Care of the Public Parks. The annual report of the Board of Park Commissioners was made to the city council last night. The fiscal year of the park board ends on November 1, but the annual report cannot be made up and submitted before the first regular meeting in December.

The report is very full and goes into all the details of park management and expense during the year. The board began the year with a balance of \$538.42 from the receipts of the previous year, and received from all sources a total of \$5.712.19. All of this with the exception of \$25.50 was expended during the year. The report shows that Fairmount sark was the chief source of expense, and the amount expended upon it approximated \$4.561.38. Of this amount \$3,160.50 was expended for permanent improvements and the balance, \$1,400.88, went to defray the oper-ating expenses of the park. The report speaks very highly of the character of the permanent work that was done by the con-tractors and employes under the direction of the commissioners, and points to the fact that the improvements are of such a char-acter that they will enhance the beauty and

pleasures of the park for many years.

Bayliss park came next as the source of expense, which includes simply the regular payroll of the watchman during the sum-mer, amounting to \$527.65. The bill for the care of Cochran park amounted to \$361.21. and the miscellaneous expenses of the board reached only \$98.50.

The large balance that was carried over from last year was carefully cultivated by the commissioners for the purpose of making the contemplated improvements in Fair mount, otherwise the work could not have been done. During the coming year the board will make Bayliss park the source of the chief expense, and will make some im portant changes and improvements.

DUNLAP AND HIS BROKEN LEG

Pasis of a Suit of Considerable Interest Before Judge Green.

WANTS CITY TO SETTLE FOR THE DAMAGE

Accident Concerning the Cause for Which There is Much Dispute, but of Whose Result There Is No Doubt.

In the district court yesterday the suit of L. Dunlap against the city to recover \$15,000 damages for a broken leg was on trial all day. Dunlap is one of the oldest employes of the water company and lives on Breadway near Thirty-seventh street. On the night of March 2 of this year he had occasion to cross from Broadway to Avenue A and in doing so did not observe the pres ence of a ridge of frozen earth that had been for the macadam that was being laid by Contractor Wickham. The ridge was several feet high and he fell with such violence that his right leg was badly fractured, inflicting injuries that will leave him a cripple for life.

The city maintains that it was the contractor's duty to remove the earth and the contractor claims that such work was no ing of Sayles, Casper and Metcalf, part of his obligations, a position that was subsequently fortified by the council allow-ing him extra compensation for hauling leys in Stutsman addition remain as it away the remains of the old codar blocks and the earth taken from the bed for the macadam. Both the contractors and the city insist that the ridge was only small and afforded but slight obstruction to traffic and in the vicinity were burning at the time. Dunlap asserts they were not and makes the Egyptian darkness that prevailed in the vicinity one of the causes of the accident and one of the bases of his suit. The reports of the police department tax opposed the request and the report was for the month show that the light was burnwas not reported to be out. The electric light company has been unable to find any record of that lamp for any particular night beyond the fact that it was paid for with all the other lights that were burning on that night. The case is being tried to a jury and promises to have a run of sev

SOLD FOR DELINQUENT TAXES. County Treasurer Arnd Holds His Real

Estate Vendue. The tax sale of property for delinquent axes was completed yesterday, the last piece being reached and finding a buyer just one ninute before 6 o'clock. This is the first ime in many years that the entire list has seen disposed of in one day. Two or three, or often more, days have been required in the past to complete the list. The number of buyers was fully as large as on previous occasions, when larger lists and better investments were in sight. None of the bid-ders were willing to take any of the undesirable, outlying and nonproductive prop-erty, which is described by the term of "old seeds" by the employes of the treasurer's office. A good deal of this property has been on the books for several years and some of it has been running since 1888. The list was sold out about as close as on former occasions and the eagerness to get desirable pieces was even greater than last year when the possibilities were greater for investment. All of the old professional tax title buyers were present and a number of

new faces were also visible. The bidding was very spirited and the enforcement of the rule that the man who spoke first got the plum left out completely the men slow of speech or who had an impediment in their lingual machinery. Half of the sales were made before Tressurer Arad had finreport from Rev.

