William McKinnon of Wyoming, who have been hunting in a large quantity of game to Sheridan. Everybody gets a deer or two on every hunt.

The rumor in connection with the location of the camp in the mountains on Brush creek, south of Saratoga in Carbon county, is to the effect that the Union Pacific has the contract to build a line from Denver and that gentleman has begun the work of supplying the great Overland with fuel.

A special examiner of government surveys has made an examination of the surveys of land made during the last season by E. P. Stoll of Cheyenne, who surveyed 100,000 acres adjacent to the Big Horn reservation. The survey of 400,000 acres lying east of this tract, by J. F. Warner, will not be examined this winter.

Adams and Douglas, who are working in the district Bell mine in the Sandstone mining district, about fifteen miles west of Grand Rapids, are erecting a ten-day camp, which will be used for the purpose of having the plant in operation on January 1. A general average survey of Northern Bell ore shows \$60 to the ton in value. Oat creek rocks are found in the ore runs into the thousands in value. A vein of four feet in thickness was being worked in a 400-foot drift when operations were commenced.

## TO OBSERVE FOREFATHERS' DAY

Huron Congregationalists Keep Up a New England Custom.

HURON, S. D., Dec. 1.—(Special.)—Congregationalists are arranging for the observance of Forefathers' day, December 21. A New England supper will be served in the evening. Rev. Dr. Scott of Sioux Falls is expected to deliver the address.

A flag presentation with ceremonies peculiar to the regulations of the Salvation army took place at the army rooms Monday evening. Captain Grant, who established the barracks here last winter, made the presentation speech. The ceremonies were witnessed by a large crowd. The army is doing a good work here. Captain Grant goes to Minn. from here, being in charge of the work there.

The new bridge over the Jim river, near the mouth of the river, and the new crossing of Power creek, are completed and a special meeting of the board of county commissioners will be held on December 7 to examine and accept the same.

George Schnepfer of Milwaukee now occupies a clerical position in the office of Surveyor General Hughes, having been sent here by direction of the civil service commission.

Grace Episcopal church guild is arranging for its annual supper to be given on the evening of December 8.

Ed J. Miller, member of the First National bank, and A. F. Davidson, are at home from a three weeks' stay in Miami Springs, Fla., where they took much baths; both are much improved in health.

Telephones for Dell Rapids.

SIoux FALLS, S. D., Dec. 1.—(Special.)—A local telephone company has been incorporated at Dell Rapids and an exchange will be put in at once. Dr. O. O. Sawyer is president. O. F. Bowles vice president and E. J. Elliott secretary.

A New South Dakota General.

MILBANK, S. D., Dec. 1.—(Special.)—On a farm belonging to W. B. Saunders, six miles west of here, a flow of water was struck in an artesian well at a depth of 500 feet. The flow of water started at a lively rate and is keeping up, to the delight of the farmers here, because it had always been supposed that the

an American widow, Mrs. Kittinger, to whom he had been making love for some time. Having even but one chance, he was shot and killed. He took \$750 and shot himself.

## CHARGED WITH THROWING BOMBS.

Two American Boys Placed Under Arrest at Managua.

(Continued from First Page.)

MANAGUA, Nicaragua, Dec. 1.—William V. Sheridan, a 16-year-old son of William Sheridan of California, temporarily residing on his coffee estate near Palencia, who had been attending the national college at Managua, has been imprisoned on a declaration by Robert Eckman, the director of the college, on suspicion of a party of students who exploded a toy bomb at or near the college door.

A few days later Hugh Sheridan, a brother of William, also a student at the college, was imprisoned on a declaration of Eckman on a similar charge. Hugh is 14 years old. None of the native students who were released by Eckman have been in the party were arrested.

It is alleged that Eckman, before he made his declaration against Hugh Sheridan, was informed that the Sheridan boys at the time of the explosion of the bomb were over half a mile away. The professor was evidently afraid to accuse the natives for fear it would cause a protest.

The United States consul called on William Sheridan once, but was refused permission to see the boys on any occasion he called thereafter. The consul also made an effort in his behalf after the third day in prison, and requested the transfer of the boy to a cleaner room. Both boys were eventually released by the order of the government on the fifth day of the imprisonment of the older boy, and were ordered to appear before a criminal court the next day.

The court evidently hoped they would run away. They were on hand the next day, but having no testimony against them, the court had to acquit them. It was under the age of manhood and discharged them to appear in court when summoned. In the meantime they may go where they please.

## MINISTER OF JUSTICE RESIGNS.

Adverse Vote in French Senate Causes His Downfall.

PARIS, Dec. 1.—Owing to the defeat in the Senate yesterday, when by a vote of 153 to 107, the motion of M. Darlan, the minister of justice, who had proposed the removal of magistrates, which had been denounced as illegal, was rejected, M. Darlan has requested Premier Meunier to inform President Faure that he has tendered his resignation.

M. Darlan, the retiring minister of justice, was one of the most pronounced supporters of the maintenance of the Senate upon the existence of that house was threatened during the last session of a party of students who exploded a toy bomb at or near the college door.

The cabinet met this evening. The newspapers express the belief that all the ministers will resign and that M. Meunier, the present premier, will undertake to reconstruct the cabinet.

The feeling among the deputies was against the whole cabinet resigning. Securities on the bourse today, after a firm opening, declined on the report of the resignation of the minister of justice. M. Darlan, while at the head of the cabinet, was regarded as a man of high character and high ability. It is noteworthy that his downfall has been caused by an adverse vote of the senators.