Reale 1137 East erre St; "I have petition became so keen that the names of your the bidders were announced before the treas with urer had uttered three syllables of the de scription. Judge Green on Shea's Injunction. Judge Green was ready to announce his lecision in the matter of Shea's injunction against the city when the court convened yesterday morning, but before he could do so Mr. Shea asked permission to file a new brief of facts and the request was complied

forthcoming and the decision was withheld one day longer. Judge Green announced that he would not be willing to wait for hat he would not be willing to wait for hea's brief more than another day and that decision would be rendered tomorrow at the catalite. Judge Green has prepared a written opinion and it is awaited with a good deal of eagerness by the employes of the city, whose wages for the month of No-

vember, amounting to nearly \$5,000, are tied up, and all of them are beginning to feel the need of some ready cash. PROCEEDINGS OF THE CITY COUNCIL

Manawa Railway Franchise Put Through Its Various Stages. The city council last evening spent some time considering the Manawa rallway fran chise and passing it through its various stages. The only changes in the ordinance were found in the sections authorizing the company to parallel the tracks of the old company and permitting the laying of the new rails one foot instead of eight inches from the other rails. The Lake Manawa Railway Construction company was substituted for the railway company as the copli-

cant for the charter. The i ports of the various heads of depart-ments and the reading and allowing of the monthly bills occupied another half hour, and it was late before the council picked up the regular monthly business of the city. The thrown out of the track in the center of bill of the gas company was referred back to the street for the purpose of making room the committee for investigation to relieve the suspicion that it was too large. William It was held that if a trial of such a case G. Fuller, the watchman kept in the tower on its merits developed that the rates were G. The judiciary committee reported favor ably to the request of the Monarch Manu-facturing company and the Combination Sence Works for exemption from taxation under the city ordinance. The report raised the question of whether the ordinance contemplated such exemption for enterprises already established in a small way and which had grown into proportions entitling the owners to apply for the exemption. Alderman Casper raised the question and stated that the fence works had been estabished four years and the request for ex-Installation of officers in the various lodges from the present time, the five years using of the city will occur during the week. State Commissioners Eubmit Their Annual Report. 4.47

CHANGES IN THE LAWS RECOMMENDED

Uniformity of Rates Employed as Beneficial to the Shipper and Consumer_A Mercantile Failure at Des Moines.

DES MOINES, Dec. 6.—(Special Telegram.) to have been financial difficulties. -The annual report of the lows Board of Rail road Commissioners was filed today. The board recommends some important changes in the railroad laws, to bring them in line with recent court decisions. It declares that the most important decision ever rendered on the lowa railroad laws was in the cas of Burris against the Chicago, Burlington & Quincy railroad, in which the supreme court held that the statutory penalty of triple damage for the shipper in cases of discriminalished by the commissioners under the law authorizing them to fix such reasonable rates. sh expense of \$15 for the destruction of Redshard if this decision stands there will be no good sign thistles. The report of Electrician Bradiey concerning telegraph and telephone poles anny of uniformity of rates. Every shipper will be at liberty to sue for a lower rate will be impossible to sustain uniformand it will be impossible to sustain uniformity. It is recommended that the laws be amended to assure that such uniformity may be maintained. The board also asks greater ent farms in Crawford county all sum and more definite power in settlement of controversies between shippers and railroads as to sidings, elevators, warehouses, etc.

Blotcky Brothers, proprietors of a department store at 327, 329, 331 and 333 East Fifth street, failed today. They give chattel mort-gages, eggregating \$14,091.85. The first oncouncement of the failure was when a mort gage of \$45,300 was filed in favor of Harris Franklin of Deadwood, S. D. A second mortgage for \$2,000 is in favor of the Grand Avenue Savings bank. Other mortgages from \$1,000 to \$2,500 each were given to several relatives of the firm. All the mortgages are given to secure capital borrowed and used in the business; none of the merchanding accounts are secured. The total liabilities are about \$60 000, while the assets will reach mon and Joseph Blotcky, who compose the firm, say the business will continue for the present at least, and that it will pay all claims. The firm has always stood high.

Mr. Magee!

A Montana Man Has No Use for Tobacco.

Browning, Montana, Sept. 1, '97. Bureka Chemical and Mnfg. Co., La Crosse Gentlemen-1 have used no tobacco since I took BACO-CURO two years ago last March, and have no desire to. My weight has gone up from 160 pounds to 195 pounds. and I never felt better in my life Respectfully, THOS. B. MAGEE

Mr. Magee felt that tobacco was hurting him and took BACO-CURO. Like all who have used this kindly vegetable antidote, he is permanently weared from tobacco and has no desire to return to it. The wonderful part of a cure from BACO CURO is that it removes every trace of nicotine in the system, leaving it as free as it was before the first smoke or chew. Write for proof of curez. We give a written guarantee to cure permanently any case with three boxes, or refund the money, 50c or \$1.00 three boxes (guaranteed cure) \$2.50. Druggists everywhere, or EURBEA CHEMICAL AND MNFG, CO., LACROSSE WIT

Searles & Searles.

Oured for life and the poison thoroughly cleaned from the system.

advertised. Bottled at the Distillery with an absolute Guaranty of Purity and Original Condition The consumer buying this—the only distillery bottling of MOUNT VERNON in SQUARE Bottles, each bearing the Numbered Guaranty Labelt secures the highest crade of Pure kye Whiskey in its natural condition entirely free from adulteration with cheap spirits and flavorings.

FOR MEDICINAL USE

A man fears and abhors the high-

wayman who at the point of the revolver robs him of his money. The mere thought of

man that robs men not only of their money, but of their ability to make it, and of their health and life. And yet men actually court this deadly enemy. Its

the advances of this deadly enemy. Its name is consumption. Thousands of bright men and women are passive victims in its clutch. Its daily victims are numbered by

A sure cure for this dread disease is found

in Dr. Pierce's Golden Medical Discovery. It goes directly to the seat of the trouble.

It goes directly to the seat of the trouble. It restores vigorous action to the digestive organs, tones up the liver, and makes the appetite good. It makes the assimilation perfect and supplies the blood with the elements that build up healthy tissue. It acts upon the lungs driving out all impurities and disease germs. It soothes the shattered nerves and they resume their normal function of imparting healthy activity to all the organs of the body. All Druggists sell it. Nothing else is "just as good."

"Dr. Pierre, I am one of your most exacted.

"Dr. Pierce, I am one of your most grateful patients," writes Mrs. Annie M. Norman, of Equinunk, Wayne Co., Pa. "I have taken "Golden Medical Discovery, also 'Favorite Prescription' and 'Pellets' with wonderful results. I am, as many of my friends tell me, like the dead brought to life. The doctors said I had consumption and death was only a matter of time. That was six years ago. I concluded to try your medicine. I continued until I had taken nine bottles of 'Discovery' and several bottles of 'Pellets'. I got well and have done a great deal of hard work since."

What more need be said of a book after.

deal of hard work since."

What more need be said of a book after the one statement: "680,000 copies sold at \$1.50 each?" That book was Dr. Pierce's Common Sense Medical Adviser. In that many homes it is known as the best medical book ever published in any language. Several chapters relate exclusively to diseases peculiar to women. There is now ready an enormous edition that is absolutely FREE. This edition is bound in heavy paper. Send twenty-one one-cent stamps to pay

Send twenty one one cent stamps to pay cost of mailing only. If fine French cloth binding is desired, send to cents extra (31
